3	Executive Summary, p. ix & p. x	Building Sustainable Communities	<p>Varying views about the level and location of development proposed across the District and the allocation of sites.</p> <p>The SA should have considered the potential for development in the Green Belt.</p> <p>The Local Plan does not meet Oxford's needs.</p> <p>Questions the need to increase delivery of housing in Banbury to 7319 homes</p> <p>The 2014 SHMA has not been subject to scrutiny and consultation. Its findings have already been called into question by CPRE, who consider that it is based on a deeply flawed methodology. The Plan should revert to the growth rate proposed in the submitted Plan.</p> <p>All Modifications relating to the 2014 SHMA should be deleted</p> <p>Proposals to identify and allocate Former RAF Upper Heyford and adjoining land as a strategic site for a new settlement in the rural</p>	No further modification recommended.																	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			<p>areas are welcomed.</p> <p>General support for meeting the objectively assessed needs of the District & for continuing with existing distribution strategy.</p> <p>The evidence from the SHMA on Oxford's housing needs has not been taken forward. It is expected that the Council will need to accommodate some of Oxford's unmet housing needs. New sites must be found, such as land at Bicester, Deddington and Bloxham. Reference should be included in the Executive Summary for a review in order to meet Oxford's needs.</p> <p>The proposed distribution of housing does not take into account the reasonable alternative of new housing development in the Green Belt, other than a limited potential review around Kidlington.</p> <p>Support for the principle of the increase in new homes at North West Bicester from 5,000 – 6,000. But the upper limit is arbitrary and the site is capable of delivering a greater number of homes.</p> <p>There should be no restriction on the amount of housing that can come forward during the Local Plan period at NW Bicester. The delivery of homes at North West Bicester Eco Town (Bicester 1) should be the subject of a Phasing and Implementation Brief.</p>		

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
4	Executive Summary p. x	Table 3	Varying views about the level and location of development proposed across the District and the allocation of sites.	No further modification recommended.	
5	Executive Summary, p. x	Banbury and Bicester	Varying views about the level and location of development proposed across the District and the allocation of sites.	No further modification recommended.	
6	Executive Summary p. x, p.xi	Table 4	Varying views about the level and location of development proposed across the District and the allocation of sites. Concerns from Stagecoach about the provision of bus services.	No further modification recommended.	
7	Executive Summary p. xi	The Villages and Rural Areas	Varying views about the level and location of development proposed across the District and the allocation of sites.	No further modification recommended.	
8	Executive Summary p. xi	The Villages and Rural Areas	Varying views about the level and location of development proposed across the District and the allocation of sites.	No further modification recommended.	
9	Executive Summary p. xi	The Villages and Rural Areas	Views on the categorisation of some villages Varying views about the level and location of development proposed across the District and the allocation of sites.	Policy Villages 1 identifies the most sustainable villages (Category A) <u>and their 'satellite' villages (Category B) in the District</u> where minor development within built-up limits will, in principle, be supported (typically sites of less than 10 dwellings). <u>Development within less sustainable villages (Category C) -it distinguishes these villages from those (in Category B) where development</u> will be restricted to infilling and conversions. The Housing Trajectory in Section E provides of small site 'windfall' allowance for such proposals. Policy Villages 2 provides for a further 750 homes to be provided at the <u>most sustainable</u> Category A villages. This will principally involve the identification of sites of 10 or more dwellings within or outside the built-up limits of those villages. This is in addition to sites already approved across the rural areas as shown in the Housing Trajectory. Sites will be identified in a Local Plan	Correction and clarification

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
				Part 2, through the preparation of Neighbourhood Plans and through the determination of applications for planning permission. The policy is supported by the latest Strategic Housing Land Availability Assessment (SHLAA).

22	41	Policies for Development in Cherwell: Theme One: Policies for Developing a Sustainable Local Economy: Policy SLE 2 B.55	Welcome deletion of reference to Bicester Village Outlet Shopping Centre ("BV") and subsequent recognition that BV performs a different role to the other centres listed in paragraph B.55.	No further modification recommended.	
23	41	Policies for Development in Cherwell: Theme One: Policies for Developing a Sustainable Local Economy: Policy SLE 2 New para B.55a	The need to restrict development at Bicester Village in order to protect the town centre.	In addition to the more traditional retail parks, food stores and local centres, Bicester Village Outlet centre shopping centre is recognised as providing a specialist role which complements the town centre. As the District's most visited tourist destination, Bicester Village serves both national and international catchments and makes a significant contribution to the local economy. The Council supports the expansion of Bicester v village <u>to complement, and help improve connectivity with, the existing town centre.</u>	Clarification in response to representaions.
24	42	Policies for Development in Cherwell: Theme One: Policies for Developing a Sustainable Local Economy: Policy SLE 2 Policy SLE 2: Securing Dynamic Town Centres	No representation received	...The Council will require an impact assessment if the proposal is over 2000 sq. metres <u>(gross)</u> in Banbury, 1500sq metres <u>(gross)</u> in Bicester and 350 sq. metres <u>(gross)</u> elsewhere. Evidence in the Council's Retail Study will also be considered in determining applications if information is not provided by the applicant which is considered to supersede this evidence. Proposals should comply with Policy ESD16.	Clarification

