40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

What is your name? - Name

Dr Julia Gasper

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

no

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Supports green space designation at Banbury Lane Nethercote. Nethercote would be poorer for the loss of Banbury Lane.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Growth needs to be limited and expansion to subsume villages to stop. Many villages have become 'rat runs' because of poor road systems.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

No, brownfield sites like Heyford Park should be considered.

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

Concerns about non completion of Howes Lane bypass/underpass. Affordable housing being reduced from 30% to 10%.

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to proposal for building on green belt land north of The Moors. Too much green belt surrounding Kidlington already taken for development of 4,400 houses. Council is providing more houses than necessary/should revise number in line with Governments standards figures. The Moors is a busy road/traffic calming measures already in place. 300 houses will increase traffic with another 600 cars. Significant flooding in fields/gardens, building 300 houses will exacerbate this issue. Cherwell should preserve countryside around Kidlington, as a vital amenity for residents/wildlife. Council should stand by statement made in 2021 consultation - not proposing further residential development in Green belt. Green Belt boundaries should endure beyond lifetime of local plan/major revision made to Green Belt three years ago, further revision not justified.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

Objects to construction on land North of The Moors. States that in 2021 CDC it would not propose further house building in Green Belt around Kidlington. There would be a significant increase in traffic. Huge increase in run-off water to back gardens

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to plans to develop farmland between The Moors and River Cherwell in Kidlington. Residents have little recreation facilities and plans to develop land that provide public footpaths to Thrupp woods will have a negative effect on residents/visitors who use the area for walks. Land also floods regularly and building more houses will have aggravate the flood problems.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to 600 houses being built between the Moors and river - would change nature of oldest/most iconic street in village. If new housing is needed, it should be in areas of village which already have that type of housing (Western side) so it is architecturally in keeping. Access to development would overload road capacity of The Moors. To use Green Belt land for such purposes goes against purpose of designating land as Green belt.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Regarding proposed building on green belt land north of The Moors Kidlington - land is part agricultural/part community both well used. To take this away would be a mistake - land floods most winters/building on it will move water table elsewhere (The Moors?). Plans to build both sides of Oxford Road (North Oxford to Sainsburys roundabout), FC Stadium and The Moors will have adverse effect on wildlife in area. Appreciate need for more housing but consider better sites/brownfield. No additional doctors/dentists/schools/shops or will these be included in plans for site? Request to reconsider plans/leave the area for residents to enjoy.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Providing better cycling and walking routes will not make much difference to the traffic congestion that will result from all the new development proposed in the area.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Suggests a policy to limit conversion of existing houses to apartments and re-development of properties such as bungalows to apartment blocks. Such developments lead to parking and traffic problems for neighbours.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

Objects to development on green belt. Major revision was made to Cherwell's green belt boundaries only 3 years ago, it is hard to see how further revision can happen now. The fields behind The Moors are one of the last areas of unspoilt, tranquil open countryside surrounding Kidlington which provide a setting St Mary's Church and have archaeological interest. There is a potential to create flooding problems with runoff from new hard surfaces. Brownfield sites such as the one proposed in Heyford by Dorchester Living should be considered.

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Regarding proposed development at The Moors. Location is unsuitable - Substantial increase in traffic will create hazardous situation for drivers trying to access/exit area, additional houses will worsen problems (concern re potential accidents/deterioration of quality of life). Crossing A4260 challenging/particularly at rush hours. No safe place to cross between the Moors turning and Langford Lane traffic lights, development will exacerbate problem posing safety risk. Safety of community members a priority. Loss of recreational opportunities: physical/mental health benefits/space for recreation/relaxation/views. Construction period several years, not able to access remaining fields due to construction site. Valuable Community Amenity: one of few unspoiled areas of countryside for residents to enjoy on foot. Protection of Wildlife: home to diverse range of wildlife/vital we protect natural habitats. The field in the 'Recovery Zone' of Oxfordshire Nature Recovery Network. Construction traffic will impact on The Moors, with no alternative access routes. Concern over implications of new bus routes/increasing traffic along North end of Moors with growing number of vehicles/parked cars. A4260 already struggling to cope with existing traffic. Strain on local services (GPs/public transport)/cannot withstand further burdens. Kidlington has significant numbers of planned building works (exceeds Government's standard requirement for housing?). Essential to balance need for new housing with preserving existing communities/amenities. Protection of Green Spaces - need to do more not less to safeguard green ring around Kidlington.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Concerns re development behind the Moors, North Oxford golf club, opposite Sainsbury's, Oxford United football stadium and Yarnton/Begbroke.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

Questions where people are supposed to walk if all the greenbelt disappears. Concerns regarding flooding with climate change. Makes sense to use brownfield sites in the first instance.

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Do you have any additional comments on the Kidlington Area Strategy chapter?

Concerns regarding development at The Moors, access inadequate, this is recreational area heavily used for walking, exercise and enjoying nature which becomes soggy, muddy and inaccessible during the winter. Insufficient details of improved infrastructure. Plans for enhancing the centre of Kidlington do not embrace the likely needs for shops, restaurants etc. If people only spend their money in Oxford or other large centres, it would result in a dormitory or ghost town not a thriving community. Concern over increase in traffic especially in the light of the proposed football stadium. The bus service has declined, it is less frequent and less reliable.

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

In the 2021 consultation, Cherwell Council stated it was not proposing further residential development in Green Belt around Kidlington. Given the amount of Green Belt lost to previous review, Council should stick to that position/remove land behind The Moors as possible site for development - one of the last unsplit sites around Kidlington with footpaths/open views/wildlife. Part of land susceptible to flooding - development would increase risk. The Moors unsuitable for large volume of traffic/used as "rat run", already traffic calming measures in place, not suitable for increase in traffic. Should look at potential to develop brownfield sites (eg Dorchester Living at Upper Heyford) prioritise brownfield sites over Green Belt.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

What is your name? - Name

Tamara Lucatz

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Comments strongly object to exaggerated need for housing and irreversible use of precious green belt protected land, for no real use or need.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

Fields being developed on are occupied by countless species of animals/birds - this biodiversity should be valued. An opportunity to lead country in setting an example of respect for diminishing wildlife/biodiversity. Uninterested in benefits of green space to humans/other species and appears to be limited interest in protecting environment for current/future generations.

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Concerned about development of land behind The Moors on greenbelt. Importance of greenbelt cannot be underestimated, lungs of country to help mitigate pollution that additional housing/vehicle access cause. Understand the need for housing but this type is not going to help with need for Affordable homes. With the proposal of football stadium/associated road closures when events are on, the amount of additional housing in area and movement of traffic in/out of Oxford will make Kidlington as a commuter village unsustainable. Area close to Saint Mary's Church is area of outstanding natural beauty/architectural/historic importance. Proximity to Cherwell river/watermeadows adjacent should be protected. Amenity area/valuable green area for wildlife/plants. Previously area discussed/protected by council, should continue with that status for sake of health of community/future generations. Greenbelt boundaries enjoyed beyond lifetime of local plan, revision was made three years ago/further revision cannot be justified.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

LPR-C-243
What is your name? - Name
Cllr George Reynolds
What is your organisation (if applicable)? - Organisation
Cherwell District Council
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
yes
Please provide name of person or organisation you are representing. - On behalf of
Cherwell District Council
1: Do you have a view on the Plan period?
Time the Plan covers is not a problem provided it is adopted as soon as possible' if a longer period means a later adoption date then against extending the plan period.
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Policies that have served the test of time and are understandable need to be retained.
Do you have any additional comments on the Introduction Chapter?
As Councillor, represents over 20 villages/hamlets and so the main concern will be to ensure policies in the plan protect/preserve integrity of these villages especially preventing them being joined up to Banbury. Hope plan is easy to understand so Parish
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Supports Plan's strategy concerning Banbury and Rural Areas. Re renewable energy will support solar panels on buildings (especially industrial) as well as on car parks, etc. Can support small solar arrays in countryside but not large solar farms. Does not support wind turbines.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

Any development in rural areas must take account of local concerns on flooding. Supports use of brownfield sites and rural diversification but all developments must take account of local environmental conditions. Opposes 30 houses per hectare in villages (may turn them into mini urban areas) suggests 20-25 more appropriate.

15: What are your views on our proposed approach to tourism development?

Supports policy on rural tourism.

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Supports housing sites proposed for Banbury but would resist further ones especially if they compromised gap between town and villages of Drayton and Hanwell. Not convinced an extra 500 houses are needed in rural areas as many dwellings recently built and larger villages need time to settle. Suggests 400 houses is sufficient.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Supports settlement classification although there is a need to clarify villages, hamlets, and parts of village in civil parishes. Supports policy that any development in smaller villages must be modest/proportionate in scale. Re Housing Mix -disappointed

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

Re CP45 - most important policy in plan/needs to be rigidly enforced - gaps between Drayton village Hanwell village and Banbury must be protected. Play areas/any recreation provision must involve local Parish Councils, urban provision should concentrate on artificial sports pitches as statutory. Many villages in ward have historic cores, these must be protected from modern development that detract from conservation areas/listed buildings. Oxford canal winds through the ward from Banbury to north of district - fully support CP60.

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

Supports Banbury area strategy but believes no further allocations needed. Infrastructure, especially highways, must be improved if housing allocated now and in plan are to be built without all services being compromised. Idea that cars will disappear is

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

Supports rural area strategy with following reservations - believe 500 extra houses is too many, 400 would be better. Rural exception sites should always be within the village as those outside often lead to unwanted commercial development. Small isolate

Yes
Please provide name of person or organisation you are representing. - On behalf of
BBOWT
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

CP1, 2, 3 & 4 welcome inclusion/broadly welcomes content. CP6 - considers policy needs to include content to ensure renewable energy not at expense of biodiversity and projects maximise biodiversity outcomes. CP 10 - welcomes inclusion of this policy. CP11 - broadly welcomes policy/content but has two significant concerns; 'Priority Habitats and Priority Species': unable to find policy relating to subject which consider a concerning matter (see Rep for NPPF quotes), policy required to achieve requirements stated in NPPF. Wording in CP11 insufficient. 'Irreplacement Habitats': considers policy less strong than that NPPF requires. Nature Recovery Network - consider additional policy is needed on this which alongside CTAs represent main ecological networks. Biodiversity in Built Development - important aspect for many reasons. Welcomes content in CP11 however considers it needs greater content to ensure all new development is exemplary in terms of integrating biodiversity features. Would welcome policy on Canopy Cover and Street Trees - to ensure new developments provide high level of street trees/trees in open spaces (see Rep for ref to Wycombe LP and NPPF paragraph 131). CP 12 - requests a minimum of 20% or more net gain across the board to be included in policy inline with Oxfordshires Biodiversity Advisory Group. Paragraph 3.58 - support intention but considers should be backed up in planning policy, at present cant see policy that achieves this. CP13 - welcomes inclusion and content of policy. CP14 - cautiously welcomes policy if it does not in any way undermine policies for biodiversity. Any natural capital approach must appreciate nature has inherent value not always be quantified/scenarios where biodiversity conservation should be pursued even where a natural capital approach would not suggest its prioritisation. CP15 - welcomes inclusion of policy however emphasise that quality of that greenspace is important in benefits it can provide for mental/physical health (see Rep for examples and suggested wording to include). Recommends the policy makes specific, measurable requirements of amount of green space provided in/around new development and quality and wildlife richness of that green space. Specific measurable policies need to be set out that relate to increasing opportunities for exercise in green open spaces/increasing wildlife richness of areas. CP9, 16 & 17 have considerable impact on wildlife/people, planning policy should be provided with clear requirements on developers to ensure that impacts on wildlife from both air/water/noise pollution are avoided wherever possible/minimised. CP18 concerned by implications for wildlife from introduction of lighting through developments, would recommend wording on lighting and wildlife to set out expectations to minimise impact of lighting on wildlife.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Very limited capacity to assess proposed site allocations, not a full response just headline points where aware of particular issues. Raised concerns about a number of sites and may on receipt of further information object to additional site allocations

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

CP 66 welcomes statement: "Deliver an improved and enhanced green infrastructure network across the town, including access to green spaces, the Oxford Canal and River Cherwell corridor, and children's play space, allotments and community gardens;" and CP6

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

Had very limited capacity to assess proposed site allocations, not a full response just headline points where aware of particular issues. Raised concerns about a number of sites and may on receipt of further information object to additional site allocat

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

CP73: welcomes reference to green infrastructure in Bicester Area Strategy but considers reference should be made to maximising wildlife value of these green spaces where possible for biodiversity reasons and positive role in mental/physical health. Cons

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Had limited capacity to assess proposed site allocations, not a full response just headline points where aware of particular issues. Raised aised concerns about a number of sites and may on receipt of further information object to additional site allocations over/above those objected to at present. South-East of Woodstock - concerned by allocation due to value of some of the on-site habitat and proximity to nearby SSSI. North of the Moors - concerned by allocation and object to it being taken forward. Takes Kidlington further towards Lower Cherwell Valley CTA and directly into NRN Recovery Zone. Consider this extension to Kidlington presents a considerable risk to wildlife of CTA, the river valley/protected sites through increased recreational impact, hydrological impact, air pollution, ecological isolation and from impacts of urbanisation on species that are not adapted to tolerate such urbanisation. Potential expansion of Begbroke Science Park - concerned by the potential for impact on Rushy Meadows SSSI amongst other sites, impact must be avoided.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

CP80 welcomed but consider reference should be made to maximising wildlife value of these green spaces wherever possible, both for biodiversity reasons and positive role to play in mental and physical health.

