

Cherwell District Council  
Safer Communities and Community Development  
Anti-social Behaviour Units Licensing Consultation Response.

**Licensing Act 2003: Application for Premises Licence**

**Premises: St James Nightclub, 47 Broad Street, Banbury, OXON. OX16 5BT**

**History:**

I can confirm that I have examined the records held within the Safer Community and Community Development department and can report that there have been no recent alleged complaints associated with these premises

**Recommendation:**

Although there have been no recent alleged complaints against these premises, it is felt that the following conditions should be recommended for this application.

**PN29** The premises shall have a written dispersal procedure designed to make the maximum contribution immediately before the premises close, and directly thereafter, by exercising pro-active measures, to move customers from the premises and the immediate vicinity in such a way as to cause minimum disturbance or nuisance to residential neighbours and to make the minimum impact upon the neighbourhood in relation to potential nuisance, antisocial behaviour, crime and disorder.

**PN40** After close of business a rubbish patrol should pick up any flyers or rubbish associated with smokers, which may have been left by customers in the immediate vicinity of the premises.

These conditions are to ensure minimum disturbance to the local residents that are in close proximity to the premises. If these recommendations are followed then I can confirm that Safer Communities & Community Development would not object to the licensable activities as set out in **Mr Jack Andreas Michael's** license application dated **3<sup>rd</sup> June 2008**
