Monthly Performance, Risk and Finance Monitoring Report

Report of Director of Finance, and Head of Insight and Corporate Programmes

This report is public

Purpose of report

This report summarises the Council's Performance, Risk and Finance monitoring position as at the end of the first quarter.

1.0 Recommendations

The meeting is recommended:

- 1.1 To note the monthly Performance, Risk and Finance Monitoring Report.

2.0 Introduction

- 2.1 The Council is committed to performance, risk and budget management and reviews progress against its corporate priorities on a monthly basis.
- 2.2 This report provides an update on progress made during July 2020 to deliver the Council's priorities through reporting on Performance, the Leadership Risk Register and providing an update on the financial position.
- 2.3 The Council's performance management framework sets out the key actions, projects and programmes of work that contribute to the delivery of the 2020-21 business plan and the priorities of the Council. These measures and key performance indicators are reported on a monthly basis to highlight progress, identify areas of good performance and actions that have been taken to address underperformance or delays.
- 2.4 As part of monthly reporting the Insight Team provides the Senior Management Team with a corporate complaints report, complaints received during the month are monitor and analysed. The mandatory lessons learned data have been implemented for more than a year now and we are starting to see a decrease in the number of upheld complaints. Lessons learned are reported to CEDR (Chief Executive Direct Reports) and progress is monitored to ensure actions are implemented to avoid the same complaint being reported.

2.5 The Council maintains a Leadership Risk Register that is reviewed on a monthly basis. The latest available version of the risk register at the date this report is published is included in this report.

2.6 The Report details section is split into three parts:

- Performance Update
- Leadership Risk Register Update
- Finance Update

2.7 There are three appendices to this report:

- Appendix 1 - 2020/21 Business Plan
- Appendix 2 - Monthly Performance Report
- Appendix 3 - Leadership Risk Register
- Appendix 4 - Finance

3.0 Report Details

3.1 The Council’s performance management framework sets out the key actions, projects and programmes of work that contribute to the delivery of the 2020-21 business plan (see Appendix 1) and the priorities of the Council.

3.2 The 2020-21 business plan set out four strategic priorities:

- Housing that meets your needs.
- Leading in environmental sustainability.
- An enterprising economy with strong and vibrant local centres.
- Healthy, resilient and engaged communities.

3.3 This report provides a summary of the Council’s performance in delivering against each strategic priority. To measure performance a ‘traffic light’ system is used. Where performance is on or ahead of target it is rated green, where performance is slightly behind the target it is rated amber. A red rating indicated performance is off target.

Colour	Symbol	Meaning for Business Plan Measures	Meaning for Key Performance Measures (KPIs)
Red		Significantly behind schedule	Worse than target by more than 10%.
Amber		Slightly behind schedule	Worse than target by up to 10%.
Green		Delivering to plan / Ahead of target	Delivering to target or ahead of it.

Priority: Housing that meets your needs.

3.4 The Council is committed to deliver affordable housing, raising the standard of rented housing and find new and innovative ways to prevent homelessness. Also, to promote innovative housing schemes, deliver the local plan and supporting the most vulnerable people in the District.

3.5 Overview of our performance against this strategic priority:

Number of Homeless Households living in Temporary Accommodation is reporting Amber for July and Red for Year to Date (36 against the target of 35). The number in emergency and temporary accommodation remain high, due to the number of single clients placed as a response to the COVID19 emergency. The housing team have worked hard to limit the number of clients in short-term hotel accommodation and to move as many clients on to more settled accommodation; 30 single clients have been moved on from emergency placement to date. Plans are in place to secure further move on options.

Number of people helped to live independently through use of DFG & other grants/loans is reporting Green for July and Year to Date. Although COVID19 restrictions and anxieties on the part of some older and vulnerable clients is still limiting work on site, the situation is improving. This month's total is made up of 33 smaller cases, 13 larger adaptations and 2 essential repairs grant.

Number of affordable homes delivered including CDC and Growth Deal targets is reporting Red for July and Year to Date (19 against a target of 25). There were 19 Affordable Housing completions in July 2020. Comprising 15 Affordable Rent tenure and 4 Shared Ownership Tenure. There were no Growth Deal funded units completed as these units are not expected until later in 2020/21. Delivery on some schemes has been delayed due to the impact of the COVID19 lockdown.

Homelessness Prevention is reporting Amber for July and Green for Year to Date. The pressure on the Housing Team to respond to those presenting in crisis and at risk for rough sleeping due to COVID19, continues. This is impacting on our ability to prioritise prevention casework and may impact on the number of households who will present once lockdown eases and the courts resume eviction cases (from 24th August).

Homes improved through enforcement action is reporting Green for July and Year to Date. Our interventions have resulted in 14 homes being improved this month, 12 of which involved energy efficiency improvements.

