Purpose of the report

The Officer Scheme of Delegation states that the Chief Executive may take an urgent decision in relation to a Council function (in consultation with the relevant member) if it is in the best interests of the Council and/or residents.

Summary

The Council is expecting to face extremely challenging conditions as Covid-19 takes effect. Cherwell District Council wants to be in the best possible position to take all necessary actions to support our residents, businesses and service users during this time.

In response to Covid-19 the Government has set out a package of temporary and targeted measures to provide additional support to businesses and to Council Tax payers.

In summary the following measures are being introduced:

- A 12-month business rates relief for all retail, hospitality and leisure businesses in England
- A 12-month business rates discount for childcare providers on Ofsted's Early Years Register
- Small business grant funding of £10,000 for all businesses in receipt of small business rate relief or rural rate relief
- Grant funding of up to £10,000 for retail, hospitality and leisure businesses with property with a rateable value of up to £15,000
- Grant funding of up to £25,000 for retail, hospitality and leisure businesses with a rateable value of between £15,000 and £51,000.
- Hardship Fund which will be used to provide help to Council Tax payers in the Cherwell area. The funding allocation for Cherwell District Council is £818,012. The government's expectation is that billing authorities will provide all recipients of working age Council Tax Reduction for 2020-2021 with a further reduction in their bill of £150. Where a taxpayer's liability for 2020-2021 is, following the application of Council Tax Reduction, less than £150 then their liability will be reduced to nil. Local authorities should then establish their own approach to using any remaining grant to assist those in need.