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

Had very limited capacity to assess proposed site allocations, not a full response just headline points where aware of particular issues. Raised concerns about a number of sites and may on receipt of further information object to additional site allocat

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?
65: Do you have any comments on these measures?
Do you have any additional comments on the Implementing the Plan Chapter?
66: Do you have any comments on the appendices?
Do you have any comments on the supporting technical evidence?
Do you have any additional comments on the Draft Local Plan Review?
Regarding Site Allocations - only have limited capacity to assess individual sites - not clear what level of ecological assessment has so far been carried out with respect to proposed site allocations. Prior to adoption of any site a full initial assessment of the ecological value should be undertaken to inform allocation of sites to determine whether appropriate in terms of biodiversity impacts. Would expect planning applications for sites to be judged robustly against policies of Local Plan and National Planning Policy Framework. Impact on protected species, designated sites and any Species and Habitats of Principal Importance for Conservation in England (listed under Section 41 of NERC Act (2006) that may be affected will need to be assessed in relation to planning applications on these sites, will require a full suite of surveys/assessment to be submitted with any actual development planning applications. Some sites wintering bird surveys will be needed in addition to breeding bird surveys. Most recent ecological records should be sought from TVERC in addition to ecological surveys being carried out in the right survey season. Priority habitats: some of sites proposed for allocation include priority habitats/have priority habitats nearby, where site can be taken forward priority habitats must be retained in full/managed in perpetuity for their wildlife and impacts must be avoided for those on/off-site. They should also be buffered with seminatural habitat (suggests minimum buffer of 30m for irreplaceable habitats and 50m where habitat is within a designated site such as SAC, SSSI, LWS and BNSO. Other priority habitats except for hedgerows should have a minimum buffer of 15m. Hedgerows - large proportion of proposed sites include hedgerows, vast majority will be priority habitats (or habitats of principal importance under the NERC Act (2006). Hedgerows should be retained/developments placed between hedgerows rather than removing (see Rep for detailed management).

Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
The proposed developments in rural areas would alter the landscape of the environment, all proposed rural development should be confined to Heyford Park brownfield site.
5: Do you have any observations on our objectives?
SO3 is not achieved by allocating development on greenfields rather than brownfield furst. SO4 - CDC lacking sound record of such housing provision. SO7 - CDC should be proactive in reducing class sizes to encourage and facilitate learning.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

On rural areas p13, wording should be 'an availability of wider services' as there is a difference between services being present and being available if all capacity is taken.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

There is no mention of Hydrogen as a form of heating, alternative fuel or for vehicles. As CP22 focuses on EV infrastructure it misses an opportunity for alternative fuel. On CP24, many larger villages do not have brownfield sites so the brownfield register should be used for new development and only when this is exhausted should greenfield be considered. The mention of nest boxes being used is welcomed but is overlooked by the biodiversity net gain calculations, and the policy would be effective if it was specific. More details re swifts in the rep.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

It should not mean the proliferation of farm buildings being converted for residential use with access off country lanes then followed by requested for additional farm buildings on the same site. The expansion of rural garden centres with large poly tunnels should not be encouraged as they do not provide employment/ training for local people.

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

The assessment of larger villages is not shown and that there is a difference between a facility being present and having the capacity for increased use.

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

Allocation for rural areas could be accommodated at Heyford park. Questions if part could include a self-sustainable development with little impact on wastewater infrastructure.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

In support of these views.

62: Do you support our preliminary proposals for housing in our rural areas?

It is fine but notes that it is the detail and the planning decision where policies appear to diverge.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Concerned over proposed plan for the Moors in Kidlington - used for recreational purposes/important area for enjoying outdoor environment. Number of times in last few years the fields flood/water stretches from river Cherwell almost to church.
Kidlington would be much poorer place if this land was taken away.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Plan for land at The Moors must not happen. Green spaces where people walk to river/children play disappearing. Priority should be brownfield sites like Heyford. Natural areas valuable for all/suburban sprawl is not what most people want.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

Most immediate/serious social problem is inability to find houses affordable to buy/rent, will affect society for years to come. Problem not tackled in this plan. Solution is for limited period. Majority of new houses should be cheapest possible accommodation built on brown field sites in Banbury/Bicester where work/basic facilities available/does not add polluting car miles to road system. Flats obvious but consideration be given to homes to let as well as buy (possibly a time limit on occupation with those renting moved out to the top of housing list). Current system results in developers controlling prices. Government to make special grants to well- presented projects.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

Objects to The Moors due to it being green belt land used for recreation. The development would increase traffic levels and there is not a need for more housing in Kidlington.

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Hanwell village playing field, used for HanFEST

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Objects to the idea of improving access to M40 with new junction on Southam Road. A new junction south of Banbury would remove traffic into Banbury from south of the town and improve air quality on Hennef Way.

Do you have any additional comments on the Banbury Area Strategy chapter?

Development of brownfield sites in Banbury should be a priority and the first approach for renewable energy. The housing number is inflated and should be calculated using the standard method as well as resisting taking Oxford's unmet need.

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

The policy should be strengthened around a sense of separation between settlements as villages are being swallowed up by extensions to Banbury, the identity of villages should be protected.

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

1: Do you have a view on the Plan period?
Para 22 of NPPF states Strategic policies should look ahead minimum 15 year period from adoption, based on current Local Development Scheme it is anticipated that new Local Plan will be adopted by December 2025, which means that 15 year period provided fo
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Supports vision to make sure rural communities “are realising their potential by making the most of”. For additional infrastructure to be provided will be a need for additional residential development in rural areas. NPPF para 79 is clear that “To promote sustainable development in rural areas, housing should be located where it will enhance or maintain the vitality of rural communities” - should be focus in Local Plan Review to allocate some land for development in rural areas particularly larger villages (eg Deddington) to ensure vision can be realised.
5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Strategy to “Direct the development of new housing to the larger and more sustainable villages” is supported. To enhance vitality/viability of rural settlements housing sites should be allocated (ie Deddington/Hempton - present opportunity for additional residential development in sustainable rural settlements/help meet overall vision within emerging Local Plan).

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

New applications should be required to provide 10% Biodiversity Net Gain as required by national policy - could be added into supporting text that Council would look to exceed this where possible.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Supports proposals that allow new employment development on unallocated sites and acknowledge that proposals will also be considered in small villages. As para 79 of NPPF sets out “Where there are groups of smaller settlements, development in one village

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Para 3.184 identifies issues to consider "Is there sufficient supply in the longer term to meet housing need arising from our rural areas?" emerging housing distribution only indicatively allocates 500 houses within rural areas within plan period 2020-2040/comparatively modest allocation. Para 3.187 states Council "have more work to do to assess housing land availability and" insufficient work undertaken to justify 500-homes figure. Based on previous delivery rates rural areas provide significant contribution to housing delivery in district/have key role to play in terms of viability and vitality as acknowledged in proposed vision and should be attributed a greater proportion of housing allocation. Would recommend 500 dwellings proposed is significantly increased. That rural villages can be sustainable locations which support existing/new rural employment opportunities/services/facilities. Proportionate/well planned/designed growth should be accommodated to ensure all rural settlements can grow sustainably. To deprive rural communities of such growth a number of settlements across district will become more deprived, resulting in less sustainable locations/imbanced communities/reliance on private vehicles (conflicting with Para 80 of NPPF).

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Proposed settlement hierarchy is logical - majority of development should be focused on Main Towns, Local Service Centres and Larger Villages. Important not to neglect importance of small-scale development in 'Smaller Villages', mutually beneficial situ

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Supported a need for some housing development in rural areas, however, concerns over Rural Areas Strategy/bullet point "tight management of speculative development and" - agree speculative development should be thoroughly assessed, but statement leaves little room for innovation; development which is sustainable should be supported.

62: Do you support our preliminary proposals for housing in our rural areas?

Part of vision for rural areas is to make villages/rural communities thrive, as part of this there will be a need for additional housing in these settlements. Needs to be made clear that proposed 500 dwellings are a minimum/number should be increased. Wh

63: Are there any potential rural housing sites you wish to suggest?

Wishes to suggest a number of potential rural housing sites/previously submitted to Cherwell Council - Land north of Wimborn Close, Deddington, Grove Fields, Deddington, Land off Duns Tew Road (Radwell Hill), Hempton, Land south of The Lane, and Hempton.

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

Objects to The Moors due to it being green belt land with a value for wildlife and recreation. Comments traffic congestion would worsen.

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

No further allocation at Heyford park and remove reallocate or reduce the 1235 draft target.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

In support.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

The focus should be on employment not more houses.

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

Strong support for core policies 83 and 84. Should be as ambitious as possible.

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

A new station should be integrated properly and sensitively with the surrounding area and villages to include cycling and pedestrian access.

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

There should be improvements to pedestrian access to protect from traffic.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

The housing targets are more than required and unsubstantiated. Notes pedestrians require protection from traffic which is a major issue in Somerton, the Astons, the Heyfords and Ardley.

19: Do you have comments on the Housing and Economic Needs Assessment?

Housing targets are exaggerated – housing numbers well above Government’s agreed housing methodology pushing up housing figures from 14,840 to 25,860 (increase almost 75%). Housing targets should reflect the people within the local area.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

Need a clear brownfield first approach to all developments/renewable energy projects – all Oxfordshire’s solar energy needs could be met on rooftops or brownfield sites. Land is precious - not only for agriculture but for mental health benefits. Green belt land should be protected/not be built on.

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors as there is no justification for taking further green belt as well as the area being rich in biodiversity and regularly floods. Oxford's housing need should be covered by Oxford. Notes there are no realistic proposals to address traffic needs or to improve water supply and waste water drainage.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

What is your name? - Name
Kirsty Buttle
What is your organisation (if applicable)? - Organisation
Sibford Ferris Parish Council
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
yes
Please provide name of person or organisation you are representing. - On behalf of
Andrew Meyler Parish Councillor
1: Do you have a view on the Plan period?
The plan period is reasonable but the consultation being over 3yrs into the timeframe of the plan does not make sense.
2: How could we improve the presentation of the Plan?
Improvements to navigation would be welcome.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
It is comprehensive and desirable.
5: Do you have any observations on our objectives?
Requests: Add text to SO5; Reduce dependency on the private car as a mode of travel, facilitating the creation of a net zero carbon transport network, whilst recognising the continuing necessity of the private car in rural areas and therefore limiteing de
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Content with strategy particularly on Rural Areas and categorization of Sibford Gower and Sibford Ferris as smaller villages.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

It is appropriate.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

It is appropriate.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

It is appropriate. Add third criterion to be met by proposals in small vilages, namely that any negative impacts from the proposed development on the local environment/infrastructure are explicity mitigated.

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

It is appropriate. Add 5th and 6th criterion to be met by proposals for new tourism and visitor facilities in villages and the open countryside; provide significant numbers of job opportunities suitable for local people and; that any negative impacts from the proposed development on the local environment/infrastructure are explicitly mitigated.

16: What are your views on our proposed approach to retail development and town centres?

It is appropriate.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

It is appropriate.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

It is appropriate.

19: Do you have comments on the Housing and Economic Needs Assessment?

It is appropriate.

20: Do you have comments on our emerging housing distribution?

The total for rural areas should be an upper limit to be exceeded in certain explicitly defined circumstances only. Requests the plan explicitly acknowledges the rural areas should originate from allocated sites in the most sustainable locations and development in smaller villages should be limited to infill only. Requests a senior CDC officer is a designated consultee within the planning process on the subject of harms arising from proposed developments.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

The designation of Sibford Ferris and Sibford Gower as smaller villages welcomed.

23: What are your views on our suggested policy for affordable housing?

It is appropriate. Include wording designed to preclude situations where, planning permission having been granted by CDC for a development which includes provision for affordable housing, the developer subsequently amends the plans to remove, diminish or otherwise dilute the affordable housing provision. Parishioners feel strongly that this effective amounts to deceptive practice which should not be tolerated.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Supports maximising the delivery of affordable housing and in particular the delivery of more social rented housing which required that sacrifices were made in respect of other requirements.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

Add; The proximity of potential sources of employment.

26: Would you like to propose any sites for consideration as Local Green Spaces?

The valley of the river Sib between Sibford Ferris and Sibford Gower be designated both a Local Green Space and a Settlement Gap. The land south of Faraday House, to preserve the rural nature and character of this part of the village.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

It is appropriate and welcome.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Sites in the area should be explored further for potential allocation for housing.

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

The approach appropriate and welcome.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

Sites in the area should be explored further for potential allocation for housing.

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

It is appropriate.

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

It is appropriate.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

The area should be explored further for potential allocation for housing.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

It is appropriate and welcome.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

It is appropriate and welcome.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

In agreement with local service role for Heyford Park proposed in CP35.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

Employment uses alongside potential allocation for more homes in the longer term at Heyford Park should be considered.

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

Supports the proposals for housing in rural areas.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

App.8. inclusion of Sibford Ferris within the Wider Landscape Zone of the Draft Oxfordshire Nature Recovery Network welcomed, and supported being included either in a Recovery Zone or Core Zone, subject to a better understanding of the precise implicatio

Renewable Energy - evidence compelling that Oxfordshire's solar energy needs can be met on rooftops/brownfield sites. Develop clear brownfield approach to sustainable energy provision/policies to support households achieve cheaper/more environmentally re
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Concern over local protections and impacts on the planet - the consequences of these Plans for the fractured network that supports basic planetary biosphere functions - currently down to just 1% of optimum.

8: Should we identify further land for employment?