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
25	44	<p>Policies for Development in Cherwell: Theme One: Policies for Developing a Sustainable Local Economy: Policy SLE 4</p> <p>New paragraph B.68a</p>	<p>Developer contributions should be used for a south east link road at Banbury. Potential need for a link road Policy SLE4 should cater for Upper Heyford as well as Banbury Bicester in terms of providing for developer contributions.</p> <p>Minor Policy wording changes suggested.</p>	<p>New development <u>in the District at Banbury/Bicester</u> will be required to provide financial and/or in-kind contributions to mitigate the transport impacts of development. This will support delivery of the infrastructure and services needed to facilitate travel by sustainable modes in and around the town whilst also enabling improvements to be made to the local and strategic road and rail networks.</p> <p>“..... This will include the <u>South West</u> Bicester Perimeter Road (Vendee Drive, already completed) and new strategic highway improvements including , potentially, on peripheral routes in Bicester, <u>a possible new relief road to the south east and east of Bicester,</u> improvements to Windsor Street in Banbury, <u>works</u> to the A34 south from Bicester, <u>and</u> improvements to Motorway Junctions 9 and 10 of the M40 of which Junction 9 is programmed for early delivery. There will also be improvements to the Windsor Street/Upper Cherwell Street Corridor <u>in Banbury, to Hennef Way junctions, and to the Bridge Street/Cherwell Street junction in Banbury.</u> <u>The potential for a link road on the eastern side of the M40, to mitigate the impact of traffic on the approach to Junction 11 along Hennef Way, will be explored with the County Council and Highways Agency.</u> These improvements will collectively enable additional development capacity to be provided within the two towns....”</p>	<p>Clarifications and in response to on-going liaison with, and representation from, Oxfordshire County Council</p>
26	45	<p>Policies for Development in Cherwell: Theme One: Policies for Developing a Sustainable Local Economy: Policy SLE 4</p>	<p>No representation received</p>	<p>No further modification recommended.</p>	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
		B.72			
27	46	<p>Policies for Development in Cherwell: Theme One: Policies for Developing a Sustainable Local Economy: Policy SLE 4</p> <p>SLE 4: Improved Transport Connections</p>	<p>There should be more emphasis on walking and cycling links.</p> <p>Revised wording suggested.</p> <p>Developer contributions required fro transport schemes</p>	<p>...We will support key transport proposals including:</p> <ul style="list-style-type: none"> Transport Improvements at Banbury and Bicester in accordance with the County Council's Local Transport Plan and Movement Studies Strategies. 	Clarification in response to representation from Oxfordshire County Council
28	49	<p>Theme Two: Policies for Building Sustainable communities: Policy BSC 1</p> <p>B.89a</p>	<p>Level of growth is unrealistic. Will adversely affect the community, environment and countryside.</p> <p>The housing need is overstated and the SHMA is flawed and has not been independently reviewed. The economic growth levels are unrealistic. Lower figures should be reinstated.</p> <p>Infrastructure, services and facilities will struggle to cope.</p> <p>Some support for the housing figures and strategy and for more housing development in the rural areas.</p> <p>Some calls for higher housing figures to meet wider Oxfordshire needs particularly those of</p>	<p>The Council is committed to meeting housing needs and accelerating delivery. Cherwell's housing needs are identified in the Oxfordshire Strategic Housing Market Assessment (SHMA) 2014. The SHMA identifies a need for 1,140 dwellings per annum equating to 22,800 dwellings from 2011 to 2031. The SHMA analysis includes an assessment of housing need based on demographic trends having regard to past shortfalls in housing delivery to 2011, consideration of 'committed economic growth', modelling of the level of housing provision that might be required to meet affordable need in full and wider evidence of market signals. The SHMA states (para' 9.58), "<i>For Cherwell District the evidence indicates a need for 1,142 dwellings per annum (2011-2031) to support the Strategic Economic Plan. This is based on supporting Committed Economic Growth...</i>"</p>	Point of emphasis in response to the representation from Oxford City Council.

