The Members of the Accounts, Audit and Risk Committee Cherwell District Council Bodicote House Bodicote Banbury OX15 4AA 2 March 2016

Dear Members

Audit Plan

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Accounts, Audit and Risk Committee with a basis to review our proposed audit approach and scope for the 2015/16 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council, and outlines our planned audit strategy in response to those risks. For both the accounts audit and especially the VFM audit these are our initial thoughts and we will update the Accounts, Audit and Risk Committee at a subsequent meeting if we make any changes.

We welcome the opportunity to discuss this Audit Plan with you on 23 March 2016 and to understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Neil Harris For and behalf of Ernst & Young LLP Enc

In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued "Statement of responsibilities of auditors and audited bodies 2015-16'. It is available from the Chief Executive of each audited body and via the PSAA website (www.psaa.co.uk)

The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The 'Terms of Appointment from 1 April 2015' issued by PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and statute, and covers matters of practice and procedure which are of a recurring nature.

This Audit Plan is prepared in the context of the Statement of responsibilities. It is addressed to the Audit Committee, and is prepared for the sole use of the audited body. We, as appointed auditor, take no responsibility to any third party.

Our Complaints Procedure – If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with your usual partner or director contact. If you prefer an alternative route, please contact Steve Varley, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you. Should you remain dissatisfied with any aspect of our service, you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

1. Overview

This Audit Plan covers the work that we plan to perform to provide you with:

- Our audit opinion on whether the financial statements of Cherwell District Council give a true and fair view of the financial position as at 31 March 2016 and of the income and expenditure for the year then ended;
- Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness;

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- Strategic, operational and financial risks relevant to the financial statements;
- Developments in financial reporting and auditing standards;
- The quality of systems and processes;
- ► Changes in the business and regulatory environment; and,
- ► Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

2. Financial statement risks

We outline below our current assessment of the financial statement risks facing the Council, identified through our knowledge of the Council's operations and discussion with those charged with governance and officers.

At our meeting, we will seek to validate these with you.

Significant risks (including fraud risks)	Our audit approach				
Risk of management override					
As identified in ISA (UK and Ireland) 240, management	Our approach will focus on:				
is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating	 Testing the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements 				
effectively.	 Reviewing accounting estimates for evidence of management bias, and 				
We identify and respond to this fraud risk on every audit engagement.	 Evaluating the business rationale for significant unusual transactions 				

Other financial statement risks

National Non Domestic Rate (NNDR) Debtor

Our audit of the 2014/15 accounts identified a £1.5m debtor with the Department of Communities and Local Government (DCLG). The debtor related to an overpayment into the business rate national pool in 2011/12. In our 2014/15 audit, the Council were able to provide evidence to support the accounting treatment for the debtor, steps being taken to recover this from DCLG and a rationale that set out that any prospect of non-recovery of the debt would not be material.

Since the Council has pursued recovery from DCLG, DCLG has indicated that it does not intend to pay the £1.5million. The Council are currently reviewing their position and seeking legal advice, through Counsel, on the actions it proposes to take. The recoverability of the debtor and accounting treatment will have implications for the 2015/16 accounts which we will need to review.

Our approach will focus on:

- Reviewing the Council's proposed accounting treatment of the debtor in the 2015/16 accounts
- Considering the assumptions made by the Council as to the likely recoverability of the debtor.
- Obtaining our own advice as appropriate.

Group accounts

In 2014/15 the Council was required to prepare group accounts for the first time. The Council has two companies in the group, Graven Hill Village Holdings Ltd and Graven Hill Village Development Company. Their purpose is to deliver a self-build housing project at Graven Hill Bicester.

In 2014/15 transactions were limited to acquisition costs and other incidental expenditure. We will assess the value of transactions in 2015/16 and determine the appropriate work required but we anticipate that both companies will be more significant components of the Council's group financial statements.

