### **Monthly Performance, Risk and Finance Monitoring Report – Quarter 2 / September 2020**

#### **Report of: Director of Finance, and Head of Insight and Corporate Programmes**

This report is public

#### **Purpose of report**

This report summarises the Council's Performance, Risk and Finance monitoring position as at the end of September 2020.

#### **1.0 Recommendations**

The meeting is recommended:

- 1.1 To note the monthly Performance, Risk and Finance Monitoring Report.

#### **2.0 Introduction**

- 2.1 The Council is committed to performance, risk and budget management and reviews progress against its corporate priorities on a monthly basis.
- 2.2 This report provides an update on progress made during September 2020 to deliver the Council's priorities through reporting on Performance, the Leadership Risk Register and providing an update on the financial position.
- 2.3 The Council's performance management framework sets out the key actions, projects and programmes of work that contribute to the delivery of the 2020-21 business plan and the priorities of the Council. These measures and key performance indicators are reported on a monthly basis to highlight progress, identify areas of good performance and actions that have been taken to address underperformance or delays.
- 2.4 As part of monthly reporting the Insight Team provides the Senior Management Team with a corporate complaints report, complaints received during the month are monitor and analysed. The mandatory lessons learned data have been implemented for more than a year now and we are starting to see a decrease in the number of upheld complaints. Lessons learned are reported to CEDR (Chief

Executive Direct Reports) and progress is monitored to ensure actions are implemented to avoid the same complaint being reported.

2.5 The Council maintains a Leadership Risk Register that is reviewed on a monthly basis. The latest available version of the risk register at the date this report is published is included in this report.

2.6 The Report details section is split into three parts:

- Performance Update
- Leadership Risk Register Update
- Finance Update

2.7 There is one appendix to this report:

- Appendix 1 - Leadership Risk Register

### 3.0 Report Details

3.1 The Council’s performance management framework sets out the key actions, projects and programmes of work that contribute to the delivery of the 2020-21 business plan (see Appendix 1) and the priorities of the Council.

3.2 The 2020-21 business plan set out four strategic priorities:

- Housing that meets your needs.
- Leading in environmental sustainability.
- An enterprising economy with strong and vibrant local centres.
- Healthy, resilient and engaged communities.

3.3 This report provides a summary of the Council’s performance in delivering against each strategic priority. To measure performance a ‘traffic light’ system is used. Where performance is on or ahead of target it is rated green, where performance is slightly behind the target it is rated amber. A red rating indicated performance is off target.

Colour	Symbol	Meaning for Business Plan Measures	Meaning for Key Performance Measures (KPIs)
<b>Red</b>		Significantly behind schedule	Worse than target by more than 10%.
<b>Amber</b>		Slightly behind schedule	Worse than target by up to 10%.
<b>Green</b>		Delivering to plan / Ahead of target	Delivering to target or ahead of it.

### **Priority: Housing that meets your needs**

3.4 The Council is committed to deliver affordable housing, raising the standard of rented housing and find new and innovative ways to prevent homelessness. Also, to promote innovative housing schemes, deliver the local plan and supporting the most vulnerable people in the District.

### **3.5 Overview of our performance against this strategic priority:**

**Number of Housing Standards interventions** is reporting Red for September and Amber for Year to Date (49 against a target of 55). Although the team's ability to carry out visits in response to service requests from tenants and other parties is increasing, the ability to carry out proactive and unannounced visits to properties is still significantly restricted by COVID-19 which is limiting the number of enforcement interventions they can deliver. The situation is expected to improve if COVID-19 restrictions ease.

**The number of residents placed into temporary accommodation** has reduced during September due to the work of the Housing Team to move on clients accommodated during the pandemic as quickly as possible. Since March lockdown, advice and accommodation has been provided to all rough sleepers; over 40 people placed have also been offered move-on accommodation. The team has given priority to homeless households, where appropriate, to secure settled accommodation via the Housing Register or Private Rented homes through the Cherwell Bond Scheme. Some people, 8 currently, are still reported as rough sleeping in Cherwell, the Outreach Team is working together with the Housing Options Team to verify individual circumstances, offering assessment and support to make suitable offers of accommodation.

**Maintain 5 Year Land Supply (Quarterly)** is reporting Red for September and Year to Date (4.40 against a target of 5). The 2019 Annual Monitoring Report (AMR) reports a dip below 5 years (to 4.4 years). However, confirmed housing delivery in 2019/20 (1,159) was higher than our annualised plan requirement (1,142) and the Government has provided the Oxfordshire authorities with a 3-year flexibility while the Oxfordshire Plan is produced.

**Net Additional Housing Completions (Quarterly)** is reporting Red for September and Year to Date (190 against a target of 285). Provisional quarterly net housing completions (Q2) are 190 (figures are verified at the end of the Financial Year). Year to date figure (Q1 & Q2) is 408. Delivery is lower than required due to the national working & economic conditions Housing projections are being reviewed for the December Annual Monitoring Report.