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			<p>Oxford City.</p> <p>Detailed objection from Oxford City with detailed plan changes suggested without prejudice to its position. Includes comments on Duty to Cooperate, plan review, City Deal, the Oxfordshire Growth Board and the Oxon Strategic Economic Plan.</p>		
29	49	<p>Theme Two: Policies for Building Sustainable communities: Policy BSC 1</p> <p>B.89b</p>	<p>The Plan should seek to meet Oxford's needs / concern that Oxford's SHMA needs have not been taken into account</p> <p>A review of the Local Plan should not be put off. Some concern that two years for a review is too long</p> <p>Needs to be a strategic Green Belt review.</p> <p>More precise timescale for the review of the Local Plan / Green Belt review is needed.</p> <p>Support for the proposed increase in housing numbers as representing the objectively assessed need</p> <p>Opposition /support expressed for a Green Belt review around Kidlington to accommodate local housing provision.</p> <p>Concern that Oxford's housing needs (SHMA) have not been taken into account</p> <p>CDC has failed the Duty To Cooperate with regard to Oxford's needs. Commitments to joint working should be strengthened.</p>	<p>Cherwell District Council will continue to work under the 'Duty to Co-operate' with all other Oxfordshire Local Authorities <u>on an on-going basis</u> to address the objectively assessed need for housing across the Oxfordshire housing market area <u>and to meet joint commitments such as the Oxford and Oxfordshire City Deal (2014).</u></p> <p>As a first step Cherwell District Council has sought to accommodate the housing need for Cherwell District in full in the Cherwell Local Plan.</p> <p>Cherwell District Council recognises that there is a possibility that Oxford may not be able to accommodate the whole of its new housing requirement for the 2011-2031 period within its administrative boundary. The urban capacity of Oxford is as yet unknown and untested <u>but is the subject of on-going work.</u></p> <p>Cherwell District Council will continue to work jointly <u>and proactively</u> -with the Oxfordshire local authorities <u>and through the Oxfordshire Growth Board</u> to assess all reasonable spatial options, including the release of brownfield land, the potential for a new settlement and a full strategic review of the whole of the Oxford Green Belt. These issues are not for Cherwell to consider in isolation. These options will need to be undertaken in accordance with national policy, national guidance, the Strategic Environmental Assessment (SEA) regulations, and the Habitats Regulations Assessment (HRA) to establish how and where any unmet need might best be accommodated within the Oxfordshire Housing Market Area.</p> <p><u>This joint work will need to comprehensively consider how spatial options could be supported by necessary infrastructure to ensure an integrated</u></p>	<p>Point of emphasis and clarification in response to the representation from Oxford City Council.</p>

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			<p>Oxford City suggests detailed additions to the Plan text notwithstanding its overall objections. It also proposes new policies.</p> <p>The housing target in Policy BSC1 will require a substantial increase in the rate of housing delivery potentially requiring a reviewed strategy including consideration of the Green Belt</p> <p>The Oxford and Oxfordshire City Deal commits CDC to the acceleration of housing delivery.</p> <p>The County Council suggests that that the process for meeting unmet housing need requires the production of a comprehensive, integrated approach to planning for housing, employment and infrastructure. A partial or full review of the Plan may be needed to meet additional need for Oxford.</p>	<p><u>approach to the delivery of housing, jobs and services.</u> clearly take time to complete its various stages with fFull public consultation <u>will be</u> central to a 'sound' process and outcome.</p> <p>If this joint work reveals that Cherwell and other Districts need to meet additional need for Oxford, this will trigger a partial review of the Local Plan, to be completed within two years <u>from the adoption of this Local Plan</u> and taking the form of the preparation of a separate Development Plan document for that part of the unmet need to be accommodated in the Cherwell District. <u>The Council will engage in joint working on supporting technical work such as countywide Sustainability Appraisal as required to support the identification of a sustainable approach to meeting agreed, unmet needs.</u></p>	
30	49	<p>Theme Two: Policies for Building Sustainable communities: Policy BSC 1</p> <p>B.90</p>	<p>Detailed wording changes reflecting the NPPF.</p> <p>The SHMA 2014 is deeply flawed and unjustified</p> <p>Reference to protecting the Green Belt is inconsistent with proposals to review the Green Belt</p> <p>Green Belt review at Kidlington should not be separated from the needs of the Housing Market Area. References to local Green Belt reviews should be replaced with a timetable for a strategic review</p>	<p>The Council is committed to meeting the district's objectively assessed needs and, as described above, to working with partner authorities <u>(including the Oxfordshire Growth Board)</u> to determine how any other unmet needs arising from the SHMA can be sustainably accommodated within the Oxfordshire Housing Market Area. The housing strategy of this Local Plan seeks to deliver growth in accordance with the NPPF's Core Planning Principles including:</p> <ul style="list-style-type: none"> - providing a positive vision for the future of Cherwell: a strategic growth and investment approach to the towns; an enlarged settlement in the centre of the District, further development at the villages to sustain them - proactively driving and supporting sustainable economic 	<p>Point of emphasis in response to the representation from Oxford City Council.</p>

