Appendix 01 Tariffs v2

Note: This appendix was amended on 29 June 2022 and is different from that originally published with the papers for the Executive meeting on 4 July 2022. The changes to the original proposals are those underlined below. These changes are as a consequence of further discussions with Cherwell Taxi Association in late June. In consideration of the volatility of fuel prices and the rapid increase in prices in recent weeks, the proposed maximum tariffs are considered to better reflect the increased costs faced by licensed drivers and reduce the likelihood of a further review being required in the short-term.