**Homelessness prevention** – The COVID-19 emergency has changed working practices and presentations seen by the Housing Options Team. More single people have approached the council in crisis, which has required a shift in the way we respond to emergency situations rather than upstream work to prevent homelessness. 85 clients have been assisted since the March lockdown started and the Government required local housing authorities to accommodate rough sleepers. Many clients have been helped to secure move-

on accommodation and the number of single clients in emergency accommodation has now reduced to 8 placements. The team has continued to provide advice and prevent homelessness wherever possible and the number of households with children approaching the council remains low. The stay on evictions until 21st September has helped with this.

**Deliver Innovative and Effective Housing Schemes** is reporting Amber for September and Year to Date. All 'Hope Close' completions were achieved in September. The handover of 14 units at Admiral Holland were achieved on 24th September, also, 7 rented houses were let by the end of September. The 'Bullmarsh Close' scheme started on site 28th September.

### **Priority: Leading in environmental sustainability**

3.6 The Council is committed to deliver on our commitment to be carbon neutral by 2030, to promote the Green Economy and increase recycling across the district. This priority includes the protection of our natural environment and our built heritage, working in partnership to improve air quality in the district and the reduction of environmental crime.

### 3.7 **Overview of our performance against this strategic priority:**

During September residents of north Oxfordshire, who are keen to keep their neighbourhood neat and tidy, were offered help to get involved in the **Keep Britain Tidy Great British September Clean** initiative. The event ran from 11<sup>th</sup> to 27<sup>th</sup> September and Cherwell District Council offered gloves, hi-viz jackets, litter pickers and rubbish

sacks to local people who wanted to be involved. Also, the council picked up the rubbish collected.

**Reduction of fuel consumption used by fleet** is reporting Red for September and Amber for Year to Date (39,878 against a target of 32,627). Tonnages collected are 13% higher than last year, with more vehicles being used. Extra rounds are being done due to the growth in the district, there are more commercial and bulky waste customers than last year meaning, more income for the Council, but also more fuel usage.

**Reduce Environmental Crime** - Interviews under caution are able to restart now at Bodicote House; a risk assessment has been put in place for this to be possible and the interview room is COVID-19 compliant.

**Protect the Built Heritage** is reporting Amber for September and Year to Date. The Team continues to Work on Conservation Area Appraisals (Bloxham and Grimsbury). A number of officer reports on completed Conservation Area Appraisals require finalisation. Heritage advice continues to be provided to inform Development Management decision making.

**The percentage of Waste Recycled & Composted** during September was 58.13% (against a target of 56%). During the first six months of the year 1,971 tonnes of

Recycling and 1,699 tonnes of Residual waste were collected. This is a 13.4% increase in waste and recycling collected. In a normal year we would expect to collect less than 1% extra in 12 months.

### **Priority: An enterprising economy with strong and vibrant local centres**

3.8 The Council is committed to support business retention and growth, developing skills and generating enterprise; also, securing infrastructure to support growth in the district and securing investment in our town centres. This priority also contributes towards making communities thrive and businesses grow promoting the district as a visitor destination, committing to work with businesses to ensure compliance and promote best practice.

### 3.9 **Overview of our performance against this strategic priority:**

**% of Council Tax collected, increase Council Tax Base** – Is reporting Green for September and Amber for Year to Date. The team have achieved a cumulative collection rate of 55.14% against a target of 57.00%. The shortfall equates to approximately £2m, which is lower than last month's shortfall, this is due to the commencement of reminder notices. The team has been issuing smaller batches of reminders, in accordance with guidance from the Magistrates Court; whilst the numbers issued are vastly reduced the reminders increased our in month collection by £300k. Summonses for these reminders will be issued in October.

**% of Business Rates collected, increasing NNDR Base** - Is reporting Green for September and Amber for Year to Date. We have achieved a collection rate of 56.44% as at end of September against a target of 58.50%. Whilst the collection rates are still slightly short of our cumulative target, the shortfall reduced from £2.4m last month to just under £1m this month. We issued summonses during September with court on early October. We will continue to monitor accounts with large overdue balances and will proactively chase debtors via email and telephone calls as well as issuing formal reminder notices, final notices and summonses to prompt payment.

Work continues to support the **Development Our Town Centres**, a review has been made on the impact of COVID-19 on the district's urban centres. Also, a study on Bicester Footfall has been undertaken to monitor the town centre vitality, and work continues with the Bicester Town Centre Task Force to develop projects which will help mitigate the impact of the pandemic.

The team continues to **Support Business Enterprise, Retention, Growth and to Promote Inward Investment**, providing support for the implementation of the COVID-19 Government grant schemes (Small Business Grant Fund; Retail, Hospitality and Leisure Grant Fund; and Discretionary Grant Fund) to local businesses, working in close liaison with colleagues at local authorities in Oxfordshire, with OxLEP and Government departments to ensure support to businesses during the COVID-19 pandemic.