Revisit proposed policy on land for employment - it is weaker than in existing plan/needs to be strengthened.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Request removing proposed allocation for housing in Kidlington's Green Belt. Avoid damages to green belt and climate. Low numbers of Green Spaces identified suggest current system not working well/more support for communities involved should be in place to help bring vital element forward.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
CP2/3/4 & 5 - policies overly complex, attempt to address same area of operational carbon and net zero but not clear what is required/ambiguous as to what is trying to be achieved (See Rep for NPPF quote Para 16 d). Commitment to meeting net zero carbon e
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Should not seek a higher BNG requirement than 10%/maintain requirement set out in Environment Act 2021 - above 10% does not meet tests set out in para 57 of NPPF/is not necessary to make development acceptable in planning terms. CP12 attempts to introduce a mitigation hierarchy and sequential preference for off-site BNG delivery, Council should note that section 7.4 of Natural England Biodiversity Metric 4.0 user guide, The Metric, March 2023 identifies a spatial risk multiplier that 'reflects the relationship between the location of on-site biodiversity loss and the location of off-site habitat compensation'; mitigation is therefore already incorporated into the metric/is not necessary to be included within policy, by introducing more onerous sequential test in effect introduces new planning policy/add unnecessarily to financial burden to development/contrary to PPG Paragraph: 008 Reference ID: 61-008-20190315. This element should therefore be removed from policy. Remove the last two paragraphs from Policy 12 and delete corresponding paragraphs 3.65 to 3.68.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

CP36 confirms will seek 30% affordable housing from housing developments over 10 units, this would include proposals for specialist housing to meet needs of older people (sheltered/Extra-Care homes) then little flexibility in policy that continues 'Where this policy would result in a requirement ...'. The PPG on Viability (SD76) confirms 'Paragraph: 002 Reference ID: 10-002-20190509 that 'The role for viability assessment is primarily at the plan making stage. Viability assessment... Para 001 Reference ID: 10-001-20190509 'policy requirements should be informed by evidence of infrastructure and affordable housing need... Different requirements may be set for different types or location of site or types of development.'

A 'Whole Plan Viability Assessment' has been undertaken to support the plan undertaken by HDH, December 2022. Has tested both sheltered/extra care housing on brownfield and greenfield sites with 30% affordable housing in line with the requirements of PPG. Para 10.17 of the Viability Study confirms that 'The typologies include both Sheltered housing and Extra-care housing. These generate Residual Values that are well in excess of the BLV...' and concludes at para 12.89.

Housing for older people often delivered on small brownfield sites separate to housing allocations/other development sites of around 0.5 hectares, tend to be high-density flatted developments located near town centres/around 35 to 40 units/delivered as single phase. Sheltered housing/extra care development differ from mainstream housing (see Rep for examples) requiring such sites to deliver affordable housing/requiring a viability study through application stage is contrary to PPG. Affordable housing requirement creates over aspirational policy requirement but questions deliverability; further viability assessment needed. CP36/supporting paragraphs should be amended -

recommendation add a paragraph to CP36 that reads as follows: Housing that meets the needs of older people in the North and West of the district are exempt from providing affordable housing. In the South and East of the district a viability assessment should be submitted alongside any planning application to assess if schemes are viable to deliver affordable housing given the higher build cost requirements required by this Local Plan.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

CP38 - draft Local Plan supported by Cherwell District and Oxford City Council's HENA, Final Report. HENA confirms it has based its modelling for specialist accommodation for older people on definitions used within the PPG on 'Housing for older and disabled people' - given that there is a greater need for Housing with Support (Sheltered or Retirement living) than Housing with Care (Extra Care) evidenced by HENA, CP38 should be amended to remove the emphasis on Extra-Care housing. Policy should support/promote all types of specialist housing for older people. Developers of older person's housing schemes should not be required to demonstrate need as need identified/benefits that developments bring and if a quantum is specified this should be regarded as a target and not a ceiling. Recommends CP38 wording should be amended to read as follows: "Housing sites will be expected to provide specialist housing to meet the needs of older people (C3 use class) as part of the overall mix. The proportion of specialist housing to meet the needs of older people is to be agreed with the Council based on the nature of the site and proposals in question. Elsewhere, opportunities for the provision of specialist housing for older people or other supported housing for those with specific living needs will be supported in suitable locations close to services and facilities. Proposals for residential care homes (C2 uses classes) and developments which provide for a mix of use classes C3 and C2 where the appropriate infrastructure is provided will be supported (see Rep for highlighted amendments made).

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
It makes sense to have a long-term view but it's hard to plan that far ahead and envisage what these ideas might look like when only aware of the infrastructure of today.
2: How could we improve the presentation of the Plan?
There should be more visual meaning, summary documents very good but maps limited. The consultation event was very helpful but need more visuals to really help consider their impact.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

If they are accessible, yes. Need to ensure good train connections and bus services to these places to ensure that congestion is eased if they become a focus for employment development. Kidlington in rush hour is a challenge. Bicester has good travel con

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

It is hard to gauge what impact might be by 2040. A town with no open shops is a depressing place. Bicester makes use of decals in closed shops which brighten it up. Requests more cheap space for small independent businesses.

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Concern over overdistribution to Heyford. Unhappy with proposed houses on natural sites with wildlife and distinctive landscapes. Would lead to loss of wildlife in this area. Impact on countryside and small country villages will be great and will impact on the narrow country lanes, where there is no room for cycle paths or pavements in many of these areas. No adequate gap between communities.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Heyford is a rural area with a distinctive landscape which development would adversely affect and the highways cannot support this. Suggests housing closer to the junction of the A34 near Weston on the Green.

23: What are your views on our suggested policy for affordable housing?

It makes sense.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Yes, their understanding is that the point of developing houses is so that more people can have a roof over their head.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

Yes.

26: Would you like to propose any sites for consideration as Local Green Spaces?

The space around the existing plans for Heyford.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

The housing numbers are not fit for purpose, and requests a land use strategy including renewables should be developed to underpin the plan. Without this, the priority should be brownfield first/ rooftop first for renewable energy. Notes the low number of local green spaces identified suggests the system is not working well and communities need more support to help bring this forward. The policy on employment land is weaker than the existing policy so should be revisited.

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

Objects to green belt removal in Kidlington and that its justification is not clear.

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

Objection to the plan and Heyford Parks proposed increase in size when there are other areas which could take some of the housing burden. Notes there is no current cycle paths, implementation of solar panels and developers are not making good use of technology.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

It is a rural area, I don't want it to be a local service area. This is countryside not a suburb nor a town.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

With the proposed number of homes, thought should be given to employment.

58: Do you have any comments on the potential allocation at Heyford Park?

Local roads and infrastructure cannot support the intended volume of traffic. No additional houses should be build without solid plans for improving the transport infrastructure but any large scale change would mean that we no longer lived in the country

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

Too many homes in one concentrated space.

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

It feels convenient to extend next to homes that are not yet built and occupied, and are concerned over this. With no guardians for that piece of beautiful landscape, home to wildlife, and the rolling hills and most magnificent wide-sky sunsets that it offers to us each day.

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Maps not detailed enough. Too few road names so hard to be clear on the detail.

Do you have any additional comments on the Draft Local Plan Review?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

CP30 point III - existing buildings being diversified welcomed but there are challenges (particularly rural farm buildings) in lack of security/easy targets for criminality/may not be most sustainable approach. Rural population may be miles from nearest population/police station, risk of being a target for crime may be increased. Recommend a requirement for safety/security within developments is a requirement for this policy (Secured by Design Commercial 2023 guide document would recommend is required to be consulted).

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

Development Policy 2 point 3.155 - Outdoor markets vulnerable target for crime/terrorism, deemed crowded places/publically accessible locations, they must be sufficiently protected from terrorist threats (ie Vehicle as a Weapon attacks). Very important r

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

CP18 point III is rephrased with regard to safety. Highway safety paramount importance but footpaths/areas such as where dwellings face onto development also need to be lit to reduce opportunities for crime/antisocial behaviour. Point should reference "public safety" in general, not narrow the requirement to highways only. CP21 - requests additional point added to the last paragraph on page 52 requiring cycle, motorcycle and car parking provision to be made in line with the standards of Secured by Design, which will have a significant positive impact in reducing crime in residential/commercial developments. CP22 point III - unclear what is meant by "limit motor vehicle trips" and by what means, such as physical barriers or other? Requests rewording or expanding upon to illustrate what this means. CP22 point IV - as above, add an additional point requiring cycle, motorcycle and car parking provision to be made in line with the standards of Secured by Design. CP23 - Crime within freight depots/truck stops has risen exponentially and is extremely important that all new freight developments are designed with crime prevention at the forefront of considerations. Request a further point is added requiring them to be designed to be safe/secure (British Parking Association has launched a Freight Park Mark award in response to increases in crime relating to freight, would encourage developers to consult guidance by the BPA regarding freight facilities/truck stops). CP24 Density requirements can cause issues in terms of potential for crime/anti-social behaviour where developers mandated to fit a certain number of dwellings into a space (leading to compromises in good design where dwellings may be left exposed/vulnerable to high impact crime). Requests an additional point added in paragraph 2 "On all new housing... highway safety, or the 'security or' amenity of neighbours. Page 89 point 3.227 - questions why specifically scooter storage. Electric bicycle storage within a secure space very important (EV Bikes high value/desirable/targeted item for theft). Requests words added to "Suitable arrangements for 'secure' access to refuse ... and for scooter/'cycle' storage and charging facilities. Page 90 Point 3.229 - shared amenity space can be problematic (disturbance/tension between neighbours in flatted buildings). Recommends developers to provide separated private amenity space for flatted developments wherever possible. CP39 - Re Rooftop gardens - no guidance provided within earlier pages - these can be problematic (noise/ disturbance/privacy/overlooking issues) particularly if adjoin sensitive noise receptors (ie neighbouring residential development). Recommends removing rooftop gardens from policy or additional guidance as to what would be considered good design for rooftop gardens should be provided (would be happy to provide further guidance on this from a crime perspective). Would ask that a word is added to following sentence: "New residential dwellings will be expected to have direct access to a 'secure' area of private and/or communal amenity space". CP41 - comments HMO's often poorly designed re security (residents at higher risk of crime) requests a point is added to policy requiring all HMO's to be designed/specified to meet Secured by Design standards. Page 102 Point 3.266 Comments please amend all references to add a "d" to Secure "Secured by Design". Recommends mentioning that new developments built to Secured By Design Standards see up to 87% less crime than developments without (illustrating vital importance of this police supported initiative). CP46 point IX - comments permeability can be problematic in developments where deemed excessive (introduces anonymity, difficult for residents to identify/challenge who should or shouldn't be there). Residential areas should primarily be formed of secure perimeter blocks, protects vulnerable side/rear boundaries of properties. Recommends refining what acceptable permeability is, and highlight that excessive permeability must be avoided. CP46 Point XI - recommends adding following – "...including matters of privacy, security, outlook...". CP46 point XIII - comments punctuation missing from this point. Would recommend Secured by Design accreditation has own policy point to differentiate it from ecological requirements it has been combined with in this section. Recommends following wording "Ensure crime has been designed out using the principles of Crime Prevention through Environmental Design, and achieve Secured by Design Accreditation". CP47 - to make active travel routes successful/well used is to ensure people feel safe when using them. Surveillance/lighting very important (routes not well overlooked/lit not used in favour of those that are) - recommends additional point added "Ensure pedestrian and cycling routes are safe and do not increase the fear of crime".

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

CP76 - re planned football stadium development for Oxford United, it is important that development is individually considered/acknowledged within local plan for Kidlington (risk for local residential areas/inappropriate parking/traffic disruption). Recommends local plan provides requirements for new residential developments to take into consideration this new development/how such risks will be mitigated - in particular should prescribe requirements for parking/required CPZ's/travel/transport plans which consider impact match days will have.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

CP - impact of football traffic/new required pedestrian crossing facilities/risk that roads may close during entry and egress phase of football matches will have on road infrastructure (A4165 and A4260/Park and Ride) should be explored further.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Existing commitments within the LP should be robustly reworded to ensure compliance with key principles e.g. around affordable housing. Developers should strictly comply with the requirement of true carbon zero housing, not just carbon neutral. The plan needs to re-word and re-map the plans for Bicester to ensure future development includes provision of improved roads in advance of planning permission being granted including improvements at Howes Lane and ring road.

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

Supports insistence on infrastructure improvements and sustainable transport.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

Plan should focus on employment, not additional homes at Heyford Park.

58: Do you have any comments on the potential allocation at Heyford Park?

Provide no further housing allocation for Heyford Park (relocate LPR42a to LPR33 or remove allocation if housing targets can be reduced). Agrees existing masterplan/strategic/infrastructure and sustainable transport aspirations should be delivered.

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

Implement approved masterplan/deliver transport infrastructure, but no further housing allocation. Remove/relocate/reduce planned allocation for 1,235 new dwellings. Point 7.19 page 203, would like additional point identified: Improve pedestrian access

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Supports CP 83 & 84 - encourage to be as ambitious as possible in this respect. CP85 - provisionally supports as long as scheme could be designed to integrate a new station properly/sensitively with surrounding area/villages (eg cycling routes/ pedestrian

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Suggests greater focus in Plan on protecting pedestrians from traffic in villages (major issue in Somerton/Astons/Heyfords/Ardley)

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

In Partial Review of Local Plan for Oxfords Unmet Need a figure of 50% affordable housing was agreed, proposed plan is proposing 30%. Suggests 50% be adopted to address the need. Not logical to state no land allocated for Kidlington for residents. The 4400 allocation in/around Kidlington is predominately for houses to sell and is available for Cherwell/Oxford/other residents but the nomination rights for social housing are with OCC and should be made available to Cherwell residents.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

See comments in question 23

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Land at The Moors, Kidlington should be designated as a Local Green Space (haven for wildlife in the fields/trees and pond near footpath in the Moors supports great crested nests).

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

4400 houses allocated around Kidlington will have significant impact/developers already making applications for more than allocated in local plan (exceeded by 10%) - due consideration should be given to this in arriving at allocation figure. Plan uses inflated figures in excess of government guidelines, questions justification for this. Activity in conversion of existing large accommodation to smaller units, if continues will provide further units for Kidlington. Brownfields sites could be considered before release of greenbelt. Incursions into greenbelt in 2031 local plan was supposed to endure beyond end of plan, no proven exceptional circumstances to justify allocating further land in greenbelt for development/premature to review this (see Rep for quote from consultation 2021 re growth/further loss if OUFC stadium goes ahead). Important to retain green belt - use land already released/brownfield. Allocation for The Moors - no justification for site to be released from greenbelt, last remaining unspoilt area of land around Kidlington, should be preserved. Area used via public footpath for recreation/no direct vehicular access to site other than on to The Moors. Supports KPC proposal for green ring around Kidlington of which this area is key.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

OPT note that no reference is made to the Oxford Green Belt in either the proposed plan objectives or overall plan vision. The Oxford Green Belt has been a key feature of planning in Oxfordshire for well over 50 years. In 1987 the Secretary of State sta

6: Do you have any comments on our strategy?

