Information about this Agenda

Apologies for Absence

Apologies for absence should be notified to democracy@cherwell-dc.gov.uk or (01295) 221589 prior to the start of the meeting.

Declarations of Interest

Members are asked to declare interests at item 2 on the agenda or if arriving after the start of the meeting, at the start of the relevant agenda item. The definition of personal and prejudicial interests is set out in the constitution. The Democratic Support Officer will have a copy available for inspection at all meetings.

Personal Interest: Members must declare the interest but may stay in the room, debate and vote on the issue.

Prejudicial Interest: Member must withdraw from the meeting room and should inform the Chairman accordingly.

With the exception of the some very specific circumstances, a Member with a personal interest also has a prejudicial interest if it is one which a Member of the public with knowledge of the relevant facts would reasonably regard as so significant that it is likely to prejudice the Member's judgement of the public interest.

Local Government and Finance Act 1992 – Budget Setting, Contracts & Supplementary Estimates

Members are reminded that any member who is two months in arrears with Council Tax must declare the fact and may speak but not vote on any decision which involves budget setting, extending or agreeing contracts or incurring expenditure not provided for in the agreed budget for a given year and could affect calculations on the level of Council Tax.

4 **Minutes**

The Minutes of the meetings held on 16 February 2010 and 19 May 2010 were agreed as a correct record and signed by the Chairman.

5 **Disabled Facilities Grants ~ Briefing**

The Chairman welcomed the Head of Housing Services and the Housing Grants Team Leader to the meeting.

The Chairman explained that this was an opportunity for the Board to learn more about Disabled Facilities Grants (DFGs) which had been considered by one of the budget scrutiny working groups as part of the 2010/11 budget scrutiny process. The topic has also been raised by Board Members as a potential topic for scrutiny in 2010/11. Following the discussion the Board would reflect on the evidence presented and if there were any issues that they wished to explore further, these should be added to the 2010/11 Work Programme.

The Head of Housing Services began by explaining that Disabled Facilities Grants are mandatory and as the housing authority Cherwell District Council has to meet its statutory duty to respond. The delivery of DFGs is also enshrined in the Council's priorities, including the Sustainable Communities Strategy, the Cherwell Housing Strategy 2005-11 and the Private Sector Housing Strategy which was adopted in March 2010. The Head of Housing Services highlighted that to address one of the Strategy's four priorities 'Support vulnerable people so that they can remain living in their own homes, and improve their health outcomes' a number of actions linked to DFGs had been developed. These included the need for a DFG policy to address prioritisation and allocation of resources and the development of practices and procedures to improve the efficiency and value for money for the DFG service.

The Housing Grants Team Leader advised the Board that applications were processed as they were received from the Oxfordshire County Council Occupational Therapists. The government's test of "fairness" applied to the assessment of need which is the responsibility of the Occupational Therapists and not a matter for the Housing team. Cherwell District Council cannot select or reject applications. All applications are capped at £30K and all are means tested except for disabled children under 19 years.

In terms of funding, the Board was advised that the DFG budget for 2010-11 was set at £950k. This was made up of a fixed £375k Government grant and £575k capital programme funding. It was not yet clear what, if any, impact the new Government's proposed cuts to public spending would have on DFGs.

The Housing Grants Team Leader explained that the Housing team were working with the Housing Association to explore ways for Registered Social Landlords (RSLs) to fund adaptations. At present only Charter had an obligation (under the terms of the stock transfer) to fund DFG related work and the current spend was about £350K each year. Historically this has not been the case with Banbury Homes, however, now that Charter and Banbury Homes have merged there will need to be a more equitable approach to meet the needs of the ex Charter and ex Banbury Homes residents.

The Board was advised that a significant volume of very small scale adaption work was undertaken by the Small Repairs Handyman. This was a very successful scheme that Cherwell District Council had been operating for a couple of years. Funding came from other grants and the work was not included in the DFG figures. Other local authorities were now replicating this scheme.

In response to questions from the Board, the Housing Grants Team Leader explained that Cherwell District Council was entirely reliant on Oxfordshire County Council for referrals. Therefore any delays at the County would affect Cherwell's ability to allocate and carry out work. The Head of Housing Services advised the Board that Cherwell was working with partners to improve the service to disabled people. Work was underway on a new joint strategy, the County Physical Disabilities Strategy, which will provide an opportunity for Cherwell, the County and the other Districts to contribute to shared objectives. It is anticipated that a draft will be ready in September 2010 for consultation with all stakeholders.