## **Priority: Healthy, resilient and engaged communities**

3.10 The Council is committed to enable all residents to lead an active life, improving and developing the quality of local sports and leisure facilities, promoting health and wellbeing in our communities. Also, supporting community and cultural development; working with our partners to address the causes of health inequalities and deprivation, and to reduce crime and anti-social behaviour.

### **3.11 Overview of our performance against this strategic priority:**

As part of our efforts to **Improve Leisure & Communities Facilities**, works had commenced in relation to the feasibility studies for Leisure provision within the District linked to our Active Communities Strategy. Consultation has commenced with some stakeholders and two workshops were held in September with the consultants supporting on the project and Council Officers.

Following the success of **StreetTag in Cherwell**, funding has been secured to launch it across Oxfordshire and to promote a competition between schools to promote active travel to school. Street Tag is a family friendly initiative that rewards families and individuals for their physical activities such as walking, running, cycling,

among a host of other fitness activities. Street Tag brings people together to participate in outdoor physical activities, by turning streets into a giant virtual playground, and increasing their outdoor experiences. Extra points are offered to families by signing up with their FAST (Families Active Sporting Together) card number.

The 'Community Hubs Emergency Relief Grant' was launched with a budget of £70k, By the end of September £15k of funding has been awarded.

During September **the Community Safety team continued to deliver core community safety work in the district**, including contributing with the Police led "Operation Stronghold week", seeking to disrupt organised crime, Cherwell officers supported this week through late night operations around the NightTime Economy. Also, Community Safety and Licensing teams' members carried out evening visits to licensed premises to monitor compliance with COVID-19 control measures and guidance.

## Finance Update

- 3.16 The Council's forecast financial position up to the end of September shows a forecast underspend of £0.3m. This is made up of a £3.4m overspend related to Covid-19 costs (para 3.19), offset by a £3.7m underspend on business as usual costs (para 3.17).
- 3.17 Before taking into account funding held for Covid costs, the directorate revised budgets have forecast a net overspend of £0.8m. This is mainly driven by a £1.2m forecast overspend in Leisure. There is £1.2m budget available within the Executive Matters Budget to offset costs when they are incurred. Taking this into account, there is an overall underspend of £0.4m across the services.
- 3.18 The following assumptions have been made in assessing the costs of Covid-19 to the Council:
- Phased reopening of businesses from June to August
  - All businesses able to reopen from September
  - Full economic recovery does not happen before the end of financial year
  - Contract support to some service providers will continue until the end of October in line with Government guidance.
- 3.19 Applying these assumptions gives a forecast cost of Covid-19 of £6.5m for 2020/21. This is a combination of additional costs and loss of income arising from the impact of the Covid-19 pandemic on Council services. This is partially met by Covid-19 support grant funding of £1.8m and an estimated grant of £1.3m to partially meet income losses. This reduces the in-year Covid-19 pressure to £3.4m.
- 3.20 For more detail on the movements across all budgets please see Table 1 showing the main reasons for the variances in 2020/21.
- 3.21 CDC has identified options for how it will meet any funding shortfall that may remain for 2020/21 which were considered by the Executive on 20<sup>th</sup> August and approved by the Council on 7<sup>th</sup> September.
- 3.22 There are further risks to the forecasts for service delivery such as the possibility of a second period of lockdown, either nationally or locally, to respond to a second peak in Covid-19 cases. This scenario is difficult to model as this would impact different services to different degrees with some services forecasting higher costs in the recovery phase than the response phase.

## Communities

Communities predicts an overspend of £0.048m against a revised budget of £7.937m (0.6%).

---

Environmental Services	The £0.039m overspend is mainly due to pressures in employment costs due to sickness and the requirement of agency staff cover and salary review (£0.266m). Offsetting this is £0.138m reduction in transport and contractor costs relating to gate and transfer fees not being as high as expected and a reduction in tonnage of waste recycling/disposal costs. In addition, car park, vehicle repairs and street scene income is expected to be £0.114m higher. There is an expected increase in premises costs of £0.025m

Build Phase 1 is reporting unbudgeted spend of £0.109m. Build Phase 1b is forecasting to spend £1.361m in this financial year and reprofiling the remaining budget into 2021/22 to complete the programme. Build Phase 2 programme is forecasting to spend £0.674m in this financial year. However, as a result of certain schemes no longer progressing (Trades & Labour Club, Nizewell Head, Park Road and Wykham lane) a saving of £2.126m is now being forecast. The majority of the spend against the remaining programme will be reprofiled in to 2021/22. The agreed capital programme does overlap financial years. The Hill Community centre has a £0.229m underspend that is currently being investigated.
