The Council notes that clarity on potential routes is due *but if any road route is likely to have serious environmental implications which is incompatible with the council's climate change emergency priorities then we'll seek to stay consistent with our Council's commitment to combating Climate Change.*

The Council therefore requests Officers to assess the implications for Cherwell and the Oxon 2050 Plan *with due consideration to our climate change emergency motion* and to provide recommendations for Members via Scrutiny and the Executive. In the meantime, the Council will maintain an open mind.