		BSC 1 B.91			
32	50	Theme Two: Policies for Building Sustainable communities: Policy BSC 1 B.92	Request for review of Parish & ward boundaries Reinstatement of text regarding Green Buffers Delay in the provision of development capacity and the need for an additional strategic site at Shipton-on-Cherwell Additional strategic sites are required within Banbury to meet the objectively assessed housing need. General support for the strategy.	No further modification recommended.	
33	50	Theme Two: Policies for Building Sustainable communities: Policy BSC 1 B.94	General support for the strategy.	No further modification recommended.	
34	50	Theme Two: Policies for Building Sustainable communities: Policy BSC 1 Policy BSC1: District Wide Housing Distribution	The increase in the housing requirement is in line with the objectively assessed need. Lower housing requirements should be reinstated. The SHMA is flawed / has been extensively criticised / is not consistent with national policy.. The need has been grossly overstated. There has been no independent review of the SHMA.	No further modification recommended	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			<p>SHMA makes dubious adjustments to official statistics. The assessment is based on forecasts in the SEP which are aspirational and promoted.</p> <p>LEP economic growth forecasts need to be tested.</p> <p>The new introductory text titled 'Duty to Cooperate' provides no meaningful commitment to an early Plan review to address the wider objectively assessed housing needs of the housing market area.</p> <p>The District will not be able to cope with this level of growth. There will be negative impacts on people's lives, the environment, countryside and infrastructure.</p> <p>The increase in housing would have an adverse impact on ecology and the environment, especially at Banbury & Bicester</p> <p>The higher figures will mean that the 5 year supply cannot be met. Developers will be able to pick any site to develop. Concern about market saturation. A flexible approach to delivery is required.</p> <p>There are already flooding issues.</p> <p>The reliance on non-strategic sites to be delivered through the Local Plan Part 2, Neighbourhood Planning and planning applications does not give certainty nor</p>		

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			<p>necessarily direct it to the most sustainable locations. How will homes be apportioned?</p> <p>Support increase in housing provision generally and early review of local plan. But Kidlington and the rural areas will only accommodate 17% of the housing growth (19% in the submitted plan). Small scale development should be facilitated at the villages to meet local need. 2170 dwellings are required in the rural areas.</p> <p>Concern that rural requirements beyond Former RAF Upper Heyford need to be higher. Market signals need to be reflected.</p> <p>The household projections in the SHMA are a wholesale replacement rather than an adjustment to the official base. At 2.7 times the official government projections, the SHMA numbers are not a reasonable adjustment to official figures. The Local Plan process has been pre-empted.</p> <p>Bicester should not be targeted</p> <p>Needs to be a strategic review of the Green Belt</p> <p>The increase in housing will damage the Green Belt at Kidlington</p> <p>Delay adoption of the plan until greater certainty exists as to how housing needs across the market area are to be addressed.</p>		

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			<p>Further sites also needed at Broughton Road, Banbury.</p> <p>Proposed changes seem rushed and fail to give proper regard to cross-boundary issues. Likely to result in under delivery and will increase the affordability gap.</p> <p>The Plan does not reflect the urgent need to boost housing and help meet unmet needs.</p> <p>There are more sites than needed. Developers will 'cherry pick'</p> <p>Detailed wording provided by Oxford City, committing to an early review of the Plan.</p>

Policy Bicester 1 NW Bicester Eco-Town Development Area: 390 hectares Development Description: A new zero carbon (as defined in the Eco-towns Supplement to PPS1) mixed use development including 6,000 homes will be developed on land identified at North West Bicester. Planning permission will only be granted for development at <u>North West Bicester</u> in accordance with following approval by Cherwell District Council of a comprehensive masterplan for the whole area to be approved by the Council as part of a set out in the emerging North West Bicester Masterplan Supplementary Planning Document. The Cherwell District Council will expect the masterplan and outline applications for <u>planning permission application and accompanying masterplan</u> to meet the following requirements:	Clarification and improved policy wording In response to representations

