No amendments have been proposed on the following motions:

- Motion to declare a Food Poverty Emergency
- Campsfield House, Kidlington, Motion

The deadline to submit has now passed and no amendments (further amendments are now permitted):

**Motion Proposer: Councillor David Hingley**

**Motion Secunder: Councillor Ian Middleton**

**Topic: Cost of Living Crisis**

#### Motion

“There is a pressing need to address the cost-of-living crisis.

Inflation is squeezing already stretched household budgets – propelled largely by energy price increases. On 1 April 2022, Ofgem increased the household energy price cap by 54 per cent - this excludes homes using solid fuel oil or bottled gas. However, the cap does not protect businesses. Energy cost rises affect all aspects of life: from logistics and food production to home heating and cooking. Many Cherwell families face the hard choice between heating and eating.

This crisis demonstrates the need to change our energy supply, not only to prevent a climate catastrophe, but also to maintain a functioning economy for all. The UK Government has announced tax reliefs for companies investing in "UK extraction". This move is encouraging more investment in North Sea oil and gas extraction, whilst hampering energy decarbonisation plans.

This Council therefore declares a 'Cost of Living Crisis' and calls on the Leader to write to the Government to:

1. Put in place schemes for subsidising bus and train travel, to ensure people can travel affordably and sustainably
2. Urgently review the energy cap to cover all types of domestic fuels and provide protection to SMEs.
3. Expand the coverage of the Rural Fuel Duty Rate Relief.
4. Provide immediate financial support for councils to aid the most vulnerable.
5. Demonstrate a real and immediate increase of investment in UK renewables to decarbonise the energy sector and prevent a future energy fuelled cost of living crisis."

**Topic: Refugee Crisis Motion**

### **Motion**

“The UK government response to the Ukrainian refugee crisis has been criticised for its slow start and unnecessary bureaucracy at a time of extreme stress for people fleeing a war zone.

Many of the problems associated with the Homes for Ukraine Scheme have been piled on to local authorities already dealing with the fallout from the pandemic and the emerging cost of living crisis.

Nevertheless, the generosity of our residents and the dedication and hard work of our housing team has ensured that hundreds of guests have been placed with hosts in Cherwell. But there is now some uncertainty about the longer-term prospects for these people as the conflict in their home country continues.

Ukrainian support groups such as the Opora network have reported that finding longer term accommodation may be hampered by requirements from landlords and lettings agencies for extensive reference checks, including proof of earnings in the UK going back some years along with other documentation. According to reports, many refugees have been told point blank that they have no chance of renting in the UK. This is a problem that may impact all refugees.

This Council therefore re-affirms its commitment to providing as much support as we are able to all refugees in Cherwell and calls on the leader to write urgently to the Home Secretary seeking reassurances on long-term support packages, including national agreements with landlords and lettings organisations to prevent another major crisis that our housing and homeless agencies will have to deal with.”