The Board commented that the development of both the "County Physical Disabilities Strategy" and Cherwell District Council's "Disabled Facilities Grants Policy" would contribute to an improved service. The Board agreed that they would nominate Members to meet with Housing Services Officers to consider aspects of the Disabled Facilities Grants Policy and that the Head of Housing Services be invited to a future meeting to present a draft version of the policy.

The Chairman thanked the Head of Housing Services and the Housing Grants Team Leader for attending the meeting and the detailed information provided. The Board thanked and commended the Housing Services staff for their hard work for the delivery of Disabled Facilities Grants which supported and assisted vulnerable members of the community.

Resolved

- (1) That Councillors Steward, Billington, Cullip and Ahmed be nominated to meet with Housing Services staff to consider aspects of Cherwell District Council's Disabled Facilities Grants Policy.
- (2) That the Head of Housing Services be invited to attend a future meeting of the Board to present a draft version of the Disabled Facilities Grants Policy.

6

Draft Overview and Scrutiny Annual Report 2009/10

The Board considered the Draft Overview and Scrutiny Annual Report 2009/10. The draft Annual Report contained information relating to the work of the Overview and Scrutiny Committee, the Resources and Performance Scrutiny Board and various Task and Finish Group reviews.

The Board noted that the production of an annual report was a constitutional requirement and that the Overview and Scrutiny Committee would consider the report at its meeting on 22 June 2010 and refer it to Council in July 2010.

Resolved

That the contents of the draft Overview and Scrutiny Board Annual Report 2009/10 be noted.

7

Appointment of Working Group Members

The Chairman welcomed Councillors Atkinson, Emptage, Hughes and Prestidge as new members of the Board.

The Board considered a report which set out proposals for the membership of the Finance Scrutiny Working Group and the Performance Scrutiny Working Group for 2010/11.

The Chairman advised the Board that following changes to the membership of the Resources and Performance Scrutiny Board there were currently two vacancies on both the Finance Scrutiny Working Group and the Performance Scrutiny Working Group. Members of the Board confirmed that they were happy to remain on the same working group for the coming year and agreed that the three new Board Members would fill the vacancies on the Working Groups.

Resolved

- 1) That the following Councillors be appointed to the Finance Scrutiny Working Group for 2010/11: Councillor Mawer (Chairman), Councillor Hughes (Vice-Chairman), Councillor Atkinson, Councillor Emptage, Councillor Tompson, Councillor Webb, Councillor Weir.
- 2) That the following Councillors be appointed to the Performance Scrutiny Working Group for 2010/2011: Councillor Hughes (Chairman), Councillor Mawer (Vice-Chairman), Councillor Ahmed, Councillor Billington, Councillor Cullip, Councillor Prestidge, Councillor Steward.

8

Draft Overview and Scrutiny Work Programme 2010/11

The Board considered the report on the draft overview and scrutiny work programme 2010/11 and made a number of observations. The Board acknowledged the need to take account of potential resource constraints and the boundaries of the District Council's responsibilities when determining the work programme. They noted that it was important to ensure that any scrutiny review would deliver tangible results for the benefit of the residents of the district.

Update to Work Programme Items 2009/10

The Board noted the update to the work programme items 2009/10 including the status of previous scrutiny reviews and proposed timescales for further updates and progress reports. The Board noted that Councillors Steward and Weir had previously been nominated to participate in the fees and charges review group. Members requested further information from Officers about the group to enable them to appoint a further participant at the July meeting.

Work Programme Items for 2010/11

Members of the Board had suggested a number of topics for inclusion on the 2010/11 work programme.

Disabled Facilities Grants

This had been considered at agenda item 5.

The Cost and Length of Planning Appeals

The Board noted that the Performance Scrutiny Working Group had previously raised this item when considering the quarterly Performance Management Framework data. Members requested the Scrutiny Officer to liaise with planning officers and the performance team to provide an update to the Performance Scrutiny Working Group at their next meeting.

The cost of Cherwell District Council employing external consultants

The Board agreed that this was an interesting issue and would they would consider it in more detail later in the year.