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
				<p>Employment</p> <ul style="list-style-type: none"> • Land Area – a minimum of 10 ha, comprising business premises focused at Howes Lane and Middleton Stoney Road, employment space in the local centre hubs and as part of mixed used development. • Jobs created – At least 3,000 jobs (approx. 1000 jobs on B use class land on the site) within the plan period. • Use classes – B1, with limited B2 and B8 uses • It is anticipated that the business park at the South East corner of the allocation will generate between 700 and 1000 jobs in use classes B1, B2 and B8 early in the Plan period. • A Carbon Management Plan shall be produced to support all applications for employment developments. <ul style="list-style-type: none"> • An economic strategy to be produced to support the planning applications for eco-town proposals demonstrating how access to work will be achieved and to deliver a minimum of one employment opportunity per new dwelling that is easily reached by walking, cycling and/or public transport • Mixed use local centre hubs to include employment (B1(a), A1, A2, A3, A4, A5, C1, D1 and D2 • New non-residential buildings will be BREEAM Very Good with the capability of achieving BREEAM Excellent. <p>Housing</p>	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
				<ul style="list-style-type: none"> • Number of homes – Up to 6,000 (3,293 to be delivered within the plan period) • Affordable Housing – 30% • Layout to achieve Building for Life 12 and Lifetime Homes standards • Homes to be constructed to <u>be capable of achieving</u> a minimum of Level 5 of the Code for Sustainable Homes <u>on completion of each phase of development</u> including being equipped to meet the water consumption requirement of Code Level 5 • The provision of extra care housing • Have real time energy monitoring systems, real time public transport information and Superfast Broadband access, including next generation broadband where possible. Consideration should also be given to digital access to support assisted living and smart energy management systems. <p>Infrastructure Needs</p> <ul style="list-style-type: none"> • Education – Sufficient secondary, primary and nursery school provision on site to meet projected needs. It is expected that four 2 Forms of Entry primary schools and one secondary school will be required. There should be a maximum walking distance of 800 metres from homes to the nearest <u>primary</u> school. • Health – to provide for a 7 GP surgery to the south of the site and a dental surgery. • Burial Ground – to provide a site of a minimum of 4 ha for a burial ground which does not pose risks to water quality (this may contribute to the Green Infrastructure requirements) • Green infrastructure – 40% of the total gross site area will comprise green space of which at least half will be publicly accessible and consist of a network of well managed, high quality green/open spaces which are linked to the open countryside. This should include sports pitches, parks and recreation areas, play spaces, allotments, 	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
				<p>the required burial ground (possibly a woodland cemetery) and SUDS.</p> <ul style="list-style-type: none"> • Planning applications shall include a range of types of green space and meet the requirements of Policy BSC11. • Access and Movement – proposals to include appropriate crossings of the railway line to provide access and integration across the NW Bicester site. Changes and improvements to Howes Lane and Lords Lane to facilitate integration of new development with the town. • Community facilities – to include facilities for leisure, health, social care, education, retail, arts, culture, library services, indoor and outdoor sport, play and voluntary services. The local centre hubs shall provide for a mix of uses that will include retail, employment, community and residential provision. Education, health care, community and indoor sports facilities will be encouraged to locate in local centres and opportunities for co location will be welcomed. Provision will be proportionate to the size of the community they serve. Each neighbourhood of approximately 1000 houses to include provision for community meeting space suitable for a range of community activities including provision for older people and young people. A site of 0.5 ha for a place of worship to be reserved for future use . • The submission of proposals to support the setting up and operation of a financially viable Local Management Organisation by the new community to allow locally based long term ownership and management of facilities in perpetuity. • Utilities – Utilities and infrastructure which allow for zero carbon and water neutrality on the site and the consideration of sourcing-waste heat from the Ardley Energy <u>recovery from Waste</u> facility. The approach shall be set out in an Energy Strategy and a Water Cycle Study. The Water Cycle Study shall cover water efficiency and demand management, water quality and how it will be protected and improved, WFD compliance, surface water management to avoid increasing flood risk and water services infrastructure improvement requirements and their delivery, having regard to the Environment 	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
				<p>Agency's guidance on Water Cycle Studies. Zero Carbon (see PPS definition) water neutral development is sought. Development proposals will demonstrate how these requirements will be met.</p> <ul style="list-style-type: none"> Waste Infrastructure – The provision of facilities to reduce waste to include at least 1 bring site per 1000 population positioned in accessible locations. Provision for sustainable management of waste both during construction and in occupation shall be provided. A waste strategy with targets above national standards and which facilitates waste reduction shall accompany planning applications. <p>Monitoring</p> <ul style="list-style-type: none"> Embodied impacts of construction to be monitored, managed and minimised (ET21) Sustainability metrics, including those on zero carbon, transport, water and waste to be agreed and monitored for learning, good governance and dissemination (ET22). <p>Key site specific design and place shaping principles</p> <ul style="list-style-type: none"> Proposals should comply with Policy ESD16. High quality exemplary development and design standards including zero carbon development, Code Level 5 for dwellings at a minimum and the use of low embodied carbon in construction materials, as well as promoting the use of locally sourced materials. All new buildings designed to incorporate best practice on tackling overheating, taking account of the latest UKCIP climate predictions. Proposals should enable residents to easily reduce their carbon footprint to a low level and live low carbon lifestyles. Layout of development that enables a high degree of integration and connectivity between new and existing communities. A layout that maximises the potential for walkable neighbourhoods. New footpaths and cycleways should be provided that link with 	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
				<p>existing networks, the wider urban area and community facilities with a legible hierarchy of routes to encourage sustainable modes of travel</p> <ul style="list-style-type: none"> • A layout which makes provision for and prioritises non-car modes and encourages a modal shift from car use to other forms of travel. • Infrastructure to support sustainable modes of transport will be required including enhancement of footpath and cyclepath connectivity with the town centre, employment and rail stations. Measures to ensure the integration of the development with the remainder of the town including measures to address movement across Howes Lane and Lords Lane • A well designed approach to the urban edge, which relates development at the periphery to its rural setting and affords good access to the countryside, minimising the impact of development when viewed from the surrounding countryside • Development that respects the landscape setting and that demonstrates enhancement, restoration or creation of wildlife corridors to achieve a net gain in biodiversity • Consideration should be given to maintaining visual separation with outlying settlements. Connections with the wider landscape should be reinforced and opportunities for recreational use of the open countryside identified. Development proposals to be accompanied by a landscape and visual impact assessment together with a heritage assessment <u>Development proposals to be accompanied and influenced by a landscape and visual impact assessment and a heritage impact assessment.</u> • Careful consideration of open space and structural planting around the site to achieve an overall improvement in the landscape and visual impact of the site • No development in areas of flood risk and development set back from watercourses which would provide opportunity for green buffers. Proposals should include a Flood Risk Assessment. • Maximisation of the sustainable transport connectivity in and around the site