OPT consider it would be prudent to include an objective which echoes the Governments continuing commitment to Green Belt protection. SO10 should not come at the expense of releasing Green Belt land. The emphasis being on redevelopment or use of brownfield and previously developed land in the first instance.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

The LP should seek to resist any further releases of Green Belt land over the next plan period.

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

The Oxford North development is located immediately adjacent to the southern boundary of the district. With such a large employment and housing site close to Oxford Parkway station, the Council should consider including potential pedestrian/cycle routes from the edge of this site, northwards, towards Oxford Parkway and onwards towards Kidlington.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Objects to The Moors and It must be preserved as a local green space.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to the loss of green belt land at The Moors.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Draft local plan fails to take into consideration developments already occurred in/around Bicester/other developments which now have planning permission/in process of being developed since 2013 plan. Original housing requirements based on a formula which

20: Do you have comments on our emerging housing distribution?

Local Plan should recognise infrastructure difficulties developing North-West Bicester and scale back extent of development allowed on this site (including moving boundaries further away from Bucknell which risks coalescence with Bicester). Proper consideration to be given to sharing increase in housing development more evenly/equitably across Cherwell region and not propose vast development in one area of Bicester which has no infrastructure to be able to cope/involve wholesale destruction of farm land/wildlife.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

The policy suggested by the oversight committee requires Local Plan to give proper consideration/re-evaluation of Brownfield sites to be undertaken as part of Local Plan in order to ensure such land is being properly developed/maximised to meet the future housing needs before Greenfield sites/Farmland. Further consideration/efforts should be made/reflected in Local Plan policy to encourage development of identified Brownfield sites.

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Considers figures in plan over state housing requirement (particularly in Bicester) and should be revisited and revised downwards.

20: Do you have comments on our emerging housing distribution?

Regarding development at northwest Bicester - no justification for increase of 1000 houses/extension of area to be developed above that local plan 2012. In Cherwell employment rates/house prices are above national average, overdevelopment in contrary to the policy of levelling up/will lead to further house prices rises/over stretch infrastructure. More use should be made of brown field sites (eg Upper Heyford) before greenfield sites considered.

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Removal of green belt - Reason they stayed in Kidlington has been the open spaces but gradually walks areas around canal/railway have been eroded/built on and now proposed housing by St Mary's being considered. Housing behind The Moors is unacceptable.

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

Concerns re proposed housing. With housing on-going on Jordan Hill/further proposed by Gosford cemetery the infrastructure (Doctors, Dentists, Chemists, schools) well over-subscribed now. With reduced speed limits the through traffic has ground to a halt (car transporters, HGVs, buses ticking over polluting Oxford/Banbury road), causing the rat runs. Garden city & grovelands now dangerous especially during school access period. Sensible decision would be put a weight limit (4 ton?) at both ends of Kidlington (except for access/deliveries) and 20mph outside schools (0800 to 0915 & 1500 to 1600) rather than blanket speed control programme. Future infrastructure should be in place before increasing the head count.

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

Objects to further expansion of the Hawkwell development due to environmental concerns, the recreational value, road infrastructure.

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

CP51 supporting text should be amended to explicitly require consideration and mitigation of the impacts of development on healthcare requirements and engagement with the NHS for schemes of strategic scale should be required.

6: Do you have any comments on our strategy?

CP54 NHSPS supports the provision of sufficient, quality community facilities, but objects to specific wording within this policy. Requests that policy wording amendments are made to support the principle that where the NHS can demonstrate a health facility will be changed as part of NHS estate reorganisation programmes, this will be sufficient for the local planning authority to accept that a facility is neither needed nor viable for its current use, and therefore that the principle of alternative uses for NHS land and property will be fully supported and no further assessment under part iv is required. The following should be added to the policy: 'Where the loss of community facilities or services is part of a wider public service estate reorganisation, the requirements listed under Part iv and v do not apply.'

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

Do you have any additional comments on the Draft Local Plan Review?

Within the NHS property portfolio, some sites are, or may become outdated and no longer suitable for modern healthcare without significant investment. In those cases, and where NHS commissioners can demonstrate that healthcare facilities are no longer required for the provision of services in that location, a more flexible approach for public service providers should be applied when considering a change of use to non-community uses.

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to use of green belt land at Kidlington. No justification for the change of position. Limited public transport and amenities in the north of the village and further development will exacerbate the damage already done to the local environment.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

What is your name? - Name

Sharon Cure

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

The Consultation Period is too short.

2: How could we improve the presentation of the Plan?

There should be a summary booklet for each area. The current format is too long and complicated and the consultation was not well publicised.

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

Climate change mitigation is fine but is concerned that there is no real detail on how this can be achieved. The aspiration of 30% affordable housing is admirable but there is poor enforcement.

5: Do you have any observations on our objectives?

SO1 and 2 Enforcing/solar panel installation on new developments and retrofit on council properties would be better than building solar farms. New developments should install rainwater capture tanks, maintain road drains and water courses to prevent flood

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

The Plan should look to improving town centres and retail and cultural facilities which will provide employment and should encourage employment that is 'people heavy' - i.e. not warehouses etc which need low levels of staffing.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

Disagrees with towns being made car free and notes those with free parking do well. Accessibility and having a safe town centre is very important.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

Bicester could spread into near-by areas. Could be base for a cultural quarter.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

If people are coming to area to work for limited time may well be a need for rented accommodation rather than houses to buy. People want to live convenient to work.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

Would be better to build local authority housing as even affordable housing it often too expensive for many people.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

There should be no need to make sacrifices. These houses should be as well designed and situated as any other.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

No detail on cultural aspirations except for the planned Market Square development, which will only provide a fair-weather venue and preventing traffic and parking will be detrimental. Outdoor space for events is already very well provided. Cafe culture

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

Agrees with encouraging residential use of upper storeys in town centre but council should be encouraging buildings to be used for retail, cultural or leisure facilities.

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

Disagrees with increasing provision of warehouses which employ few people. It would be good to see Bicester Business Park development moving forward especially if it included attractive landscapes access to Bicester avenue.
Objects to the expansion of Bic

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

Questions why Colaremont car park is being closed when it is well used and convenient for shoppers. It would be better to close and build on the cattle market car park.

36: Are there any other transport schemes that you think should be delivered at Bicester?

Details of bus use and congestion in the rep. Car clubs with electric vehicles should be encouraged but cars should be changed and in fit condition. Notes the level crossing in London Road is a majority priority for rethinking so the east of the town is

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

Better footpaths and cycleways to nearby villages and improved footpaths to the Bicester Heritage site. Requests a proper footpath between Bicester centre and retail park as well as market square being improved. Notes there should be an increase of street

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

There are plenty of restaurants and cafes in Bicester but proper shops should be encouraged. Notes retail spaces are too small to attract shops which would be a real destination, and queries if units could be joined together to be more attractive option.

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Requests free access to part of the site e.g. any nature reserve for Bicester Residents and improved footpath access to the site.

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors due to the setting of St Mary's church, impact on wildlife as it is in the Oxfordshire Nature recovery network recovery zone and adjacent to lower Cherwell valley CTA.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The provision of housing seems to be in excess of the Government's figures.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors and changes to the green belt not justified. Brownfield sites should take precedent over green belt sites.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Deeley Homes
1: Do you have a view on the Plan period?
Given the uncertainty on when the Plan will be adopted, it would seem sensible to plan beyond the currently proposed plan period to 2040.
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
It would be preferable to incorporate all required and justified policies into the new plan rather than continuing to rely piecemeal on policies spread across several older documents.
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Supports the spatial strategy to direct new housing to the larger and more sustainable villages.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Routinely seeking more than 10% biodiversity net gain not supported, as this may be unachievable on some sites.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Supported.

20: Do you have comments on our emerging housing distribution?

Given the findings of the HENA and the Oxford housing need assessment, and the uncertainty of the current trajectory, consider there to be a strong need to keep housing land supply under constant review to ensure that need is being met on a rolling annual basis, and allocate further, smaller sites that can be delivered quickly to improve the annual trajectory.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

CP35 Larger Villages can support more development than currently proposed, and there is insufficient differentiation between what development will be permitted in larger and smaller villages.

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

CP36 would benefit from redrafting as it currently suggests that 25% of all homes on site should be First Homes, whereas the national policy requirement is for 25% of the affordable homes on site to meet this definition. There should be a minimum site size threshold for CP38 as many smaller schemes will not be suitable for provision of Extra Care or residential care housing. CP39 required additional wording to allow for some location provision of NDSS sized homes, particularly for affordable homes would lead to property values in excess of local housing allowance rate limits. Additional clarity required on what is appropriate external residential space for different dwelling types.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

CP86 should set out additional criteria for considering windfall proposals and should not rely only on allocations to deliver sustainable housing growth in villages. Greater clarity required on what is allowed in larger and smaller villages.

62: Do you support our preliminary proposals for housing in our rural areas?

DP7 is not supported.

63: Are there any potential rural housing sites you wish to suggest?

Ell's Lane Bloxham for allocation in the emerging plan.

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

1: Do you have a view on the Plan period?
On the current LDS timetable of adoption at the end of 2025, a plan to 2040 gives no margin for slippage. Consideration should be given of a period to at least 2042 and would welcome assessment of CDC as to how this could be delivered including gathering
2: How could we improve the presentation of the Plan?
There could be a better use of Digital Tools. Planning policies could be listed after the contents with hyperlinks provided to each policy to allow ease of access. It would benefit from a reduction in size.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Concerns that DLP does not make sufficient provision for SME developers which as a result will have a negative impact on delivery of new homes in the District and this goes against Government advice.
Do you have any additional comments on the Introduction Chapter?
Requests consideration that the LDS timetable for the emerging new local plan by CDC to see whether timesaving can be identified for example binging forward the regulation 19 consultation which is currently identified for September-October 2024. Earlier p
4: Do you have any comments on the draft Vision?
Comments in support.
5: Do you have any observations on our objectives?
Consideration of the implications of the timetable for CIL and the draft local plan requested, to try to ensure that the spatial strategy and growth distribution within Regulation 19 of the draft local plan is fully considered in preparation of the CIL ch

Do you have any additional comments on the Plan Vision and Objectives Chapter?

Consideration and publication now requested of a comprehensive proposal to replace all existing LP policy with this new LP. It is possible for existing site-specific policies to be included within the new LP where relevant such that allocated sites which

6: Do you have any comments on our strategy?

The summary of the draft spatial strategy is not considered appropriate because it The focus for new development is at Bicester and to a lesser extent at Banbury. This fails to properly account for Banbury which should be seen on an equal footing with Bicester. Not convinced CP24 is justified under national planning policy.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Distribution does not comply with NPPF requirement for identification of land for at least 10% of the housing requirement on sites no larger than one hectare and should be addressed in LP. CP34 Objection, 25,860 should be stated as minimum. Acknowledgement that unmet need of Oxford City is unconfirmed. Plan period likely to exceed 2040 and insufficient contingency in projected provision and poorly distributed for serving the desired purpose.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Doubtful that all supply will be delivered and hence future supply requirement should be increased to reflect and include appropriate buffer.

23: What are your views on our suggested policy for affordable housing?

CP36 not clearly written and unambiguous.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

CP37 and CP38 not clearly written and unambiguous. Paragraph 3.244 states that further landscape character assessments will also be prepared to inform the final plan. Explanation on the process requested and timing for this additional assessment work and to understand whether this might impact on this draft policy. There appears to be a lack of published site assessments informing the options. CP46 is a very lengthy policy which in parts is unclear and is ambiguous without explanation as to how to make decisions based on the policy.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

Objects to CP2,3,4,5 which are not clearly written and unambiguous. Supportive of SO but policy wording untested and not clear how 'wherever possible' should be approached.

27: What are your views on our aspirations for the Banbury area?

CP62: Requests that the Banbury Area Strategy Map identifies the Site as a proposed site for housing. This map doesn't identify the recently consented land under planning permission references: 21/03644/OUT and 20/01643/OUT.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

CP87 The non-delivery of identified sites is an ongoing problem in CD which this LP needs to address. There is no explicit mention of housing land supply and what specific, measurable and targeted measures will be undertaken to address any future shortfall

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Requests inclusion of land west of Banbury, north of Broughton road as a proposed housing allocation. Requests greater co-operation with other local authorities on cross boundary planning matters and greater support for SME developers including compliance with the NPPF position on identification of small and medium sized units. Requests consideration of LDS timetable as to whether time-saving can be identified to bring forward reg 19. There is a need for improved digital planning, and the plan is lengthy and could be reduced. Needs a plan period beyond 2040 and requests consideration to replaces all existing policies in the new local plan.

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

It appears to be almost entirely focused on Housing and Employment - gives impression climate crisis is a small side issue, should be at forefront of current thinking. Provision of food production should be a top priority with use of countryside to allev

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Re energy production via solar panels - maximise use of roofs in new housing/large warehouses/industrial sites before open space/farm land, questions if brownfield sites are being pushed for this? Green space should not be used as it is too valuable.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Regarding CP11 - concerned by declining population of swifts - historical nesting sites lost, installing bricks in new builds/extensions helps redress balance. Welcomes reference to "nest boxes" but important that these are long term provision for endangered species. Swift bricks universal nest brick for small bird species - important to build in properly designed bricks. Wooden boxes better than nothing but often badly sited/get removed and not long lasting. Request that swift bricks installed in all new developments/extensions in accordance with best-practice guidance.

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Regarding CP11 - concerned about declining population of swifts. Have a responsibility to provide habitat space/essential to provide swift bricks in all new builds. Welcomes reference to "nest boxes" but important these are a long term provision for endangered species. Swift bricks a universal nest brick for small bird species and requests that swift bricks are installed in all new developments/extensions in accordance with best-practice guidance.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

19: Do you have comments on the Housing and Economic Needs Assessment?