Resolved

- (1) That the Resources and Performance Scrutiny Board element of the draft Overview and Scrutiny Work Programme 2010/11 be noted.
- (2) That the update on items carried forward from the 2009/10 overview and scrutiny work programme be noted.
- (3) That Councillors Steward and Weir be nominated to participate in the fees and charges policy review group and that a further Member be nominated at the Board's July 2010 meeting.
- (4) That the items suggested for inclusion on the 2010/11 Work Programme be noted.

The meeting ended at 8.45 pm

Resources & Performance Scrutiny Board

Report on the Council's Contract Management Procedures, Policies and Strategy

Tuesday 20 July 2010

Report of Head of Finance

PURPOSE OF REPORT

To explain the current contract management procedures in place across the Council and provide four upcoming tenders from which the Resources & Performance Scrutiny Board can choose one upon which to focus on over the coming year.

This report is public

Recommendations

The meeting is recommended to consider:

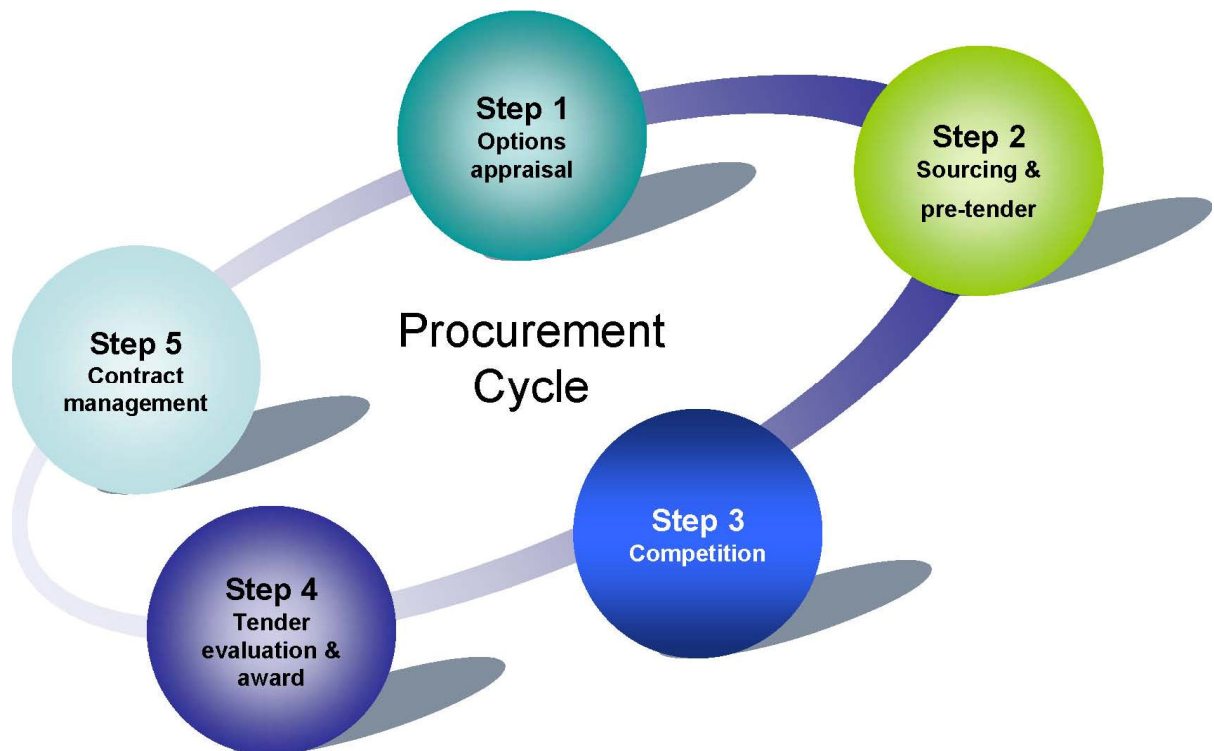

- (1) The current contract management procedures in place;
- (2) Choosing one of the four upcoming tenders put forward upon which the Board can focus on over the coming year.

Details

Introduction

- 1.1 The Council has exploited the benefits of contemporary procurement practice by investing in the formation of a Corporate Procurement Team in 2008 that operates under an innovative “invest to save” initiative, with annual targets ensuring the operation is both “self funding” and providing additional returns.
- 1.2 Procurement has a very strong link with finance, contract management, compliance and efficiencies and so the Council positioned the Corporate Procurement Team within finance under the direction of the Head of Finance.
- 1.3 The Corporate Procurement Team have been increasingly successful in driving home the point that procurement is the cradle to grave, whole lifetime

process of acquiring goods, services and works for the Council and (as per the diagram below) that contract management is a vital part of the procurement process and as much a key to the success of a project as the letting of the contract itself.