			impact of development at Junction 11.		
93	135	Banbury: Meeting the Challenge of Ensuring Sustainable Development in Banbury C.124	Objection to the removal of the reference to the need for a green buffer south of Salt Way. Views to the south west of Banbury over land south of Crouch Hill remain a key vista. Wording suggested.	No further modification recommended.	
94	135	Banbury: Banbury in 2031 C.125	All modifications relating to the SHMA should be deleted.	No further modification recommended.	
95	136-137	Banbury: Policy Banbury 1: Canalside	Objection to the reduction in homes proposed at Banbury Canalside. Objection to there being no provision for a school site. Resultant impact on existing infrastructure.	No further modification recommended.	
96	139	Banbury: Policy Banbury 1: Canalside	Support for the relocation of businesses to other sites within the town centre and preservation of older industrial buildings. Wording proposed re older building and industrial premises.	The proposals for Canalside mean that nearly all existing land uses, buildings and businesses could be removed in the long term. One of the Council's key priorities is to ensure that businesses remain in Banbury or the District. The actual amount of land needed to accommodate operational businesses at Canalside is not significant and there are several options available to businesses. In terms of locations where businesses may wish to relocate to this could include within vacant units/premises elsewhere or in new buildings elsewhere. This could include on existing employment sites (through intensification) such as on the former SAPA and Hella sites, or in/on new buildings/sites allocated in the Council's Local Plan or Local Plan Part 2 such as on land near the motorway., The re-development of Canalside will provide businesses with the opportunity to expand and invest for the future and the Council's Economic Development team will assist any businesses to relocate. The redevelopment of	In response to representation from English Heritage

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
				Canalside is a long term plan and therefore it is possible some businesses may want to remain on a temporary basis for some time. All of the existing businesses could be relocated but the Council will encourage existing businesses which are offices, retail units and community uses which are conducive to the aims of this Policy and the SPD to remain and occupy new buildings on the site, potentially helping them to expand and prosper in this town centre location. A number of the older buildings and the site of former industrial premises, offer considerable opportunities for re-use or re-development for industrial enterprises. Some of the industrial uses (B use classes) could remain and 700 dwellings can be delivered on the site with some of these remaining on the site. The particular uses and businesses that remain will be explored further in the SPD for the site which will include further consultation with landowners and businesses.	
97	140	Banbury: Policy Banbury 2: Hardwick Farm, Southam Road (East and West)	Objection to reduced site area and propose a greater number of houses. Evidence does not support the Council's approach.	No further modification recommended.

		Rural Areas: What will Happen and Where C.212a			
134	171	Our Villages and Rural Areas: What will Happen and Where C.214	Revised policy wording suggested by Bloxham Parish Council regarding the provision of affordable housing and Neighbourhood Planning. Oxfordshire County Council suggests adding reference to providing funding for enhanced bus services along the main inter-urban routes, on a proportionate basis.	Our approach to providing development in the rural areas seeks to: <ul style="list-style-type: none"> • deliver a new settlement at former RAF Upper Heyford to enable conservation and environmental improvements and to contribute in meeting Cherwell wide and local housing needs • provide new housing for people in rural areas to meet, in particular, the needs of newly forming households • provide affordable housing in what are generally areas of higher housing cost • deliver housing at villages where local shops, services and job opportunities are available and accessible or where access to nearby towns would be sustainable in transport terms • consider the relationship between 'clusters' of villages • provide development to help sustain rural services and facilities including bus routes • avoid significant environmental harm • support the Neighbourhood Planning process. 	In response to representations
135	171 & 172	Our Villages and Rural Areas: What will Happen and Where C.215	Support/oppose village categorisation Support change to Category C villages to allow not only conversions but also infilling. Limiting residential development to that located within the built-up limits of settlements is not appropriate. There may be suitable opportunities to provide small-scaled development on the edge of villages.	To this end, Policy Villages 1 provides a categorisation of the district's villages to ensure that unplanned, small-scale development within villages is directed towards those villages that are best able to accommodate limited growth. The Policy establishes which villages are, in principle, appropriate for conversions and infilling (Category C) and which are suitable for accommodating minor development (Categories A and B). Policy Villages 2 provides for additional planned development to be accommodated at the most sustainable villages (Category A) to meet district housing requirements and to help meet local needs. Policy Villages 3 seeks to respond to often acute issues of affordability in rural areas and allows for affordable housing to	Clarifications