% of Non-Major applications overturned at appeal is reporting Red for July and Year to Date (33% against a target of 10%). One Non-Major Planning Application Appeal was overturned by the Planning Inspectorate during July 2020. Three Non-

Major Planning Appeals were determined during July, but 105 Non-Major Planning Applications were determined, giving less than 1% overturned at Planning Appeal.

Maintain 5 Year Land Supply is reporting Red for July and Year to Date (4.40 against a target of 5). The 2019 Annual Monitoring Report (AMR) reports a dip below 5 years (to 4.4 years). However, confirmed housing delivery in 2019/20 (1,159) was higher than our annualised plan requirement (1,142) and the Government has provided the Oxfordshire authorities with a 3-year flexibility while the Oxfordshire Plan is produced. Note: Final quarterly completions for the year 2019/20 (1,159 against a target of 1,142): Q1 – 395, Q2 – 312, Q3 – 223, Q4 – 229.

Deliver Innovative and Effective Housing Schemes

is reporting Amber for July and Year to Date. One of the sales at Hope Close anticipated to completed at the end of June was delayed due to COVID19 due to survey delays on the property the buyer was selling. The other is proceeding but was also delayed due to COVID19 issues.

Average time taken to process Housing Benefit New Claims is reporting Green for July and Year to Date (10.54 days against a target of 15). In July 20 the average time taken to assess new claims for benefit was 10.54 days against a local target of 15 days. This is much improved from June when the average was 14.05 days. During the COVID19 crisis we saw a sharp increase in the number of new claims received and, although this has now stabilised, with the end of the furlough scheme.

Priority: Leading in environmental sustainability

- 3.6 The Council is committed to deliver on our commitment to be carbon neutral by 2030, to promote the Green Economy and increase recycling across the district. This priority includes the protection of our natural environment and our built heritage, working in partnership to improve air quality in the district and the reduction of environmental crime.
- 3.7 Overview of our performance against this strategic priority:

Reduction of fuel consumption used by fleet is reporting Amber for July and Year to Date (40,422 against a target of 37,619). More refuse vehicles being used compared to last year as tonnage collected still high. This reflects extra tonnages which have been collected this period.

% Waste Recycled & Composted is reporting Green for July and Year to Date. Recycling rate is currently 59.1%. An increase in total waste and recycling of over 3000 tonnes in the first four months, compared to last year, this is a 14% increase

Protect the Built Heritage is reporting Amber for July and Year to Date. The Team continues Continue to work closely with Development Management on cases of heritage interest and the on- going Conservation Area Appraisal programme. Nine Conservation Area Appraisals are in progress. Eight have been subject to public consultation and another is being drafted. Several heritage guidance notes are also being prepared. The team intends to complete as many as possible as soon as possible while maintaining its service to Development Management in the current remote working situation.

Reduce Environmental Crime is reporting Green for July and Year to Date. Since the COVID19 lockdown commenced the Environmental Enforcement Team has continued to investigate fly tips, the increasing litter issues around PPE, waste accumulations and dog fouling complaints.

Priority: An enterprising economy with strong and vibrant local centres.

3.8 The Council is committed to support business retention and growth, developing skills and generating enterprise; also, securing infrastructure to support growth in the district and securing investment in our town centres. This priority also contributes towards making communities thrive and businesses grow promoting the district as a visitor destination, committing to work with businesses to ensure compliance and promote best practice.

3.9 Overview of our performance against this strategic priority:

% of Council Tax collected, increase Council Tax Base is reporting Amber for July and Year to Date. The Team has achieved a cumulative collection rate of 37.45% against a target of 39.00%, with targets amended from last year to take into account the increased number of 12 monthly payers; whilst just over 1.5% short of our target, we are only just over 1% behind the same period last year. There are 3 main

factors that affected collection rates this year; the increased number of 12 monthly payers, an increase in the number of Council Tax Support claimants and those Council tax payers who won't pay unless reminded to do so.

Support Business Enterprise, Retention, Growth and Promote Inward Investment is reporting Green for July and Year to Date. The Team Supported CDC's implementation of the COVID19 Government grant schemes (Small Business Grant Fund; Retail, Hospitality and Leisure Grant Fund; and Discretionary Grant Fund) given to local businesses. One-to-one advice and detailed support was provided to 16 businesses in July 2020, plus, guidance in July 2020 on grants given to other businesses. Also, provided additional support to potential inward investors and Property developers.

% of Business Rates collected, increasing NNDR Base is reporting Red for July and Year to Date. The Team has achieved collection rates of 35.97% at end of July against the target of 40%. The amount of business rates collected this year have dramatically decreased due to the awarded extended retail rate relief scheme, with an amount due to be collected standing at £48.5m. However, this figure decreases on a daily basis with more and more companies applying and awarded the relief. We are proactively chasing debts by phone and by email, however, formal recovery will not commence until mid-August 2020.