The cost of the additional work is not covered by the PSAA scale fee. We estimate that a scale fee variation of a similar value to 2014/15 will be required in 2015/16. An estimate of £5,300 has therefore been included in the planned fee for 2015/16. The final amount will depend on the value of transactions for the year

Our approach will focus on:

 Developing appropriate audit procedures to enable us to firm an opinion on the group accounts. This will include an assessment of the inherent risk of the subsidiary, the nature, volume and value of transactions and the work of the company's accountant and auditor.

2.1 Responsibilities in respect of fraud and error

We would like to take this opportunity to remind you that management has the primary responsibility to prevent and detect fraud. It is important that management, with the oversight of those charged with governance, has a culture of ethical behaviour and a strong control environment that both deters and prevents fraud.

Our responsibility is to plan and perform audits to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatements whether caused by error or fraud. As auditors, we approach each engagement with a questioning mind that accepts the possibility that a material misstatement due to fraud could occur, and design the appropriate procedures to consider such risk.

Based on the requirements of auditing standards our approach will focus on:

- Identifying fraud risks during the planning stages;
- ► Enquiry of management about risks of fraud and the controls to address those risks;
- Understanding the oversight given by those charged with governance of management's processes over fraud;
- Consideration of the effectiveness of management's controls designed to address the risk of fraud;
- ▶ Determining an appropriate strategy to address any identified risks of fraud, and,
- ▶ Performing mandatory procedures regardless of specifically identified risks.

3. Value for money risks

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. For 2015-16 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice which defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work.

Our risk assessment has therefore considered both the potential financial impact of the taxpayers, the Government and other stakeholders. This has not identified any risks which we view as significant. However, we have identified the following other VFM risks which we view as relevant to our value for money conclusion.

The Council is committed to achieving further efficiency savings through new ways of working and in partnership. We are aware that this Council, together with Oxfordshire's other three district councils and Oxford City Council, have put forward a proposal to establish four new 'unitary' councils to replace Oxfordshire County Council. The proposed new unitary councils would also include South Northamptonshire Council and Cotswold District Council, which has partnerships with West Oxfordshire District. We will keep a watching brief on the progress of this proposal and consider the implications this has on our current and future work to assess the Council's value for money arrangements.

Other value for money risks

Our audit approach

Financial resilience

The Council has responded well to the financial pressures arising from the recent economic downturn, and reductions in the level of central government funding to local government.

The Council also holds a good level of reserves and balances.

As recognised in the latest Medium Term Revenue Plan (MTRP) future budgets will remain under significant pressure. The latest MTRP reported balanced budgets for 2015/6 and 2016/17 but identified a funding gap of £0.6m in 2017/18, increasing to a cumulative total of £9.6m for the period to 2020/21.

The Council is committed to achieving further efficiencies and plans to do this by looking at new ways of delivering its services. As business cases for the Council's "transformation work streams" are developed and approved they will be incorporated in to the MTRP. Our approach will focus on:

- The adequacy of the Council's budget setting process.
- ► Review of the Council's Medium Term Revenue Plan.
- ► The robustness of any budget assumptions and governance.
- ► The effective use of scenario planning to assist the budget setting process.
- ► The effectiveness of in year monitoring against the budget.
- ► The Council's approach to prioritising resources.
- ► Delivery of efficiency or savings programmes.

4. Our audit process and strategy

4.1 Objective and scope of our audit

Under the Code of Audit Practice our principal objectives are to review and report on the Council's:

- ► Financial statements
- Arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK and Ireland).

We report to you by exception in respect of your governance statement and other accompanying material as required, in accordance with relevant guidance prepared by the NAO on behalf of the Comptroller and Auditor General.

Alongside our audit report, we also:

 Review and report to the NAO on the Whole of Government Accounts return to the extent and in the form they require;

2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

4.2 Audit process overview

We plan to take a substantive approach to gaining assurance over the amounts reported in the Council's financial statements.

Analytics

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests
- Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Accounts, Audit and Risk Committee.

