

love/

- d) It produces high volumes of leaf and seed fall which causes a particular nuisance to our adjoining neighbours occupying 'The Barn' in that this material drops into and contaminates their swimming pool and causes blockages to the pool filters. (see attached diagram)
- e) It is one of a close group of 3 existing birch trees in this part of the garden and, in my view, its removal would not affect to any great extent the visual amenity provided by the tree planting in this location.

I would therefore respectfully request that the Tree Preservation Order be revoked and that I am given permission to proceed with the removal of this tree,

Yours faithfully

A. Matthews