Believes there is no need for further housing allocations in North Oxford/Kidlington area. High figures derived from HENA understand other District Councils taking a different approach/seeking to assess real need. Re Green Belt impacts, request to set ho

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

In period since Partial Review drawn up, there has been an increase in demand for outdoor recreation (golf in particular), and a greater understanding of challenge of combating climate change. Covid/risk of other epidemics highlighted public health challenges (obesity/diabetes). As per Royal Town Planning Institute planning actions good for climate also good for public health. Consider deleting the PR6b allocation of the Golf Course.

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

Opposes loss of Green Belt north of Oxford in Partial Review (particularly development of North Oxford Golf Club) as it occupies an important part of strategic 'Kidlington Gap'. The remaining Green Belt is even more under threat, and contributes to biodiversity, woodland, hedgerow cover and as a carbon/pollution sink. Critical importance to physical/mental health. Requests serious consideration to these views, but if not it's important to secure reprovion on allocated PR6c site at Frieze Farm (reference to potential need for reprovion and the reserved site at Frieze Farm was omitted in the text - see Rep for further details).

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

CP11 Concern at decline in population of swifts. Humbly request that Swift Bricks are installed in All New Developments including extensions in accordance with best practice guidance.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The calculation is based on methodology which produces far higher numbers than governments own.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Land North of The Moors should be a designated Local Green Space as proposed by Kidlington Development Watch.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors due to it being in the green belt and will result in increased traffic with poor access. It floods and is high in wildlife with a recreational value.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

CDC should use the standard method and are currently providing too many houses on behalf of Oxford City. Development will place strain on infrastructure. More green belt will be lost if the overstated housing need is used.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Land behind the Moors to be considered as a Local Green Space.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors and notes in 2021 consultation CDC stated no more development to be proposed in green belt around Kidlington. Development would take away unspoilt countryside and land is susceptible to flooding. Brownfield should be prioritised.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Plans for 4,400 houses between Kidlington and Oxford will lead to loss of green belt land and objects to The Moors. Consideration should be given to use of brownfield sites.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

No justification for taking green belt land and objects to The Moors as it is green space used for recreational purposes which floods. Notes the biodiversity present and proximity to St Mary's church. Promotes use of brownfield land e.g. at Heyford park instead.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

Adderbury PC supports the development of the Local Plan as described in the vision and objectives.

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

Adderbury PC has concerns regarding emerging policies to achieve vision/strategy for rural areas places too much focus upon 'large' villages. Pleased to note intend to protect/preserve gaps between southern edge of Banbury and Adderbury - critical for co

yes
Please provide name of person or organisation you are representing. - On behalf of
Shenington PC
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Comments support
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

The Spatial strategy with development concentrated in the towns and larger villages is supported.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

No.

8: Should we identify further land for employment?

Yes, with the larger conurbations and larger villages and brownfield sites.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

Yes

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Agree with focus

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Agree

12: What are your views on our proposed approach towards new employment development on unallocated sites?

No comment

13: What are your views on allowing ancillary uses on employment sites?

Agree

14: What are your views on our proposed approach to rural diversification?

Comments in support

15: What are your views on our proposed approach to tourism development?

Disagree with expansion of motor cross adjacent to Hornton grounds and expanded go kart use in Shennington. This is contrary to environmental protection of both noise and use of fossil fuels.

16: What are your views on our proposed approach to retail development and town centres?

There should be a reduction of out of town retail park development. Reduction in paid parking in town centre which is losing significant business to out of town where parking is free.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

Yes

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

Yes

19: Do you have comments on the Housing and Economic Needs Assessment?

The focus should be housing on conurbations within easy access to employment and transport links with suitable infrastructure.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

No

22: What are your views on our settlement hierarchy proposals?

Welcomes Shenington being classified as a smaller village with any expected development within existing built-up areas, conversion of existing buildings and brown field land. Do support expansion of housing development multiple homes that builds on green

23: What are your views on our suggested policy for affordable housing?

Supports development of affordable housing with the overall Cherwell area. Concerned at the sustainability of the business model, the resale and the protection from misuse ie conversion to alternative rental use ie AirBnB and what protections are in place to prevent this thereby reducing the housing stock.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Social rented housing.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

No comment until further report is available.

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

Welcomes the vision and proposals for Banbury to be a thriving market town and an economic and social focus. There should be an additional access point to the M40 constructed on the Aynho road to relieve traffic congestion on the existing M40 junction.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Supports the 500 houses being in rural areas and concentrated on the larger villages utilising brownfield sites. Does not support building on greenfield or in small villages without infrastructure to support, or the construction of solar panels on arable land.

62: Do you support our preliminary proposals for housing in our rural areas?

Welcomes Shenington being classified as a Smaller Village with any expected development restricted to within the existing built up areas supported.

63: Are there any potential rural housing sites you wish to suggest?

No

64: Do you know of any potential new rural employment sites?

No

Do you have any additional comments on the Rural Areas Area Strategy chapter?

The protections for villages & rural areas and of their heritage buildings, conservations areas is supported. It is important for the sustainability of the village to support existing pubs, shops and other services.

65: Do you have any comments on these measures?

Urges Cherwell to adopt the Plan as soon as possible to ensure protection from speculative development.

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

LPR-A-229 proposed submission by Elan homes of housing on Stocking Lane Shenington not supported.

What is your name? - Name

Anthony Hartwell

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

Questions why the plan is only being produced now when it is supposed to cover the period 2020 -2040? Since you cannot plan for the past it would make sense to produce these plans for future periods.

2: How could we improve the presentation of the Plan?

The Plan consultation should be given more publicity and a longer period for people to respond. It is a long very document, with annexes, and it would be hard for people in full-time employment to find time to review the whole document in detail. This for

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

The Climate Action targets should certainly be retained or accelerated. Unless the Council takes a more proactive role in building affordable homes the second goal will not be attained. There is much to do to achieve the goals for employment and sustainab

Do you have any additional comments on the Introduction Chapter?

States that traffic in Banbury is already difficult and further development in this area would only add to congestion. No significant developments should be approved in the area without improvements in the access to the M40 and to Banbury station. Adds th

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

SO1 No approvals should be granted unless they meet net zero targets. SO3 Wildlife corridors are essential for the protection of biodiversity so no developments that produce significant restrictions to the movement of wildlife between green spaces/woodla

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Not only open countryside – agricultural land on the outskirts of villages should be protected. Details of energy conservation, green energy and carbon zero in rep. CP7,8 & 9 There should be greater collection and use of grey water for all buildings – and support for retro-fitting grey water systems on existing houses. CP12 The whole concept of Biodiversity Net Gain stands or falls on the way the assessment is conducted. CP21 None of the housing developments in what are referred to as the larger “sustainable villages” have good access to the higher modes of the transport hierarchy. CP30 The sale of agricultural land for housing should be discouraged. CP32 Rather than simply resisting the loss of local facilities the Council should actively encourage an increase in local shops and businesses.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Ideally yes because it is important maintain our ecosystem services. The crucial thing is to ensure that any assessments of biodiversity are conducted by independent organisations that meet an authorised standard when planning applications are made.

8: Should we identify further land for employment?

Preference should be given to brownfield sites and redevelopment of spaces in town centres.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

From a sustainable transport view this makes sense.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

Each town centre needs to consider how it can attract people – support for arts and craft businesses and provision of easy access by sustainable transport schemes (park and ride, expanded/subsidised parking at rail stations...

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

Shopping and living in these locations must be made more attractive.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

There are nearly 50 smaller villages so it would make sense for small additions to be made in these areas just 5 – 10 houses per village could meet most the required new supply and would reduce the pressures on the infrastructure in the larger villages. O

20: Do you have comments on our emerging housing distribution?

The only places in Cherwell that can truly offer all of the features of the 20 Minute Neighbourhood are the larger towns. If this is truly an objective of the plan then the facilities required to provide the necessary elements should be a priority for all of the existing communities that lack them.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

If sustainability is supposed to be one of the main criteria the goal should be to optimise the development towards more sustainable transport and energy systems.

23: What are your views on our suggested policy for affordable housing?

Council must take a more proactive role in the delivery of affordable housing across the district.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Yes, if these are located in areas that have local employment and/or sustainable transport links.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Cherwell should provide more support for enhancing the infrastructural facilities in the rural areas.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

CP53 To move towards Net Zero new developments should not include connections to gas except in exceptional circumstances. CP54 These measures could make a contribution towards the development of the appropriate community facilities but the District Council needs to provide additional support for local communities to establish these facilities. This could be in the form of guidance on funding support and/or the provision of loans to the Parish Council. CP55 This is not happening in practise.

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Access to Banbury station must be enhanced – it is currently constrained and causes traffic tailbacks at busy times. This does not encourage sustainable travel. If CDC want people to make use of the rail network they must make access to the station and pa

What is your name? - Name

Julia Middleton

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

There should be a push for panels on brown fields/rooftops - developers under obligation for panels on all new builds (inconceivable to lose green belt/land currently used for food production for solar panels).

8: Should we identify further land for employment?

Questions the need for more growth when the county has excellent employment rates.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Housing targets over-inflated. Focus on local need/well designed/densely built affordable eco-homes, minimising use of Green Belt.

20: Do you have comments on our emerging housing distribution?

On the need to prioritise green spaces for nature/well-being and prioritise building on brownfield sites.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Disapprove of Land north of the Moors proposal, possible to increase density on Green Belt already going to disappear rather than on this green land. This isn't an exceptional circumstance.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

A masterplan is needed rather than overarching vision - detailed analyses by street/area are necessary steps before planning a transformation (ie car free Market Place for piazza dining/encourage more people to use town centre).
A reassessment/ realloca

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Need town centre housing to include high proportion of aspirational properties to attract high earners (ie commuters). Brownfield sites should be prioritised (ie Canalside - prime site/Canalside Quarter - see Rep for detail). New housing should be deliv

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Transport infrastructure should be ambitious/attractive/preparing for 'carless' generations, designed for ease of movement around town centre (access to commercial/cultural/leisure amenities) - include footpaths/cycleways/access to public transport (links

Do you have any additional comments on the Banbury Area Strategy chapter?

Green spaces should be planned/well maintained and designed to enhance town centre living, could be linked to increased and improved food and beverage offers. Re education – improved educational provision, along with good cultural offer and housing is ess

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

No rationale for Cherwell to use higher figure for housing allocation - council should revise this figure. The 4400 allocated in Oxfords Unmet need appears to be exceeded by 10% - for this reason there's no reason to release further greenbelt land in Kid

20: Do you have comments on our emerging housing distribution?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Land behind the Moors is used for recreation - proposal will require last remaining part of greenbelt around Kidlington to be lost. When Council consulted in 2021 they said no need to release further green belt for housing. The Moors road quiet/narrow incapable of taking further traffic/increase will damage local environment. Traffic calming is already in place. Objects to The Moors.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

yes
Please provide name of person or organisation you are representing. - On behalf of
Hargreaves Residential Developments on behalf of Pandora Trading
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
The Plan should be more concise and focussed.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
The Plan should be a self-contained replacement for previous Plans, to enable it to be as user-friendly and comprehensible as possible. Any previous policies that it is proposed should continue in effect should be stated as policies in the new Plan. Needi
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Notes the references in the Vision to housing to meet need is welcomed. However, that aspiration is not reflected in the later parts of the Plan which envisage that such need is to be only partly met, in particular by failing to plan for a scale of housing development reflecting need arising from economic development in the District.
5: Do you have any observations on our objectives?
The objectives, particularly SO6, are appropriate. They are not sufficiently reflected in later parts of the plan, which fail to plan for a scale of housing development reflecting need arising from economic development.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

As the largest town in the District, the Draft Plan's strategy should foster a more ambitious role for Banbury, rather than merely referring to "... some limited additional growth ..." there. Reword the first bullet point referring to Banbury as follows: Deliver committed development and provide for additional growth reflecting its role as the largest town in the District whilst taking account of topographical and landscape setting.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Although it may be appropriate and deliverable for BNG of more than 10% to be achieved in conjunction with specific developments, and this should be encouraged, the policy requirement of the Draft Plan should reflect that set out in NPPF.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Focussing employment development at the main towns is appropriate. This reinforces the need to make provision for increased housing development at Banbury beyond that envisaged in the draft Plan.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The HENA underThe overall level of housing need that the LP should aim to address. On this basis the overall provision to be planned for in Cherwell over the Plan period should be of the order of 6000 more than the 25860 dwellings set out in Table 2 (ie 3

20: Do you have comments on our emerging housing distribution?

Significant additional housing development should be planned for at Banbury compared to what the Draft Plan currently envisages.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

Land on the northern edge of Banbury, at Hardwick Farm, west of Southam Road should be identified as a site for additional housing development in the emerging Plan. The location and extent of the site is identified in the attached plan.

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Concerned re inclusion of site LPR2: South East of Woodstock/Upper Campsfield Road (indicative capacity 450 dwellings) goes against several aspirations within area strategy (ie promote enhanced role for Kidlington as a local service centre in/near the village's centre. Protect/enhance townscape/landscape and maintain local distinctiveness). Site not close to Kidlington village centre/or in parish of Kidlington (over 3 miles from village centre/physically separated by London Oxford Airport/employment area of Langford Lane). Difficult to see how dwellings in location will meet housing needs of Kidlington/achieve Key Opportunities identified in Appendix 2 of Plan (ie be "well-integrated with the Woodstock and Kidlington communities"). Development in area will create an isolated village/no sense of belonging/supportive infrastructure. Goes against protecting local distinctiveness of setting of Shipton-on-Cherwell and Thrupp as will create a coalescence with Woodstock by removing one of remaining areas of greenfield between Bladon and Woodstock.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

If including site LPR2 is to meet Kidlington needs then WTC cannot see how this will be achieved and requests site to be removed from plan. Need to recognise constraints on development (including scheduled monument (Roman villa), impact on setting of World Heritage Site(WHS), and merging of Woodstock and Bladon). Will not integrate with Kidlington as children from development will more than likely have to attend a new school in Begbroke/Yarnton. Infrastructural problems of Woodstock already overwhelmed. Unlikely to be noticeable economic gain/commercial benefit if LPR2 is developed. Concerned none of the affordable housing provision will be available to local West Oxfordshire residents with connections to Woodstock and/or Bladon as Cherwell's affordable housing policy only allows residents to apply if they are living or have connections to Cherwell. Development does not sit in Kidlington or Woodstock Parishes but is part of Shipton-on-Cherwell (3 miles away/limited facilities). See Rep for previous Planning Inspectors On site and those of UNESCO, through ICOMOS (International Council on Monuments and Sites).