Develop a Cherwell Industrial Strategy is reporting Amber for Quarter 1. Work on the Cherwell Industrial Strategy was paused to create capacity to support local businesses in response to COVID-19. The next step is to review the priorities of the emerging Cherwell Industrial Strategy to address post COVID-19 economic recovery.

Develop our Town Centres is reporting Green for July and Year to Date. The team maintained a close working stream with officer groups and partners to ensure continued safety, regarding the reopening of high streets within the district. During this period the team has engaged with stakeholders regarding the Reopening of the High Streets Safely Fund.

Deliver the Growth Deal is reporting Amber for July and Year to Date. A draft strategy consultation was planned for Summer 2020 but paused, because of the need of staff to engage with the business community in response to COVID19. An economic research has been commissioned in July 2020 to inform the review of the LIS and preparation of CIS, to take account of the impact of COVID19 on the Oxfordshire and Cherwell economies.

Priority: Healthy, resilient and engaged communities

3.10 The Council is committed to enable all residents to lead an active life, improving and developing the quality of local sports and leisure facilities, promoting health and wellbeing in our communities. Also, supporting community and cultural development; working with our partners to address the causes of health inequalities and deprivation, and to reduce crime and anti-social behaviour.

3.11 Overview of our performance against this strategic priority:

Enhanced Community Resilience is reporting Green for July and Year to Date. Liaison continues with partners, through the local resilience forum, to coordinate work relating to COVID19, with the emphasis now moved from response to recovery. Plans are being established with partners to support the management of local outbreaks, with a specific focus on the different settings in which outbreaks could arise and the support for people affected by the outbreak. Partners are also liaising closely on forthcoming events in the county and how the risks arising from these events will be managed.

Promote Healthy Place Making is reporting Green for July and Year to Date. The Inception meeting was held for evaluation of the wayfinding scheme in Kidlington with the consultancy State of Life Grant agreement signed with Sport England for the Wayfinding project in Kidlington. Also, the team has provided on-going place-based advice into road reallocation teams to promote safe cycling and walking.

Support and Safeguard Vulnerable People is reporting Green for July and Year to Date. The time taken to assess both new claims and change events for benefits is very good for the month of July so offering support to our more vulnerable residents. The team continues to award discretionary housing payments in a timely way, also, continues to work closely with colleagues in Housing to support residents. There is an increase in safeguarding referrals with concerns over exploitation and slavery and work is underway to put a campaign together to raise awareness.

Summary of Performance

- 3.12 The Council reports on performance against 40 Business Plan Measures, with 22 Programme Measures and 18 Key Performance Indicators. The full details, including commentary against each measure and key performance indicator can be found in Appendix 2.

Programme Measures and Key Performance Indicators (40)

Finance Update

3.16 Revenue Position

The Council’s forecast financial position up to the end of July, is set out in the table below following a review across the Council’s service areas. Overall, for the financial year 2020/21 Cherwell District Council is projecting an overspend of £5.099m across the directorates. The gross Covid-19 impact for the year is estimated to be £6.928m with Directorate budgets identifying underspends of £2.070m. This is an improvement from last month of £1.0m. The Council continues to benefit from beneficial interest rates which are forecasting an underspend of £0.540 for the year.

3.17 For more detail on the movements across all budgets please see Table 1 showing the main reasons for the variances in 2020/21.

3.18 In order to allow CDC to complete forecast in year spending returns for the MHCLG and estimate the financial impact of Covid-19 the following assumptions have been applied:

- Assumed phased restart of economy from June to August based on Government decisions to mid-June (e.g. re-opening of high streets)
- Assumed full restart of the economy from September (e.g. opening of leisure centres)
- Assumption that full economic rebound does not happen before end of financial year
- Assumption that support to some providers will continue to the end of October in line with the new Procurement Policy Notice (PPN 04/20).

3.19 Applying these assumptions generates a forecast pressure from Covid-19 of £6.9m for 2020/21. This is a combination of additional costs and loss of income arising from the impact of the Covid-19 pandemic on Council services. This is partially met by Covid-19 LA support grant funding available in 2020/21 of £1.8m and a potential further grant of £1.34m to partially meet irrecoverable income losses. This reduces the in-year pressure to £3.8m.

3.20 CDC has identified options for how it will meet any funding shortfall that may remain for 2020/21 which were considered by the Executive on 20th August and will be considered by Council on 7th September.

3.21 There are further risks to the forecasts for service delivery such as the possibility of a second period of lockdown, either nationally or locally, to respond to a second peak in Covid-19 cases. This scenario is difficult to model as this would impact different services to different degrees with some services forecasting higher costs in the recovery phase than the response phase.