Internal audit

As in prior years, we will review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where we raise issues that could have an impact on the year-end financial statements

Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Pensions	Actuary

In accordance with Auditing Standards, we will evaluate the specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Councils environment and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- Analyse source data and make inquiries as to the procedures used by the expert to establish whether the source date is relevant and reliable;
- ► Assess the reasonableness of the assumptions and methods used;
- Consider the appropriateness of the timing of when the specialist carried out the work; and
- Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

4.3 Mandatory audit procedures required by auditing standards and the Code

As well as the financial statement risks (section two) and value for money risks (section three), we must perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

Procedures required by standards

- Addressing the risk of fraud and error;
- Significant disclosures included in the financial statements;
- ► Entity-wide controls;
- Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements;
- ► Auditor independence.

Procedures required by the Code

- Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement
- Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO

Finally, we are also required to discharge our statutory duties and responsibilities as established by the Local Audit and Accountability Act 2014.

4.4 Materiality

For the purposes of determining whether the financial statements are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in aggregate, could reasonably be expected to influence the users of the financial statements. Our evaluation requires professional judgement and so takes into account qualitative as well as quantitative considerations implied in the definition.

We have determined that overall materiality for the financial statements of the Council, is \pounds 1,614k based on 2% of gross expenditure. We will communicate uncorrected audit misstatements greater than \pounds 81k to you.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all the circumstances that might ultimately influence our judgement. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the financial statements, including the total effect of any audit misstatements, and our evaluation of materiality at that date.

4.5 Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Communities and Local Government. PSAA has published a scale fee for all relevant bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the NAO Code. The indicative fee scale for the audit of Cherwell District Council is £52,127.

Any variation to this fee will need to be approved by PSAA Ltd. As noted in section 2 of this document the cost of the additional work on group accounts is not covered by the PSAA scale fee and will be subject to a scale fee variation (SFV) in 2015-16. The final amount of the SFV will depend on the value of group transactions for the year.

4.6 Your audit team

The engagement team is led by Neil Harris, who has significant experience of Local Government external audit. Neil Harris is supported by Cathy O'Carroll who is responsible for the day-to-day direction of audit work and is the key point of contact for the Council's Finance team.

4.7 Timetable of communication, deliverables and insights

We have set out below a timetable showing the key stages of the audit, including the value for money work and the Whole of Government Accounts. The timetable includes the deliverables we have agreed to provide to the Council, through the Accounts, Audit and Risk Committee's cycle in 2015/16. These dates are determined to ensure our alignment with PSAA's rolling calendar of deadlines.

From time to time matters may arise that require immediate communication with the Accounts, Audit and Risk Committee and we will discuss them with the Chairman as appropriate.

Following the conclusion of our audit we will prepare an Annual Audit Letter to communicate the key issues arising from our work to the Council and external stakeholders, including members of the public.

Audit phase	Timetable	Accounts Audit and Risk Committee timetable	Deliverables
High level planning	January 2016	23 March 2016	Audit Fee Letter Certification Report
Risk assessment and setting of scopes	February 2016	23 March 2016	Audit Plan
Testing routine processes and controls	March 2016	22 June 2016	Progress Report (We will provide a Progress Report by exception if there are any matters arising from our interim work. Should there be no or limited matters arising, we will not provide a Progress Report to this committee.
Completion of audit	September 2016	21 September 2016	Report to those charged with governance via the Audit Results Report Audit report (including our opinion on the financial statements; [our opinion on the regularity of your expenditure and income]; and, [by exception] overall value for money conclusion). Audit completion certificate
			Reporting to the NAO on the Whole of Government Accounts return.
Conclusion of reporting	October 2016	30 November 2016	Annual Audit Letter

In addition to the above formal reporting and deliverables we will seek to provide practical business insights and updates on regulatory matters.