- 1.4 However, in spite of successes in the adopting of robust contract management procedures in areas such as the supply of agency staff, vehicle spare parts, the provision of the Banbury Health Centre and the outsourcing of the Council's internal audit services, similar to the vast majority of local authorities, contract management continues to be an area that requires development. In recognition of this need one of the ten key action points for the 2010/11 Corporate Procurement Action Plan is the clarification and improvement of the Council's contract management function.
- 1.5 This brief report aims to outline from a corporate procurement aspect where we are and provide four contracts from which the Resources and Performance Scrutiny Board can choose one (or more if the Board so desires) upon which to focus over the coming year.

Where we are now

- 1.6 For all projects where procurement are involved contract management is included in the stakeholder questionnaire, used at project inception meetings, to emphasize the importance of considering performance management within the tendering process, within the specification, the terms & conditions and the bidder's response document.
- 1.7 Contract management activities can be broadly grouped into three areas.
- *Service delivery management* ensures that the service is being delivered as agreed, to the required level of performance and quality.

- *Relationship management* keeps the relationship between the two parties open and constructive, aiming to resolve or ease tensions and identify problems early.

- *Contract administration* handles the formal governance of the contract and changes to the contract documentation.

All three areas must be managed successfully if the arrangement is to be a success.

- 1.8 Contract management procedures across different contracts vary depending up the needs of the service and by whom the contracts have been set up. There are a lot of very good contract management procedures and performance mechanisms in place across service areas, but to date there has not been a corporate approach or consultation to ensure onward going best practice and a culture of lessons learnt.
- 1.9 Moving forward the Procurement team together with the Assured Services Manager are undertaking a consultation exercise with the objective of putting forward a corporate plan and accompanying quick reference manual to help further develop contract management across the Council.

Tenders on which to focus

- 1.10 The following contracts are suggestions – copy of current contracts register attached for view of all contracts currently declared to procurement with a lifetime value of £10,000 and above:
- Bodicote Old House Refurbishment – procurement process just under way.
 - Buildings Maintenance – there are no formal contracts in place, as work is currently quoted for on an individual basis. This new tender – scheduled to be in place for 31st March 2011 will commence with a combined market engagement and supplier development workshop – aiming for early September 2010.
 - Supply of Tyres for Vehicle Fleet – the re-tender date has been extended while an additional options appraisal is undertaken with the aim of having the contract in place for 1st January 2011.
 - Landscape Maintenance – the new contract isn't due to be in place until 1st April 2012 but due to complexity of working with other parties the process is due to start in earnest in December 2010.

Proposals

- 2.1 The Procurement Manager's recommendation is that the Resources & Performance Scrutiny Board focus on the new Buildings Maintenance contract as they will be able to see how the process – including options appraisal – is undertaken from start to finish with the final focus on contract management.

Conclusion

- 3.1 Contract Management is an area ripe for development and forms one of the key milestones of the contract process. Additional savings in respect of Council staff resources, streamlining of process, more efficient delivery of the service and reduced expenditure over the lifetime of the contract can be achieved if contract management is included in the options appraisal stage and carried through to contract management fulfilment.

Implications

Financial:	<p>Financial Effects: There are no adverse financial effects on the Council by implementing the Corporate Procurement Strategy and Action plan 2010/11 and the accompanying contract management procedures.</p> <p>Comments to be checked by Karen Curtin, Head of Finance, 01295 221551.</p>
Legal:	<p>Legal work very closely with procurement to ensure that our processes are compliant and not open to challenge and the Action Plan is compliant with the recently revised Contract Procedure Rules.</p> <p>Comments to be checked by Liz Howlett, Head of Legal and Democratic Services/Monitoring Officer 01295 221686</p>
Risk Management:	<p>If the Council fails to continue to support the implementation of the programme of activities in respect of procurement, there is a risk efficiency savings will not be achieved. A number of the actions relate to developing good practice for the commissioning of goods and services, by implementing sophisticated procurement practices as well as using market intelligence the Council will be able to fully demonstrate it has strategies in place to consistently secure value for money.</p> <p>Comments to be checked by Karen Curtin, Head of Finance, 01295 221551.</p>

Resources & Performance Scrutiny Board

Overview and Scrutiny Work Programme 2010/11

20 July 2010

Report of Head of Legal and Democratic Services

PURPOSE OF REPORT

To update the Board on the Overview and Scrutiny Work Programme 2010/11.