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

No comment to make

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

No comment to make

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

No comment to make

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

No comment to make

48: Should land for employment use be identified at London Oxford Airport?

No comment to make

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

Concerned that traffic impacts of proposed developments within Kidlington Area Strategy (ie Transport Hub/Park & Ride) are not being acknowledged on neighbouring towns/villages outside Cherwell District's boundary - will increase traffic on A44 into/through Woodstock - concerned strategy only refers to improvements along the A44/A4144 and A4260/A4165 corridors/delivery of Kidlington LCWIP, not clear if A44 improvements include Woodstock

and this may mean Woodstock does not receive any mitigation for increase in traffic. To protect Woodstock/to enable S106 to be requested mitigation measures in towns/villages in vicinity of the strategy area but in a different District should be identified in the IDP.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

No

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

No comment to make

52: Do you have any views on the proposed changes to the village centre?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

yes
Please provide name of person or organisation you are representing. - On behalf of
Oxfordshire Local Nature Partnership
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
SO9 – suggests a specific reference to biodiversity within objective (see Rep for suggested wording).
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

CP1 – prioritise nature based solutions to climate mitigation/adaptation - ensures achievement of multiple benefits/best value for money option. CP5 - strongly supports policy/keen to understand Council's carbon offsetting fund/work closely with/support OLN partners (see Rep for suggested ways forward). CP7 – strongly approve. CP11 – policy not ambitious enough/some concerning aspects. Re Irreplaceable Habitat - less strong policy than required by the NPPF (see Rep for wording) - concerned CDC puts at same level as LWSs. Re Nature Recovery Network comments additional policy is needed, this alongside CTAs, represent main ecological networks. Re Green Infrastructure Nature - important biodiversity is encouraged including via provision of high quality semi-natural habitat within built environment - suggests integrating Natural England's Green Infrastructure Framework into Local Plan. CP12 - not ambitious enough - requests to expand the policy of at least 20% BNG to cover all developments (see Rep for recommendations). OLN have a set of guiding principles and look forward to working with CDC to implement these. CP13 and CP14– strongly support. CP15 – supports but emphasises importance of ensuring GBI is high value for nature, suggests policy wording to be included in plan to encourage creation of high quality habitat to deliver benefits related to climate change etc.

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Chesterton does not have infrastructure to take many more houses/traffic increase/is not, does not want to become part of Bicester. No way for schools to grow (access dire/space limited) and no buses. Some houses, near village (third side of football/cricket/community centre ground) best way forward, but no more than 50.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Concerned re plan to build on green belt behind The Moors. Revision to green belt boundaries made 3 years ago - should be retained/further revision not justified. Council should stick to statement that it was not proposing further residential development in Green Belt around Kidlington. Area used for recreational walking/has wildlife population (crested newts)/no obvious place for road construction without impacting the space/already has traffic calming/development increase traffic density. St Mary's church stands in unique position in relation to 'the delicate water meadows of the Cherwell' - should not be destroyed.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Would like to add support for Banbury Lane, Nethercote (little bit of remaining calm/historic landscape on east side of M40 within Cherwell). Historic site - meeting point of Klaus Fuchs and "Ursula" to pass atomic secrets to the Soviet Union.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects re development South-East of Woodstock (see Rep for details of land being dismissed by the Inspector examining the partial review/objections by West Oxon District Council/details on Cherwell boundary/site position within Shipton on Cherwell Parish).
All former objections still apply and site should be removed from Plan. Re proposal for Land north of the Moors - the fields behind moors (unspoilt/tranquil) are registered as green belt land. Fields are green lung on perimeter of an urban area, Kidlington targeted because of proximity to Oxford City (see rep for reference to Levelling Up bill and suggested use of brownfield sites). Green belt should be strongly protected in accord with Government stated policies, CDC must not allow this encroachment onto green belt land to satisfy demand for housing numbers that include an overflow on behalf of Oxford - which should itself be adhering to brownfield development policies.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

LPR-C-351

What is your name? - Name

Anna Morton

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Cycle lanes network to be developed. In rural areas consider quiet lane status too - clearly signposted as used by riders, walkers, runners - vehicles need to be very aware of other road users (eg one proposed for Foxden Way between Great and Little Bourton).

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Regarding Renewable Energy – solar energy needs could be met on rooftops/brownfield sites. Could developers have to commit to building carbon neutral dwellings?

8: Should we identify further land for employment?

According to CPRE proposed policy on employment land is significantly weaker than existing Local Plan policy and should be revisited. Transparency needed.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

According to CPRE the housing targets are exaggerated – well above Government’s agreed housing methodology. Clarity on this is recommended.

20: Do you have comments on our emerging housing distribution?

Request to prioritise housing development on brown field sites (green field development creating strain on roads, exacerbating flooding/pollution and decreasing biodiversity).

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

Where rural land has been allowed to be developed by landlords for traveller caravan parks the planning department need to be robust in holding the developer/owner to account for breaches to planning permission.

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

"Build on area's excellent links to Oxford, Bicester" statement is complacent, links to Oxford not excellent - bus service is unreliable, frequency has been reduced. Plan should include statements about much improved public transport – e.g. an aspiration to have an electric bus service running every 10 minutes in both directions at peaks times. Objects to more sites for housing before improving public transport links.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposed to building on land north of the Moors - land is in the Green belt and should remain so. Public transport provision already inadequate/unreliable, also makes limited contribution to the Green Belt purposes. Walkers use fields frequently, pond at the south end of site is particularly environmentally sensitive for plants/wildlife. Fields can get waterlogged, building on this site will increase risk of serious flooding in other residential areas of Kidlington.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

There are many brown field sites that could be explored as alternatives/prioritised over green belt land (ie land proposed by Dorchester Living at Upper Heyford).

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

The number of aircraft and associated noise has grown considerably. Helicopters (grown more rapidly than planes) are particularly noisy. These have already significantly impacted the quality of life in Church Street, Kidlington (a conservation area). Su

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

The Trust ask if can consider including restrictions on permitted development rights under an Article 4 direction for National Important Registered Historic Battlefield of Cropredy Bridge (1644)/. Do not expect all permitted development rights to be restricted but concerned re specific areas within General Permitted Development Order (GPDO). Restrictions on Schedule 2 Part 6 activities within GPDO are main priority (other activities in Parts 4,13,15 and 17 cause for concern). Happy to discuss impact/potential impact and what restriction/mitigation is appropriate. Re Parts 13 and 15 would not be seeking to prevent/even restrict these activities but their potential to disturb battle evidence suggests additional clause added to conditions so appropriate archaeology be undertaken as part of any permitted development work. Similar approach suggested for Part 17 Classes J,JA,K and KA.

Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
Plan period too long, by end of proposed period likely to be out-of-date/no longer relevant to communities it is serving.
2: How could we improve the presentation of the Plan?
Summary sheets for each area at beginning would make Plan documents less clunky. Like the links. Huge document/not everyone able to access online, needs to be accessible for everyone.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Yes, for the future. Saving in Archive copies of relevant plans, even if they no longer inform current processes. Paper trails are important.
Do you have any additional comments on the Introduction Chapter?
No
4: Do you have any comments on the draft Vision?
More detail required on how to tackle exclusion/social deprivation. Questions what is new compared with the current plan. More drugs counsellors/health centres/places of worship with trained staff who can help/shelters for homeless/food banks.
5: Do you have any observations on our objectives?
Important housing developments are not on Flood plains. Insist on greater flood defences not just plan for new developments alongside existing requirements.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

Theme One a broad brush approach to Environmental commitments, no detail how farming/preserving farmland for food security will be managed. Plan for next 20 years needs to incorporate how will enhance farming/food security.

6: Do you have any comments on our strategy?

Doesn't go far enough for environmental & rural protection.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Yes, but questions why just the minimum?

8: Should we identify further land for employment?

No, already plenty of land identified/in current use for employment. Working from home should be encouraged.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

As long as all other sites within towns used (ie redevelopment of empty shops, encouragement of home working, redeployment of existing properties) would be acceptable/sustainable for long-term growth of towns.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

N/A

12: What are your views on our proposed approach towards new employment development on unallocated sites?

N/A

13: What are your views on allowing ancillary uses on employment sites?

As long as sites fit for purpose and infrastructure facilities in place (see Rep for examples).

14: What are your views on our proposed approach to rural diversification?

Questions how will "most important landscapes", to whom will they be "most important" and in what sense "important" be defined? Will definition of "more restrictive policy context" include commitment to enhance biodiversity in farmland? Suggests Council put Solar Farms on better sites and keep farmland for food security/farming. Question whether Council will commit to enhanced public transport links for villages/hamlets and make fully accessible. Developing housing in rural areas should be infilling (not losing countryside - people's mental health/wellbeing). Establish picnic areas. Keep fields & greenbelt land for farming/buffer zone between towns and rural areas. Food security/being able to feed population should be part of Plan. Affordable housing best served within well established/existing developments not rural areas with little infrastructure.

15: What are your views on our proposed approach to tourism development?

N/A

16: What are your views on our proposed approach to retail development and town centres?

Sounds reasonable (empty units need to be rezoned/turned into affordable housing)

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

N/A

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

Not everyone who uses E use classes will be there to shop, recommends to place a few strategically in other areas away from the shops but in the towns so to be regularly used.

19: Do you have comments on the Housing and Economic Needs Assessment?

More affordable housing required but a matter of where it is placed for best possible outcome for residents/existing communities. Affordable housing in rural areas wont achieve Council's objectives as already limited facilities/infrastructure.

20: Do you have comments on our emerging housing distribution?

N/A

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

No comment as do not have access to information.

22: What are your views on our settlement hierarchy proposals?

No specific views.

23: What are your views on our suggested policy for affordable housing?

In principle, sounds reasonable if housing in developments with good access to transport links/facilities (families at less risk of having to spend more than reasonable to reach facilities/transport links).

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

No (reasons stated elsewhere)

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

As long as communities protected, including travelling communities, and farmland/greenbelt land not affected.

26: Would you like to propose any sites for consideration as Local Green Spaces?

The fields around Hanwell on the northern edge of Banbury along the Warwick Road in particular and fields behind allotments in Hanwell.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

In principle, the idea of 20-minute neighbourhoods is interesting, but plan appears to exclude places of worship, homeless shelters, facilities for disabled access etc. No separate question on this idea, how will 20-minute communities work/co exist alongside existing housing? How will you bridge this gap/are you looking to create new mini-towns?

27: What are your views on our aspirations for the Banbury area?

No new ideas on how to reduce deprivation in Banbury (see rep for examples). Re nighttime economy - question if CDC will allocate additional resources to fund Street Pastors/Street Wardens/Police officers to make it a safe place. Hopes that by 2040 Hanw

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

As long as good transport links/additional infrastructure established as part of these new communities.

29: Are there any alternative housing sites for Banbury you wish to suggest?

None

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

No

Do you have any additional comments on the Banbury Area Strategy chapter?

No

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

4,400 new homes seems a vast amount, types/sustainability mean houses will be cramped/without gardens. Concerns re flooding/food security/ability for people to feel safe. Will require input by other organisations ie Thames Valley Police to ensure estates do not become no-go areas/need efforts made to design crime out.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

If there are no better sites, then yes.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Questions whether Council could buy inexpensive properties in area and turn them into Council houses.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

Yes, makes sense to offer such housing to people who work on those employment sites and for communities to have a chance to flourish around those sites.

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

If large private dwellings come up for sale would Council be able to buy/convert them into council housing? Perhaps Council needs to consider more investment along these lines?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

Greenbelt should be protected at all cost.

48: Should land for employment use be identified at London Oxford Airport?

Yes, as long as appropriate additional security measures in place to prevent terrorist activity at the Airport.

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

No

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

No

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

No

52: Do you have any views on the proposed changes to the village centre?

No

53: Do you have any views on the areas of change identified?

No

54: Are there any other opportunity areas or sites that we should be including?

No

Do you have any additional comments on the Kidlington Area Strategy chapter?

No

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Questions how "most important landscapes", to whom will they be "most important" and in what sense "important" are defined? Will definition of "more restrictive policy context" include commitment to enhance biodiversity in farmland? Suggests Council put Solar Farms on better sites and keep farmland for food security/farming. Question if Council commit to enhanced public transport links for villages/hamlets and making these fully accessible. Developing housing in rural areas should be infilling (not losing countryside - people's mental health/wellbeing). Establish picnic areas. Keep fields & greenbelt land for farming/buffer zone between towns and rural areas. Food security/being able to feed population should be part of Plan. Affordable housing best served within well established/existing developments not rural areas with little infrastructure.

62: Do you support our preliminary proposals for housing in our rural areas?

No for reasons in question 61

63: Are there any potential rural housing sites you wish to suggest?

No

64: Do you know of any potential new rural employment sites?

No

Do you have any additional comments on the Rural Areas Area Strategy chapter?

Comments are in question 61.

65: Do you have any comments on these measures?

No

Do you have any additional comments on the Implementing the Plan Chapter?

No

66: Do you have any comments on the appendices?

No

Do you have any comments on the supporting technical evidence?

No

Do you have any additional comments on the Draft Local Plan Review?

No

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Area between Hanwell and 'Hanwell Fields' development

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

Since 1996 plan very little has been included for infrastructure which is required. Notes there should be more solar on warehouse roofs. There is a need for water recovery systems.

