---

Dear Sir / Madam,

I recently became aware of two licensing applications by Yarnton Manor via a local leaflet campaign. The first I understand to be a one-off festival event and the second a premises license. I myself am a resident of Great Close road. In opposition to the leaflet, I see that a responsible venue can bring benefits to the local community and would like to express my support for the applications.

Best regards,

James Paterson  
73 Great Close Road

Dear Licensing Authority,

As a resident of Church Lane, I am of course, aware of the permissions for licensing being sought by Oxford Royale, in connection with events at Yarnton Manor.

I have appreciated the efforts made by Oxford Royale to keep the residents of Church Lane, in touch with their plans and to be inclusive of both the residents of Church Lane and of the wider community.

While being concerned for any in Church Lane who may be disturbed by any events at the Manor, I have felt the events as outlined by Oxford Royale, appear to be both sufficiently infrequent and sufficiently organised, that they should not be prohibited.

However the level of concern felt in the village suggests to that any licence granted to Oxford Royale for events, should stipulate the permitted frequency of events, their timings and the level on noise permitted.

With best wishes for your work,

Joanna Bailey, 10 Church Lane, Yarnton.