Communities

Communities predicts an overspend of £1.559m against a budget of £6.429m (24.2%).

Environmental Services	<p>Of the forecast, the most significant element is the anticipated loss of car parking income, estimated to be £1.0m equating to approximately half the level expected.</p>
Variation £1.544m overspend	<p>Also included is an anticipated reduction in income of £0.042m, additional spending of £0.356m related to waste activities, such as recycling and increased tonnage, a £0.079m increase in National Non-Domestic Rates & Business Improvement District charges, £0.072m increase in management variable fees and in year savings that have been identified.</p>
Last Month £1.564m overspend	
Regulatory Services	<p>The spending and loss of income related to Covid-19, including the decision to waive the first quarter's Street Traders licences and costs related to the Local Outbreak Control system, will be offset by salary savings due to vacancies, reduced travel costs and joint working with Oxfordshire County Council.</p>
Variation £0.015m overspend	
Last Month £0.025m underspend	
<u>Place and Growth</u>	
<p>Place and Growth predict an overspend of £0.376m against a budget of £3.506m (10.7%).</p>	
Planning & Development	<p>As at end of July, there is a significant forecast of £0.702m reduction in income from Planning Application fees and Building Regulation income of which £0.506m is related to Covid-19. Budget savings due to reviewing vacancies and other areas has reduced expected overspend by £0.208m from last month's forecast.</p>
Variation £0.606m overspend	
Last month £0.814m overspend	
Growth & Economy	<p>A recent review of vacant positions has identified a number of posts that will now not be filled this year or until later this financial year. This and reviewing working efficiencies have resulted in an increase in</p>

Customers and Organisational Development

Customers & Organisational Development predict an underspend of £0.125m against a budget of £3.901m (-3.2%).

Customers & Organisational Dev.

Due to the impact of Covid-19, there is a decline in house sales impacting on Land Charges income, resulting in an under recovery against the budget, this has been offset and further savings identified after reviewing current vacancies and other service areas costs.

Variation

£0.125m underspend

Last Month

£0.157m overspend

Adults and Housing Services

Adults and Housing Services predict an overspend of £0.090m against a budget of £2.932m, (3.1%).

Housing & Social Care

The overspend can be predominately attributed to the impact of Covid-19, which includes costs of temporary accommodation plus associated 'move-on' costs post lock down. Offsetting the overspend are salary savings as a result of reviewing posts that have been vacant for the first part of the year and other costs resulting in an estimated £0.160m reduction in overspend for the year.

Variation

£0.90m overspend

Last Month

£0.250m overspend

Public Health & Wellbeing

Public Health & Wellbeing predict an overspend of £1.342m against a budget of £3.066m (43.8%).

Wellbeing

The forecast overspend of £1.4m is predominately due to the Covid impact of £1.8m. This includes the loss of income from holiday hubs and hiring of sports facilities during closure as a result of Covid-19 alongside the expectation that contributions may

not be received from external parties towards the costs of leisure facilities. Furthermore, in order to

support the leisure centres during closure as a result of Covid-19, CDC has provided financial support in addition to the contractual management fees. Offsetting these costs are savings of £0.4m identified from reviewing existing costs and vacancies and funding for compensatory payments for a leisure provider linked to access restrictions which is no longer required.

Healthy Place Shaping

Savings are forecast to be made on salaries due to vacant posts.

Variation

Commercial Development, Assets and Investments

Comm. Dev. Assets and Invests. predicts an overspend of £1.857m against a budget of £2.208m (84.1%).

Property

Significant reductions in commercial rent from commercial properties are currently forecast as a result of Covid-19. In addition, there is the potential that CDC may incur dilapidation costs for failed businesses. Reviewing expenditure plans has however provided potential savings to slightly offset some of this impact by £0.200m for the year.

Variation

£1.873m overspend

Last Month

£2.1m overspend

Finance

This is made up largely by supporting the additional work related to Covid-19, such as the business grant schemes and additional support with the extension in the completion of the Statement of Accounts. Additional government support through the New Burdens grant funding may be made available later in the year to help further offset some of this cost.

Variation

Executive Matters

Executive Matters predicts an underspend of £0.540m against the budget of £3.563m (-15.2%).

Interest Costs Reduced borrowing costs and lower rates are creating a positive variance against budget for 2020/21. £433k

Loan Interest £108k savings due to additional borrowing requirements by Graven Hill (indirectly Covid related)

3.23 Capital

There is a forecast in-year underspend of £12.305m, of which £11.570m is anticipated to be reprofiled in future years. There is an overall forecast reduction in the total cost of schemes of £0.734m. A review of the capital programme will be undertaken as part of the budget process to consider what schemes the Council will progress in the future