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Number of new houses suggested more than required by Government targets and questions to what result if not located on brownfield sites.

20: Do you have comments on our emerging housing distribution?

Disappointed with building on greenfield over brownfield sites. Notes solar energy should be concentrated in urban areas and less obtrusive solar panels should be insisted on, not in conservation zones or listed areas.

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects strongly to proposals to build more housing on Green Belt around Kidlington, particularly behind The Moors. Already traffic problems, will only be made worse by more housing. Council should stick to statement made in 2021 consultation that not proposing further residential development in Green Belt around Kidlington.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Bellway Homes Limited

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

Supports consideration of a period to at least 2042, would welcome assessment by CDC as to how this could be delivered. Para 22 of NPPF states where larger scale developments form part of strategy policies should be set within a vision that looks further

2: How could we improve the presentation of the Plan?

Local plan is very lengthy, could benefit from consideration of a reduction in its size.

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Policy Villages 2 current Local Plan includes a mechanism to enable new sustainable housing growth at the villages by also specifying that sites will be identified through the determination of applications for planning permission. Therefore where no neigh

Do you have any additional comments on the Introduction Chapter?

Requests explanation as to how CDC intends to publish responses to consultation/publish responses to the responses. Re use of digital tools (NPPF Paragraph 16 e) consultation on draft local plan via cherwell.citizenspace.com/ is well presented but would

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

Slippage in the timetable for progression of local plan needs to be addressed to prevent further delay. Requests consideration of the LDS timetable for the emerging new local plan by CDC to see whether timesaving can be identified. The Government intend

6: Do you have any comments on our strategy?

Do not consider summary of draft spatial strategy appropriate - states that focus for new development is at Bicester/lesser extent Banbury. Doesn't account for unmet needs of Oxford City/need to identify housing sites at sustainable settlements in District. Supportive of approach of setting out area strategies for towns/Kidlington/Heyford Park/rural area but should be seen in context of our overarching objection to omission of housing sites at villages in draft plan. Main objection to local plan - consider absence of housing sites fails to deliver on stated objectives for rural area in plan. Support the strategy in provision for limited development to meet local community needs but needs to be identified through allocation of sites for housing.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Supports CP1. CP2, 3, 4 & 5 are not clearly written/ambiguous. CP 6 to 22 - no comment. Development Policy 1 - why a development policy whilst policies before/after core policies?

8: Should we identify further land for employment?

CP24 - not convinced this policy is justified under national planning policy, sets out minimum densities on all new housing developments, does not comply with NPPF.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Summary should be explicit that plan includes a contribution towards the unmet needs of Oxford City. Should reach agreement on local housing need for all of the authorities and seek apportionment of unmet needs of the City across the adjoining authorities

20: Do you have comments on our emerging housing distribution?

Content of Table 5 needs evidence to underpin it. Rural Area future supply is insufficient - stated as indicative in table 7 but appears to be definitive in CP34. Request re-consideration of CP34 - CDC to prepare/consult upon further engagement with cross-boundary authorities/stakeholders, wider options for housing distribution (beyond 2040), include sufficient provision for housing at villages in the rural area.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

CP35 - object re the type of development at the upper levels of settlement hierarchy (restricted such that development beyond existing built limits only permitted on allocated sites). See Rep for details.

23: What are your views on our suggested policy for affordable housing?

CP36 parts of policy not clearly written/ambiguous: "The majority of first homes should be 2 bedrooms" what constitutes 'exceptional circumstances' - request further consideration of the wording of this policy. CP37 policy is not clearly written/ambiguous - needs further consideration/re-working. CP38 policy not clearly written/ambiguous - should not set blanket requirement for all housing sites to provide extra care dwellings (C3 use class) as part of the overall mix (see rep for more detail).

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

CP43 - final part states development proposals within National Landscape will "only permitted if small scale/sustainably located .." not clear/requires explanation. Para 3.244 states that further landscape character assessments will also be prepared to inform the final plan - request explanation on process/timing for additional assessment work/understand impact on this draft policy? CP46 - very lengthy policy, in parts unclear/ambiguous, no explanation as to how to make decisions based on policy (see Rep for examples) - request reconsideration of policy.

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

Objects to this chapter and policies for the reasons already explained in this response.

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

CP87 - welcomes recognition of need to monitor/measure/review but considers policy insufficient as does not define measurable triggers or deliverable actions.

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

This response has been prepared in the context of Bellway Homes Ltd's land interest at Land off Ploughley Road, Ambrosden, this Site is the subject of a planning appeal (reference: APP/C3105/W/23/3327213) following refusal of an outline planning applicati

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The Moors represents speculative building for commercial motives and notes CDC has committed to more new homes than government targets which the number is inflated more by The Moors.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

The Moors has intrinsic amenity value as unspoilt open countryside and has the support of Kidlington Parish Council.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors due to their contribution to the rural setting for St Mary's church and that it supports wildlife, is part of a floodplain and access is unrealistic.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Concern about the road and traffic congestion. Objects to The Moors as it is in the greenbelt and important for wildlife and local residents.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

The Fire Station and sorting office could potentially be relocated to sites such as Langford Lane and used instead for housing. Glebe House on Mill street which in no longer used as a residential car home is also suitable for housing.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

What is your name? - Name
Jane Olds
What is your organisation (if applicable)? - Organisation
Caversfield Parish Council
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
Yes
Please provide name of person or organisation you are representing. - On behalf of
Caversfield Parish Council
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
Comments presentation is clear and colour coding works well.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Yes, but it depends what the other requirements are. 10% biodiversity net gain should be an absolute minimum.

8: Should we identify further land for employment?

Employment land should be linked to the number of houses actually built (not proposed).

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Allocated sites should take priority.

13: What are your views on allowing ancillary uses on employment sites?

Ancillary sites should be able to include, not only food stores etc, but also childcare facilities.

14: What are your views on our proposed approach to rural diversification?

No views. Proposal acceptable.

15: What are your views on our proposed approach to tourism development?

In support of the proposal, provided it benefits the local community.

16: What are your views on our proposed approach to retail development and town centres?

Bicester town centre needs support and anything to improve the facilities would benefit the town.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

No, the shops at the front of the Claremont carpark should be included in the proposals (ie former Wilko store), even if the car park is to be converted to residential.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The PC is not qualified to respond to this question.

20: Do you have comments on our emerging housing distribution?

It seems reasonable.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

Caversfield PC is not proposing to produce a Neighbourhood Plan.

22: What are your views on our settlement hierarchy proposals?

It would be helpful to have clarification of the villages included within the Open Countryside categorisation and more detail for how the Plan intends to protect those villages.

23: What are your views on our suggested policy for affordable housing?

The allocation should be more than the statutory minimum required.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Affordable housing should not be to the detriment of village hierarchy requirements.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Propose two areas of Local Green Space for the benefit of the village. 1. The vacant area to the south of Springfield Road (which used to be a play area) and 2. The land to the north of Rau Court (which also used to be a play area).

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

They are good aspirations, but whether they are achievable, is debatable.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

There are no alternatives.

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

Buses for north west Bicester to connect with the stations and town centre.

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

The proposal for the bus priority route on page 168 is not clear. The A41 is not on the Banbury Road.

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

If the Claremont car park and the market square car park are redeveloped, there will be no disabled parking provision at that end of the town which may exclude many visitors. Sainsbury's car park is not fully accessible and level access for many is impera

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

The Council has supported the development (with the obvious protection caveats) of the site over the last ten years.

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

They have no additional views, but welcome the strategy requiring areas to be specifically included in the local or neighbourhood plan before development is allowed.

62: Do you support our preliminary proposals for housing in our rural areas?

Yes, but the Smaller Villages and Open Countryside categorisation must be strongly protected.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

1: Do you have a view on the Plan period?
Content with the 20 year period.
2: How could we improve the presentation of the Plan?
The document could be complemented with a video presentation available online.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
They like the presentation of the three themes.
4: Do you have any comments on the draft Vision?
Welcomes the draft vision which is clearly expressed.
5: Do you have any observations on our objectives?
Welcome the objectives.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

Suggests a specific strategic objective on rural areas to complement SO 8 and SO 12, for example: This would link to the Rural Areas strategy on page 13.

6: Do you have any comments on our strategy?

Welcomes the clear hierarchical, spatial strategy, and also the new classification of villages.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Difficult to judge, but nothing less than 10% should be accepted.

8: Should we identify further land for employment?

No, as the Housing and Economic Assessment was completed recently in 2022.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Welcomes this concentration.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Welcomes the approach to encourage development on existing sites, with allocation to other uses only if non-viability has been proven.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Welcomes the additional criteria for any employment development in small villages.

13: What are your views on allowing ancillary uses on employment sites?

Agrees with ancillary uses being restricted as set out.

14: What are your views on our proposed approach to rural diversification?

Agrees with the proposed approach to rural diversification, with the stated provisos to ensure based on existing viable businesses and there is no harm to existing buildings and landscape.

15: What are your views on our proposed approach to tourism development?

Agrees with the proposed approach and, in particular, support the provisos for development in rural areas. Additionally, would add that any development should benefit village shops and other facilities.

16: What are your views on our proposed approach to retail development and town centres?

Agrees with the 'town centre first' strategy.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

They are only able to comment on Banbury, and the boundaries appear sensible.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

Yes, because that is a need to concentrate the retails/service uses and consider other uses in the wider town centres.

19: Do you have comments on the Housing and Economic Needs Assessment?

Agrees with the selection of Scenario 3 the most appropriate.

20: Do you have comments on our emerging housing distribution?

Agrees with development being focussed on existing urban areas. Distribution of 500 dwellings in rural areas appears sensible, but it is essential that the existing supply (538) is delivered in a timely way to prevent pressure for additional supply. In communication, it is important to be clear that the expected housing delivery over the plan period is the 'existing supply' plus the 'new supply'. For rural areas this is 1,038 (538 plus 500)

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

Not seeking a specific housing requirement in a Neighbourhood Plan.

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

Welcomes the new hierarchy compared with the latest plan. For Cropredy, the classification as a 'small village' is sensible as it reflects the size and the poor public transport availability. More generally, the hierarchy and the respective 'type of development' appears sound, and that for Cropredy would mean 'limited infill development limited within existing built up area or on allocated sites, and that proposals will be supported that are: i. 'in keeping with local character; ii. proportionate in scale, and iii meet local housing needs, and /or provided local employment, service and employment, services and facilities'.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

No, as affordable home homeownership is also important.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Yes, Cropredy PC will consider and, as appropriate, provide a separate submission.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

CP: 57: Historic Environment and Archaeology, 58: Conservation Areas, and 59: Listed Buildings - welcomes these policies and would wish them to protect the distinctive historic heritage of Cropredy village and its surrounds. CP 60 & 61 - welcomes these po

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Further consideration for housing development beyond the existing urban boundary should not result in adjacent villages coalescing with the urban area.

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Consider the aspirations for Rural Areas are sound and align with CPC's vision for Cropredy.

62: Do you support our preliminary proposals for housing in our rural areas?

Support the housing development being directed to larger, more sustainable villages with good public transport and site specific allocations.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

The most important priority now is to deliver the LP through the next stages asap so that it is adopted and has full impact on future development.

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Plan increases amount of housing beyond Government guidelines, questions why this is. Choices Oxford is making about what it constructs on new developments north of Oxford - too many businesses will require new housing for employees?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

Need more truly affordable housing rather than so-called 'affordable' housing - not expensive houses but flats in apartment buildings or, to a more limited extent, conversions to flats of existing houses. The meaningful criterion of 'affordable' should be what can young families on median incomes afford to buy.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to Plan to build houses on fields North of The Moors due to the recreational benefits which would be lost. The site protects Kidlington from flooding which the risk would be increased by building. Notes development would increase traffic levels.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

County Water Ltd is a licenced Sewerage Undertaker responsible for the treatment of foul flows originating from Heyford Park and is responsible for maintaining and operating the Heyford Park Sewage Treatment Works (HPSTW). There are over 1200 dwellings in Heyford Park, and it is known to County Water Ltd that further development is proposed in the emerging Plan to take place to the south of Heyford Park (LPR42 refers). The HPSTW should be considered as critical infrastructure. The Council's plan relating to LPR42 includes the HPSTW within the proposed site. County Water Ltd advises that the HPSTW should be removed from the proposed site boundary and should also be clearly delineated on the amended plan. Requests that the Council consider the requirement for a Cordon Sanitaire around the HPSTW. A Cordon Sanitaire acts as a barrier to minimize the likelihood of nuisance being caused by the HPSTW and will avoid the potential for complaints of odour nuisance from future residents.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

Concerned re proposed development of area Withycombe Farm (LPR 49). Adjacent to/forms an extension of development at West of Bretch Hill - since this development, has been an increase in anti-social behaviour/litter/criminal damage in Parish (intervention)

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors as it is green space enjoyed by locals and is in the greenbelt. References commitment in 2021 consultation that no more residential development on greenbelt was to be proposed.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Kidlington is threatened by development and there is no need for any more, especially on the green belt. Notes the figures for houses required is overestimated.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors as it is greenbelt land used for recreation and forms part of the historic setting of Old Kidlington. Notes there is excess traffic and inadequate infrastructure to accomodate.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
Simple things such as not clearly advertising one email address where to send objections has complicated community's ability to respond.
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Proposed development plans are for a higher number of houses than required by government mandates. Raises concerns re necessity/justification for proposed development on Green Belt land.

20: Do you have comments on our emerging housing distribution?

