Planning Committee

14 January 2021

Planning Enforcement Report

Report of Assistant Director - Planning and Development

This report is public

Purpose of Report

To update Members on current planning enforcement activity following the last report in October 2020.

1.0 Recommendation

The meeting is recommended:

- 1.1 To note the contents of the report.

2.0 Introduction

- 2.1 This report provides a quarterly overview of planning enforcement work and updates Members following the last report in October 2020.
- 2.2 It provides an update on enforcement cases where formal notices have been served.

3.0 Report Details

Active enforcement and monitoring cases

- 3.1 There are currently 334 active enforcement cases and 239 active development monitoring cases (compared to 333 and 245 respectively as last reported in October). At the time of writing, the Council has received a total of 68 new planning enforcement cases and 13 new monitoring cases since October 2020.
- 3.2 The number of open cases had been steadily reducing before the pandemic. During the early stages of the pandemic there was a rapid increase in the number of cases received and it was more challenging for enforcement investigations to progress. This situation has since stabilised but remains challenging as national and local circumstances change. Site visits / access

to sites continue to be less straight forward than would otherwise be the case and monthly case numbers remain relatively high.

Notices issued and prosecutions

- 3.3 It was previously reported that officers had resumed the issuing of formal enforcement notices after placing this on hold from March to July 2020. The new notices issued since the last report are detailed below.
- 3.4 A number of prosecutions are being pursued with dates set for February and March 2021. Updates on these prosecutions will be reported in the next quarterly update.
- 3.5 Since the last update, officers learnt of a very serious breach of planning control at Manor Park, Kidlington and have sought to pursue an injunction. Further detail is provided below.

Updates on significant ongoing cases

- 3.6 A brief history, and actions to date, on cases that are 'public' and of significant Member interest are set out below. Ward Members are now routinely advised when an enforcement notice is issued within their area. The tables provide the position on notices issued before 2020, for January to March 2020, for March to October 2020, and for October 2020 to January 2021. The tables only show outstanding enforcement cases where formal action has been taken and cases remain unresolved. However, recently resolved cases are included shown to show progress and outcomes. Live enforcement investigations (without formal notices) are not reported upon.

Pre-2020 Notices

Ref Number	Address	Type of Notice	Date Served	Breach	Commentary
17/00201/ PROS	Field Farm, Stratton Audley Road, Stoke Lyne	EN	24/05/16	Eco-Pod, structures and hard standing	Owners have now largely complied with enforcement notice, and have applied for planning permission to regularise a track that remains to support an ongoing agricultural use at the site. Next hearing scheduled for 5 February 2021.

Ref Number	Address	Type of Notice	Date Served	Breach	Commentary

EN – Enforcement Notice

BCN – Breach of Condition Notice

Injunction at Manor Park, Kidlington

- 3.7 At the beginning of October, officers were made aware that a licenced and permitted Gypsy and Traveller site known as ‘Manor Park’ was not being used for its authorised use. The site has planning permission to be used as a Gypsy and Traveller site for no more than 11 pitches, each pitch consisting of 1 mobile home, one touring caravan and one utility day room. The site is strictly for the use of those from the Gypsy and Traveller community. The site lies within the Oxford Green Belt where there is a presumption against development unless very special circumstances apply.
- 3.8 Officers visited the site and found the site to have almost 50 mobile homes being advertised for rent on the open market. Authority was given to pursue immediate enforcement action to resolve this issue and prevent serious and irreversible harm being caused. The Council sought to obtain an injunction to prevent any further mobile homes being brought onto the site and to prevent any further occupation of those mobile homes that were on the site but not yet occupied.
- 3.9 On 14 October the first hearing was held virtually and an interim injunction was granted by the judge in the High Court, Birmingham. The owners were not given notice of the proceedings due to the speed at which injunction was needed. Papers were then served at the site, including a date for a further hearing on 28 October 2020.

- 3.10 Defendants did not attend court on 28 October and the Judge granted a further interim order preventing any further occupation of vacant mobile homes and further mobile homes being brought onto the site. Papers were again served on defendants at the site with a new Order and new court date of 8 December.
- 3.11 On 8 December, officers again attended Court in order to seek a final injunction to secure that all but the authorised mobile homes on the site to be removed and for the site to be vacated by non-members of the Gypsy and Traveller community. Two of the defendants attended to plead their case. The Judge was not satisfied that a final injunction could be granted as all defendants had not attended and mitigation was put forward by the defendants that did attend. A further interim injunction was granted, however this added a requirement for all additional electrical hook-up pipes and all vacant mobile homes to be fully disconnected on the site.
- 3.12 The further hearing is now scheduled for 4 March 2021, where it is hoped a final injunction will be granted. An update for Committee will be provided in the next quarterly update.
- 3.13 During the latest visit to the site, when the latest interim injunction papers were served, it was observed that some of the vacant mobile homes were being removed from the site.
- 3.14 A planning application has now been submitted (currently invalid) for the change of use of the land to a 50 unit mobile home park.
- 3.15 This has been a challenging and time-consuming piece of work by the Planning Enforcement team but provides illustration that the Council is prepared to take swift action where required in dealing with serious breaches of planning control.

4.0 Conclusions and Reasons for Recommendations

- 4.1 The report provides a summary of the latest planning enforcement position which Members are invited to note.

5.0 Consultation

- 5.1 None

6.0 Alternative Options and Reasons for Rejection

- 6.1 None. The report is presented for information.

7.0 Implications

Financial and Resource Implications

- 7.1 There are no financial implications arising from this report. The report is for information only. The cost of planning enforcement is met from existing budgets other than in extraordinary circumstances.

8.0 Decision Information

Key Decision:

Financial Threshold Met	No
Community Impact Threshold Met	No

Wards Affected

All

Links to Corporate Plan and Policy Framework

Planning enforcement activity assists in meeting the strategic priorities from the Business Plan 2020/21:

- Housing that meets your needs
- Leading on environmental sustainability
- An enterprising economy with strong and vibrant local centres
- Healthy, resilient and engaged communities