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			Concern about the categorisation of Bloxham	be provided in any of Cherwell's villages to meet locally identified needs in locations or on sites that might otherwise not be appropriate. Policy Villages 4 establishes a framework for addressing open space, sport and recreation deficiencies at the villages. Policy Villages 5 seeks to deliver the -new <u>and additional growth</u> settlement at former RAF Upper Heyford.	
136	172	Our Villages and Rural Areas: Policy Villages 1: Village Categorisation C.219a	The evidence that provides for the sustainability of village categorisation is flawed. The reference to under 10 should be removed and "up to and greater than 10" included within the policy. The Policy to restrict development within Policy 1 Villages generally to under 10 houses does not take reasonable account of site capacity. Concern about categorisation of Adderbury	Policy Villages 1 provides a categorisation of villages to guide the consideration of small-scale proposals for residential development within the built-up limits of settlements. Village categorisation helps understand which villages are in principle best placed to sustain different levels of residential development. The Policy ensures that unanticipated development within the built-up limits of a village is of an appropriate scale for that village, is supported by services and facilities and does not unnecessarily exacerbate travel patterns that are overly reliant on the private car and which incrementally have environmental consequences. Policy Villages 1 seeks to manage small scale development proposals (typically but not exclusively for less than 10 dwellings) which come forward within the built-up limits of villages. It also informs Policy Villages 2 which provides a rural allocation for sites of 10 or more dwellings at <u>the most sustainable 'Category A' villages</u> and which will guide the <u>preparation of both the</u> Local Plan Part 2 and the preparation of Neighbourhood Plans.	Clarifications / improvement to wording
137	173	Our Villages and Rural Areas: Policy Villages 1: Village Categorisation C.221	Objection to the suggested categorisation based on availability of services and facilities. Concern about the potential unavailability of play facilities at Caversfield Concern about the categorisation of Finmere Concern about the categorisation of Bloxham Concern about the categorisation of Adderbury	No further modification recommended.	
138	173	Our Villages and	Satellite villages could become residential only	It is not proposed that clustering forms part of the development strategy In	Clarification

		Rural Areas: Policy Villages 1: Village Categorisation C.224	and residents driving to access all facilities. Concern about the categorisation of Adderbury / Milton Concern about the categorisation of Bloxham	'Policy Villages 2: Distributing Growth Across the Rural Areas' as the services and facilities in most satellite villages are too limited to sustainably accommodate the development of larger allocated sites. However, there is considered to be a role for satellite (<u>'Category B'</u>) villages to accommodate minor development which is set out in 'Policy Villages 1: Village Categorisation' below.							
139	173	Our Villages and Rural Areas: Policy Villages 1: Village Categorisation Policy Villages 1: Village Categorisation	Concerns and support raised over the categorisation of some villages. Minor development in the village categorisation table should be replaced by "considered on a site by site basis". There is discrepancy between proposed Modification 9 and proposed Modification 139 in regard to development in Category B villages. Modification 139 states that Category A and B villages could accept minor development, however Modification 9 shows minor development only in Category A villages. Category C villages should not be restricted to infilling and conversions Lower Heyford appears in both the Category A and Category B Policy Villages 1 should separately identify the most sustainable villages in category A sustainability, as suitable for development of 10 or more dwellings subject to policy Villages 2 criteria Concern about the categorisation of Milton	Policy Villages 1: Village Categorisation Proposals for residential development within the built-up limits of villages (including Kidlington) will be considered having regard to the categorisation below. Only Category A (Service Centres) and Category B (Satellite Villages) will be considered to be suitable for minor development in addition to infilling and conversions. <table border="1" data-bbox="1079 887 1863 1241"> <thead> <tr> <th data-bbox="1079 887 1173 954">Category</th> <th data-bbox="1173 887 1666 954">Villages by Category</th> <th data-bbox="1666 887 1863 954">Type of Development</th> </tr> </thead> <tbody> <tr> <td data-bbox="1079 954 1173 1241">A</td> <td data-bbox="1173 954 1666 1241"> Service Villages Adderbury, Ambrosden, Arccott, Begbroke, Bletchingdon (*), Bloxham, Bodicote, Chesterton, Cropredy, Deddington, Finmere, Fringford, Fritwell, Hook Norton, Kidlington, Kirtlington, Launton, <u>Lower Heyford</u>, Milcombe, Sibford Ferris/Sibford Gower, Steeple Aston, Weston-on-the-Green(*), Wroxton, Yarnton </td> <td data-bbox="1666 954 1863 1241"> Minor Development Infilling Conversions </td> </tr> </tbody> </table>	Category	Villages by Category	Type of Development	A	Service Villages Adderbury, Ambrosden, Arccott, Begbroke, Bletchingdon (*), Bloxham, Bodicote, Chesterton, Cropredy, Deddington, Finmere, Fringford, Fritwell, Hook Norton, Kidlington, Kirtlington, Launton, <u>Lower Heyford</u> , Milcombe, Sibford Ferris/Sibford Gower, Steeple Aston, Weston-on-the-Green(*), Wroxton, Yarnton	Minor Development Infilling Conversions	Correction