This report is public

Recommendations

The Resources and Performance Scrutiny Board is recommended to:

- (1) Note the current Resources and Performance Scrutiny Board element of the work programme for 2010/11 as set out at Appendix 1.
- (2) Note the agenda items for the 7 September 2010 meeting of the Resources and Performance Scrutiny Board.
- (3) Note the update on the Finance Scrutiny Working Group and Performance Scrutiny Working Group meetings.

Details

1 Overview and Scrutiny Work Programme 2010/11

- 1.1 Appendix 1 sets out the existing work programme for both the Overview and Scrutiny Committee and the Resources and Performance Scrutiny Board, as agreed at the committee meetings in June 2010.

2 Resources and Performance Scrutiny Board Meeting of 7 September 2010

Partnerships: Cherwell Safer Communities Partnership

- 2.1 At the June 2009 meeting of the Resources and Performance Scrutiny Board, Members agreed that the Cherwell Safer Communities Partnership would be an appropriate subject for partnership scrutiny for the last quarter 2009/10.
- 2.2 The scrutiny review was intended to link in with a value for money review of the Partnership. The Board was advised that value for money review had been delayed and agreed in February 2010 to roll the item forward to the 2010/11 work programme.
- 2.3 The Board will wish to note that the Chairman of the Cherwell Safer Communities Partnership (Mary Harpley), the Cherwell Local Police Area (LPA) Commander (Superintendent Howard Stone) and the Head of Safer Communities, Urban and Rural Services to brief Members on the Cherwell Safer Communities Partnership. This will also be an opportunity for the Board to consider the approach to a scrutiny review of the Cherwell Safer Communities Partnership.

Budget Scrutiny 2010/11

- 2.4 The Head of Finance will be present at the meeting on 7 September and together with the Chairman will facilitate a discussion about the approach and schedule for budget scrutiny for 2011/12.

Partnerships: Oxfordshire Rural Community Partnership

- 2.5 In 2009/10 the Board scrutinised the Council's partnership with Oxfordshire Rural Community Council. All of the Board's recommendations were accepted by the Executive in April 2010. A report updating Members on progress against the recommendations will be submitted to the Board's September meeting.

3 Finance Scrutiny Working Group and Performance Scrutiny Working Group ~ Update

Finance Scrutiny Working Group

- 3.1 The Finance Scrutiny Working Group met on 12 July to consider the latest financial indicators, the 2009/10 revenue outturn and carry forward items and Capital outturn and detail and the end of project appraisal for the sports centre modernisation project.
- 3.2 Members of the Group will advise the Board of any issues that arose from the meeting that the Board should consider.

Performance Scrutiny Working Group

- 3.3 The Performance Scrutiny Working Group meeting scheduled for 29 June 2010 was postponed. The meeting will be rescheduled for the end of July to enable Members to meet with Officers from Planning and the

Improvement teams to consider the draft Value for Money report for Development Control.

4 Future Meetings Schedule

Resources & Performance Scrutiny Board	7 September 2010, 7.00pm 12 October 2010, 7.00pm 7 December 2010, 7.00pm 11 January 2011, 7.00pm 1 March 2011, 7.00pm

Implications

- Financial:** There are no financial implications arising directly from this report. The report of the individual scrutiny reviews will address any specific financial issues.
Comments checked by Denise Westlake, Service Accountant, 01295 221982
- Legal:** There are no legal implications arising directly from this report. The report of the individual scrutiny reviews will address any specific financial issues.
Comments checked by Paul Manning, Solicitor, 01295 221691
- Risk Management:** If too many items are included on the work programme there is a risk that scrutiny agendas become overloaded. This undermines effective scrutiny because Members are unable to concentrate on the key issues and officer resources are over-

stretched. It may be necessary to hold further meetings during the year if the risk of not achieving the work programme becomes apparent. The report of the individual scrutiny reviews will address any specific risk issues.

Comments checked by Rosemary Watts, Risk Management & Insurance Officer 01295 221566
