Addendum to Item 12 - Overview and Scrutiny Annual Report 2024/25

The Overview and Scrutiny Committee considered the draft Annual Report at their meeting on 15 July. The following corrections and clarifications were suggested and agreed (all amendments and references are to the appendix to the report):

Overview and Scrutiny Committee Annual Report: paragraph 2.35

Final part of the final sentence ‘...and if achieved would then result in lower energy costs involved in heating said developments’

amended to read

‘would then result in *helping to reduce the cost of living*’

Overview and Scrutiny Committee Annual Report: paragraph 2.46

Second line ‘...to want extent...’ amended to read ‘...to *what* extent...’

Overview and Scrutiny Committee Annual Report: paragraph 3.14

Final sentence ‘This included reducing the District Council’s own greenhouse gas emissions, as well as reducing the area of the districts greenhouse gas emissions as a whole’

amended to read

‘This included reducing the greenhouse gas emissions *of both the District Council, and the geographical district* as a whole’

- Government Review of Local Authority Funding

Cherwell Affordable Housing Emergency Motion as submitted:

Motion Proposer: Councillor Dr Isabel Creed

Motion Secunder: TBC

“The Office for National Statistics data suggests that the average house price in Cherwell is £362,000 in December 2024, a 9% rise in cost since December 2023.

The cost of housing means that for many young people the costs are too high to realistically get on the housing ladder. Rents in the District are also extremely high,

in December 2024 the average cost was £1215 up from £1121 in December 2023, making even renting in the district unaffordable for many residents

Cherwell District Council has an ever-increasing housing waiting list, which has increased by 10% in the last year alone. The waiting times are significant ranging from 243 days for 1-bedroom properties to 991 days for 4-bedroom properties, leaving many families waiting up to several years for appropriate accommodation.

In the last financial year alone, the council has spent £332,800 on housing residents in temporary accommodation. The need for housing in Cherwell is greater than ever.

This Council resolves that Cherwell District Council declares it has an affordable housing emergency and recognizes that the only way forward is to focus on housing delivery.”

Cherwell Affordable Housing Emergency Motion with friendly amendment agreed by proposer of amendment:

Proposer of Amendment: Councillor Lesley McLean

Seconder of Amendment: Councillor David Hingley

CLEAN VERSION OF MOTION WITH PROPOSED AMENDMENTS

"Office for National Statistics data suggests that the average house price in Cherwell was £362,000 in December 2024, a 9% rise in cost since December 2023.

The cost of housing means that for many young people the costs are too high to realistically get on the housing ladder. Rents in the District are also extremely high. In December 2024 the average cost was £1215 up from £1121 in December 2023, making renting in the district unaffordable for many working families.

Meanwhile, Cherwell District Council has an ever-increasing social housing waiting list, which has increased by 10% in the last year alone.

These waiting times are significant ranging from 243 days for 1-bedroom properties to 991 days for 4-bedroom properties, leaving some families obliged to wait several years for appropriate accommodation. In the last financial year alone, the council spent £332,800 on housing residents in temporary accommodation.

The need for certain housing in Cherwell, notably those appropriate for working families, is greater than ever. Yet, national housing policy has tended to prioritise the construction of more expensive 'executive' homes which, in certain of our villages, are no longer welcomed by many residents, who are mindful of the need to house local working families instead.

This Council recognises that Cherwell District Council, like many other districts, faces a shortage of affordable housing for local working families. It resolves that the only way forward is to focus on appropriate housing delivery, mindful also of local communities' democratic involvement in effective plan-making."