			performing a service centre function Object to use of the SHMA 2014	<u>table at paragraph C.225 are Adderbury, Ambrosden, Bloxham, Cropredy, Deddington, and Steeple Aston.</u>	
144	174	Our Villages and Rural Areas: Policy Villages 1: Village Categorisation C.230	The village of Shipton should be included in the list of Category B villages. Concerned about categorisation of Milton and Adderbury	The category B villages are satellite villages associated with a larger service centre. The satellite villages are: Blackthorn, Claydon, Clifton, Great Bourton, Hempton, <u>Lower Heyford</u> , Middle Aston, Milton, Mollington, South Newington, and Wardington. They do not 'score' highly enough in their own right to be included as category A villages but are considered to be appropriate for minor development because of the benefits of access to a service centre within a village cluster. For example, Claydon, Great Bourton, Mollington and Wardington benefit from their relationship with Cropredy. As smaller settlements, the satellite villages have been given a separate 'B' Category as they would not be suitable for larger scale development provided for by Policy Villages 2.	
145	174	Our Villages and Rural Areas: Policy Villages 1: Village Categorisation New Para' C.230a	No comments received on main modification	All other villages that are not service centres or satellite villages are classified as category C villages.	
146	175	Our Villages and Rural Areas: Policy Villages 2: Distributing Growth across the Rural Areas C.234a	Support/opposition for the increase in housing to 750 homes at Category A villages. Concern that housing figure is insufficient. Greater clarity requested Sites in rural areas should be identified in policy villages 2 and not left for identification in Part 2 of the Plan in order to meet district-wide housing need.	No further modification recommended	

Mod No.	Page No.	Policy Paragraph	Summary of Issues Raised in Representations	Further Proposed Modifications (STRIKETHROUGHS AND UNDERLINED TEXT)	Reason for Further Proposed Modification
			<p>Level of windfall allowance in rural areas should be increased.</p> <p>Increase housing provision for the rural areas to be accommodated at Kidlington, through Green Belt review. Kidlington should have a separate housing allocation.</p> <p>The Plan reinforces the patterns where villages and the rural areas are increasingly the preserve of the relatively wealthy.</p> <p>Need to consider recent permissions and completions in villages before considering further development.</p> <p>Policy will result in shortage of affordable housing in villages and rural areas.</p>		
147	175	<p>Our Villages and Rural Areas: Policy Villages 2: Distributing Growth across the Rural Areas</p> <p>Policy Villages 2: Distributing Growth Across the Rural Areas</p>	<p>Environment Agency suggests adding a new bullet point to the criteria for site assessment as follows: "<u>Whether the development would have an adverse impact on flood risk.</u>"</p> <p>Support/opposition to the increased provision for the rural areas and the proposed assessment criteria.</p> <p>Rural development sites should be restricted to a maximum of 20 dwellings per sites.</p> <p>The Plan should identify the sites for the further 750 homes within or outside the built-up limits of the Category A villages and allocate</p>	<p>A total of 750 homes will be delivered at Category A villages. This will be in addition to the rural allowance for small site 'windfalls' and planning permissions for 10 or more dwellings as at 31 March 2014.</p> <p>Sites will be identified through the preparation of the Local Plan Part 2, through the preparation of Neighbourhood Plans where applicable, and through the determination of applications for planning permission.</p> <p>In identifying and considering sites, particular regard will be given to the following criteria:</p> <ul style="list-style-type: none"> - whether the land has been previously developed land or is of lesser environmental value; - whether significant adverse impact on heritage or wildlife assets could be avoided - whether development would contribute in enhancing the built environment 	<p>In response to representation from the Environment Agency</p>

			reviews. Minor wording changes are proposed.		
161	186	Section D: The IDP D.22c	Number of new homes at NW Bicester could be increased.	No further modification recommended.	
162	186	Section D: The IDP D.22c	Objection raised to the proposed site for the Banbury Football Club.	No further modification recommended.	
163	187	Section D: The IDP D.22c	Concerned about the housing number at Former RAF Upper Heyford. Housing provision for the rural areas and Kidlington should be increased with Kidlington/Begbroke having its own separate allocation of housing requirement. Any Green Belt review should reflect Oxford University's aspirations in relation to the Science Park.	No further modification recommended.	
164	190	Section E: Monitoring and Delivery E.11	Any loss of playing fields or recreational facilities should be relocated to other parts of the site.	No further modification recommended.	
165	190	Section E: Monitoring and Delivery E.12	The role and significance of Neighbourhood Planning has been diluted.	No further modification recommended.	
166	192	Section E: Monitoring and Delivery E.22	No representation received on this modification.	No further modification recommended.	
167	193	Section E: Monitoring and Delivery Table 15	Housing trajectory is overly optimistic and ambitious. Impacts of the proposed growth at Kidlington and rural areas.	No further modification recommended.