5. Independence

5.1 Introduction

The APB Ethical Standards and ISA (UK and Ireland) 260 'Communication of audit matters with those charged with governance', requires us to communicate with you on a timely basis on all significant facts and matters that bear on our independence and objectivity. The Ethical Standards, as revised in December 2010, require that we do this formally both at the planning stage and at the conclusion of the audit, as well as during the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

Required communications

Planning stage	Final stage		
 Planning stage The principal threats, if any, to objectivity and independence identified by EY including consideration of all relationships between you, your affiliates and directors and us; The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality Review; The overall assessment of threats and safeguards; Information about the general policies and process within EY to maintain objectivity and independence. 	 A written disclosure of relationships (including the provision of non-audit services) that bear on our objectivity and independence, the threats to our independence that these create, any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed; Details of non-audit services provided and the fees charged in relation thereto; Written confirmation that we are independent; Details of any inconsistencies between APB Ethical 		
	 Standards, the Audit Commission's Standing Guidance and your policy for the supply of non-audit services by EY and any apparent breach of that policy; and An opportunity to discuss auditor independence 		
	issues.		

During the course of the audit we must also communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of our safeguards, for example when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements, the amounts of any future contracted services, and details of any written proposal to provide non-audit services;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period are disclosed, analysed in appropriate categories.

5.2 Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including any principal threats. However we have adopted the safeguards below to mitigate these threats along with the reasons why they are considered to be effective.

Self-interest threats

A self-interest threat arises when EY has financial or other interests in your entity. Examples include where we have an investment in your entity; where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with the Council.

At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services, and we will comply with the policies that the Council. has approved and that are in compliance with the Audit Commission's Standing Guidance.

At the time of writing, we have not provided any non-audit services to the Council, and therefore no additional safeguards are required.

A self-interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to the Council. We confirm that no member of our audit engagement team, including those from other service lines, is in this position, in compliance with Ethical Standard 4.

There are no other self-interest threats at the date of this report.

Self-review threats

Self-review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no other self-review threats at the date of this report.

Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of your entity. Management threats may also arise during the provision of a non-audit service where management is required to make judgements or decisions based on that work.

There are no management threats at the date of this report.

Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

Overall Assessment

Overall we consider that the adopted safeguards appropriately mitigate the principal threats identified, and we therefore confirm that EY is independent and the objectivity and independence of Neil Harris, the audit engagement Director and the audit engagement team have not been compromised.

5.3 Other required communications

EY has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes within EY for maintaining objectivity and independence can be found in our annual Transparency Report, which the firm is required to publish by law. The most recent version of this report is for the year ended June 2015 and can be found here:

http://www.ey.com/UK/en/About-us/EY-UK-Transparency-Report-2015

Appendix A Fees

A breakdown of our agreed fee is shown below.

	Planned Fee 2015/16 £	Scale fee 2015/16 £	Outturn fee 2014/15 £	Explanation
Opinion Audit and VFM Conclusion	57,427	52,127	74,768	The 2014/15 fee includes a scale fee variation of £5,265 for additional work on group accounts.
				We anticipate that a scale fee variation of a similar value will be required in 2015/16. An estimate of £5,300 has therefore been included in the planned fee for 2015/16. The final amount will depend on the value of transactions for the year.
Total Audit Fee – Code work	57,427	52,127	74,768	
Elector's questions			1,263	
Certification of claims and returns ¹	8,844	8,844	16,660	The 2015/16 certification fee is set by the PSAA and based on the certification work carried out in 2013/14.

All fees exclude VAT.

The agreed fee presented above is based on the following assumptions:

- Officers meeting the agreed timetable of deliverables;
- ▶ We can rely on the work of internal audit as planned;
- Our accounts opinion and value for money conclusion being unqualified;
- Appropriate quality of documentation is provided by the Council; and
- ► The Council has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance. It will also need to be approved by PSAA Ltd.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

¹ Our fee for the certification of grant claims is based on the indicative scale fee set by the PSAA.

Appendix B UK required communications with those charged with governance

There are certain communications that we must provide to the Accounts, Audit and Risk Committee. These are detailed here:

Required communication		Reference	
Planning and audit approach Communication of the planned scope and timing of the audit including any limitations.		 Audit Plan 	
Significant findings from the audit		Report to those charged	
 Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures 		with governance	
 Significant difficulties, if any, encountered during the audit 			
 Significant matters, if any, arising from the audit that were discussed with management 			
 Written representations that we are seeking 			
 Expected modifications to the audit report 			
 Other matters if any, significant to the oversight of the financial reporting process 			
Misstatements	►	Report to those charged	
 Uncorrected misstatements and their effect on our audit opinion 		with governance	
 The effect of uncorrected misstatements related to prior periods 			
A request that any uncorrected misstatement be corrected			
 In writing, corrected misstatements that are significant 			
Fraud	►	Report to those charged	
 Enquiries of the Accounts, Audit and Risk Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity 		with governance	
Any fraud that we have identified or information we have obtained that indicates that a fraud may exist			
 A discussion of any other matters related to fraud 			
Related parties	►	Report to those charged	
Significant matters arising during the audit in connection with the entity's related parties including, when applicable:		with governance	
 Non-disclosure by management 			
 Inappropriate authorisation and approval of transactions 			
 Disagreement over disclosures 			
 Non-compliance with laws and regulations 			
 Difficulty in identifying the party that ultimately controls the entity 			
External confirmations		Report to those charge	
 Management's refusal for us to request confirmations 		with governance	
 Inability to obtain relevant and reliable audit evidence from other procedures 			
Consideration of laws and regulations	►	Report to those charged	
 Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off 		with governance	
 Enquiry of the Accounts, Audit and Risk Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Accounts, Audit and Risk Committee may be aware of 			

Required communication			Reference		
Independend	;e	►	Audit Plan		
Communication independence	on of all significant facts and matters that bear on EY's objectivity and e	►	Report to those charged with governance		
Communication of key elements of the audit engagement director's consideration of independence and objectivity such as:					
► The princ	ipal threats				
► Safeguar	ds adopted and their effectiveness				
 An overal 	l assessment of threats and safeguards				
	on about the general policies and process within the firm to maintain and independence				
Going conce	Going concern		Report to those charged with governance		
Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:					
 Whether t 	the events or conditions constitute a material uncertainty				
	the use of the going concern assumption is appropriate in the on and presentation of the financial statements				
 The adeq 	uacy of related disclosures in the financial statements				
Significant d	eficiencies in internal controls identified during the audit	►	Report to those charged with governance

P Dicakuow		►	Annual Audit Letter if considered necessary		
Certification work		Annual Report to those			
 Summary 	of certification work undertaken	su ce Au	arged with governance immarising grant intification, and Annual udit Letter if considered ecessary		

Appendix C Detailed scopes

Our objective is to form an opinion on the group's consolidated financial statements under International Standards on Auditing (UK and Ireland).

We set audit scopes for each reporting unit which together enable us to form an opinion on the group accounts. We take into account the size, risk profile, changes in the business environment and other factors when assessing the level of work to be performed at each reporting unit.

- Full scope: locations deemed significant based on size and those with significant risk factors are subject to a full scope audit, covering all significant accounts and processes using materiality levels assigned by the Group audit team for the purposes of the consolidated audit. Procedures are full-scope in nature, but may not be sufficient to issue a stand-alone audit opinion on the local statutory financial statements (as materiality thresholds support to the consolidated audit).
- Specific scope: locations where only specific procedures are performed by the local audit team, based upon procedures, accounts or assertions identified by the Group audit team.
- Limited Scope: limited scope procedures primarily consist of enquiries of management and analytical review. On-site or desk top reviews may be performed, according to our assessment of risk.
- Other procedures: For those locations that we do not consider material to the Group financial statements in terms of size relative to the Group and risk, we perform other procedures to confirm that there is no risk of material misstatement within those locations.

Our audit approach is risk-based. Our current assessment is that Graven Hill Village Holding Limited and its subsidiary Graven Hill Village Development Limited will require limited scope procedures.

ISA 600 (UK and Ireland) requires that we provide you with an overview of the nature of our planned involvement in the work to be performed by the component auditors of significant locations/reporting units. Our involvement can be summarised as follows:

► For both Graven Hill Village Holding Limited and its subsidiary Graven Hill Village Development Limited we expect to review the final audited financial statements and the auditor's report on the results of their audit when performing our tests of consolidation and analytical review of the amounts feeding in to the group statements.