No brownfield sites being considered, only green, entire plan needs to be reviewed to see where Green Belt can be saved and brownfield sites better utilised for residential housing proposals.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors as it is used for recreation and the housing number for the area exceeds the allocation. Notes the impact it would have on local character and biodiversity.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Land behind the Moors, Kidlington.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to proposed development north of the Moors due to traffic congestion/access (see rep for details), use of Green Belt with wide range of protected mature trees and hedgerows supporting a wide range of species, use by locals as their only access to a truly green space, currently farmed arable land, risk of flooding, no local services and lack of infrastructure. Capacity of brownfield sites should be undertaken before any consideration to develop on green belt.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Land opposite Jolly Boatman public house which has direct access onto A4260 and Langford Lane.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Agrees with the strategic employment growth areas being centered around the main service centres in the district.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

There should be a green belt review of potential employment sites, such as Land South of Station Field Industrial Park, which would form a logical extension to existing employment use on under-utilised land. The proposed use classes included within CP 27

Comments in support.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

The plan should strengthen Kidlington's role as a local service centre and seek to release additional sites from the Green Belt to provide additional residential and employment growth, to include Land north of Webb's way from Green Belt for residential development.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Additional land on the edge of Kidlington should be released from the Green Belt as Kidlington is ideally placed to accommodate Oxford City's unmet need.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Welcomes proposed settlement hierarchy and agree that Kidlington should remain a local service centre.

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

In support. The aspirations for Kidlington could be strengthened.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

Yes, Land north of Webbs's Way which represents a logical extension to the village.

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

Yes

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Land North of Webbs Way. The site is relatively unconstrained, subject to release from Green Belt and could come forward early within the plan period. There are no legal or landownership issues that would prevent the implementation of a planning consent.

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to proposed building on greenfield site of St Marys fields behind The Moors. One of last open green spaces within walking distance of Kidlington/enjoyed every day of the year, for mental/physical health. Understand permissive paths will no longer be available. Area below site regularly floods, wildlife takes refuge in higher ground, if lose top fields wildlife only have small area of woodland and centre fields which are underwater for much of autumn to spring. Taking away nesting areas of skylarks. St Marys church spire view will disappear. Safe place for exercise/de-stress. Dog walkers will go where children play - dog mess being left/dog attacks on children. Increase need to drive to other locations to exercise, walk dogs, improve mental health. Roads already congested/more cars could result in increase in asthma/breathing related illnesses/traffic accidents. Supposed to be reducing carbon footprint but will increase it. Public transport inadequate, questions how will it cope.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
No explanation of how 'Green Economy' features in growth of business in Cherwell. SO12 no indication as to how sustainability is to be assessed. It is not necessarily the correct strategy to base definitions of sustainability on the current situation and
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

The draft spatial strategy is fairly general in nature. District - There is a need for considerable flexibility with regard to the definitions of sustainability and in particular to levels of concentration incorporated in the current strategy. Banbury - Has limited scope for additional expansion which is at least partly recognised in the spatial strategy section relating to the town. Bicester - the town already has significant housing and employment allocations allotted to it in the existing local plan. The proposal to add yet further to the amount of development at this location focuses demand in such a way as does not necessarily correspond to demand for new housing and employment uses. Kidlington - the proximity of this settlement to Oxford makes it out as a good location for meeting Oxford unmet housing needs, but the Council correctly acknowledges that this can only be done at the expense of the Green Belt. Heyford Park - The rate of delivery of houses suggests that there is a limit to the number of people who wish to purchase housing in this location. Location is no more than a few kilometres from the very large NW expansion of Bicester. This concentrates the housing market still further in a way which is likely to have a significant impact on completion rates in this area. Rural Areas - believe that the proposal to only allow limited development to meet local community and business needs is unsatisfactory and will limit development in the rural areas without providing any proper justification. Any increase in housing numbers should be focused on the rural areas and in particular on the sustainable category A villages.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

No, the introduction of BNG holds up much needed housing development. Increasing the requirement to 20% or more will make it harder bringing forward smaller sites.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The HENA is scrupulously fair and draws attention to the shortcomings posed by the 2014 Census based standardised methodology for calculating housing needs. The HENA assessment based on the UK going into recession in 2023 was pessimistic. It is relevant

20: Do you have comments on our emerging housing distribution?

No explanation is given to why this conclusion has been reached and it is not correct to say that the selected level of housing is equivalent to that needed to support the level of workforce as estimated by the updated projection of economic growth for the county. Significant numbers of inward migrants to the UK. Whilst the government projections suggest that net inward migration will slow down and start to decrease post 2027, the circumstances already exist whereby this projection will inevitably be exceeded. Economic growth prospects are demonstrably better now than they were when the HENA was produced. Assuming economic growth is better than forecast by HENA in 2022, its comments about the E C Baseline Trend scenario are highly relevant. Final reason for opposing the selected strategy is that it effectively results in a reduction in house building across the district area contrary to the advice in the NPPF. The strategy must be amended so that the minimum requirement is for the strategy to make provision for the 2021 Census Adjusted Scenario. It is clear from our representations that the level of urban concentration achieved in the proposed strategy is excessive. The additional housing should be spread across the Cat A Villages. A more even spread of development will provide a range of dwellings in sustainable locations to meet demand as it arises.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

The settlement hierarchy proposals are broadly acceptable in the sense that they are correctly identified. Believe that category A villages should not be restricted to local needs only and should make provision for a proportion of the overall dwelling number

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

Broadly agree with approach. Banbury is heavily constrained by topographical factors, additional development will have to take account of these.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Notes that Bicester is identified as a new "Garden City". The council have sought to focus a substantial amount of new development in this locality. Despite claims to the contrary, the town centre facilities in Bicester are still substantially below the l

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

No

33: Are there any alternative housing sites for Bicester you wish to suggest?

No

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

No, as will involve Green Belt releases.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

No

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

Notes the rate of housing construction has not proceeded at a very rapid pace. The total number of dwellings constructed in the 11-year period 2011/22 was 734. In 2021/22 60 dwellings were completed. Although the settlement has a primary and secondary school, it has relatively few other facilities and is also relatively close to Bicester in terms of competition in the housing market. Upper Heyford is intended to deliver 150 dwellings per annum over the 20-year life of the plan, which is roughly equivalent to the 3000 dwellings identified in the draft LP. The past build rate does not indicate that this location is capable of delivering this level of completions. There is a clear need to monitor this situation and to reallocate some of the proposed southern extension to other settlements in the rural areas. History suggests that planning authorities do not address this problem, quickly enough and limited delivery rates on major strategic sites accumulate very rapidly. We do not support the full 1235 additional dwellings for Heyford Park, and would suggest that as a minimum that 235 dwellings be redistributed to the rural areas.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?**57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?****58: Do you have any comments on the potential allocation at Heyford Park?****59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?**

Dubious about the extent to which house-building rates can be increased on this site, especially given the delivery of transportation infrastructure. Whilst no objection to expansion in this location, despite its proximity to the northwest extension of Bi

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?**Do you have any additional comments on the Heyford Park Area Strategy chapter?****61: Do you have any views on our aspirations for our Rural Areas?**

The council aspirations for the Rural Areas are restrictive. There is no justification to restricting development to meeting local needs. The suggestion that "tight management of speculative development" is needed is an unnecessarily pejorative as virtually all development is provided by the private sector and to that extent is speculative.

62: Do you support our preliminary proposals for housing in our rural areas?

Unsupportive of the 500 newly allocated dwellings to the Rural areas for the next 18 year, when combined with the existing commitments of 538, this represents a total of only 1038 dwellings over next 18 years which is substantially below past build rates

63: Are there any potential rural housing sites you wish to suggest?

Have already promoted a suitable housing site for up to 60 dwellings at Deddington (Land north of Wimborn Close). This was considered by CDC planning committee in July of this year, but rejected on the grounds that there was a five-year supply of land ava

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

It is important that the planning system harnesses the full potential for growth of areas such as Oxfordshire, rather than planning for decline - as appears to be the case with the current strategy. The HENA avoids that description, but the selection of the lower of the two economic growth options by the council suggest that there has been a deliberate decision to minimise the amount of development.

Do you have any additional comments on the Draft Local Plan Review?

Allocating smaller sites in Category A villages will ensure the delivery of housing in a timely fashion as these smaller sites are more agile and not as constrained on infrastructure requirements meaning they can be delivered in a timely fashion.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Agrees with overall target of 500 homes for the rural area - should not be appreciably raised. More development - more cars to get to work, more pollution, more fuel consumption – against aim to be carbon neutral by 2030

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

Objects - this policy stipulates 30% affordable housing, current percentage for rural areas is 35%, oppose the change. Of affordable houses it is proposed 70% should be affordable rental and 25% First Homes sold at a 25% discount - propose that at least 30% of the affordable rental properties should have a social rent. Further propose that in Deddington/similar villages where few people qualify to go on Housing Register, the number of purchasable First Homes/shared ownership homes be raised to 50% of the affordable homes. Would urge Local Plan to explicitly state that people with strong local connection to a locality of village will be prioritised for affordable accommodation in said locality or village (as well as key workers).

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Difficult to answer question without knowing what sacrifices would be. Think more social rented housing is very important.

1: Do you have a view on the Plan period?
Consultation time too short/form too complex.
2: How could we improve the presentation of the Plan?
Consultation form too long/not well publicised.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
SO 1 & 2 encourage solar panel installations for new housing developments/fitting on council/other public buildings - preferable to large solar farms on land that could be used to provide food.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

Car parks in small towns (Bicester) with failing high streets should be free of charge to encourage visitors/residents. Encourage retail in own centre - not just cafes/activities. Cultural offers in town centres also important.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Should place emphasis on cultural aspirations. Market Square development not fit for purpose. Disagree with banning through traffic (to detriment of nearby shops/push traffic into residential roads). 'Café culture' promised with development of Pioneer

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

Agrees area near Junc 9 M40 good place for development. Objects that any warehouse development should take place nearer to residential areas/town itself. Unhappy with continued expansion of Bicester village unless to advantage of Bicester residents (not

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

Claremont car park very popular and Deans Court could be attractive shopping area - does not agree these are good locations for residential development. Cattle Market car park, Victoria Road could be changed to residential if necessary.

36: Are there any other transport schemes that you think should be delivered at Bicester?

Supports traffic control (eg traffic lights at Park and Ride to make entrance/exit easier, in particular for buses)

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

Would support better/paved/lit if relevant footpaths to nearby villages (ie Stratton Audley) and to retail park at Kingsmere and possibly to nature reserve behind Bicester Avenue. Better footpaths/cycle ways to nearby villages welcome as would improved f

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

Bicester needs more decent sized shops to compliment increasing number of cafes/restaurants. Properties linked together to provide larger floor space for larger shops (clothing, homeware, shoes shops, 'up market' food shops). Banking hub a priority. Br

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Would like improved footpath to/within the site for Bicester residents.

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

Having a policy of 25% of First Homes on every development could deter new housing developments/potential Developers from Cherwell area. Important to acknowledge ongoing rise in construction costs, with additional pressure on profit margins a reduction in profits (30% off on-Market Value on houses) schemes maybe seen as financially unviable/reduce developments/investment in area. A flexible policy that adjusts discount/percentage of first time homes per development based on development size could maintain developer interest, allowing delivery of first time homes/encouraging developers to build in area/Cherwell achieve targets.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Agree - would be in favour of providing social rented housing, should it be accommodated by way of allowing more sales products on site to counteract the financial impact of social vs affordable.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

1: Do you have a view on the Plan period?
Plan period should be extended to 2045 (see Rep for details).
2: How could we improve the presentation of the Plan?
Key Diagram is misprinted in online PDF version. Employment/residential needs important strategic requirements yet policies do not appear until late in plan (gives impression of reduced importance) should come earlier in policy sequencing. Strategic empl
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
It is appropriate to save policies where they remain relevant, but old allocations not yet delivered should be reviewed (may no longer be fit for purpose/appropriate).
Do you have any additional comments on the Introduction Chapter?
Theme Two (page 6) is concerned with Maintaining/Developing a Sustainable Local Economy but should be expanded to reflect/recognise role that Cherwell plays in wider region as it is meeting needs of Oxfordshire.
4: Do you have any comments on the draft Vision?
No.
5: Do you have any observations on our objectives?
SO6 should be expanded to reflect wider economic importance of district generally (Bicester in particular). Land identified for employment should not be limited to Bicester's needs. This would be consistent with Plan Vision/Objectives for Bicester.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

Comments see Question 5.

6: Do you have any comments on our strategy?

Comments see Question 5.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

No justification for a higher requirement (required to mitigate impacts arising from a proposal, to do more would fall foul of CIL/S106 requirements) to place additional burdens on development beyond statute unreasonable (see Rep for more detail/example).

8: Should we identify further land for employment?

Yes, allocating additional land would provide flexibility/wider choice/more employment opportunities greatest flexibility for delivery. Reliance on few large allocations insufficient choice for occupiers/developers. CDC's Employment Land Review identified suitable employment land at Bicester (off Skimmingdish Lane) - can be brought forward through plan/provide significant benefits/no significant material planning harm. No planning reasons for not allocating additional development opportunities where no material harm arises.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

No comment

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Focussing employment at Bicester/Banbury appropriate strategy. Allocating land at Kidlington is a less sustainable (link between employment/residential development is less strong) - should be directed toward Bicester and Banbury.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Consequences of the policy must be reflected in the need to allocate additional employment land. Loss of old employment land should be reflected in the supply requirement (same way residential losses recorded. If employment land lost on regular annualise

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Policy approach supported in general terms however policy starts from premise that 'exceptional circumstances' need to be demonstrated is a high bar/associated with Green Belt development - test unreasonable. Policy should start from premise that sustai

13: What are your views on allowing ancillary uses on employment sites?

Ancillary uses can assist in overall market attractiveness of employment sites which will add to their sustainability.

14: What are your views on our proposed approach to rural diversification?

No comments

15: What are your views on our proposed approach to tourism development?

No comments

16: What are your views on our proposed approach to retail development and town centres?

No comments.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

No comments

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

No comments

19: Do you have comments on the Housing and Economic Needs Assessment?

The Economic Needs Assessment does not appear to refer to the Residential Needs Assessment and there is a risk of disconnect between these two inextricably linked strategies.

20: Do you have comments on our emerging housing distribution?

No comments

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

No comments.

22: What are your views on our settlement hierarchy proposals?

No comments.

23: What are your views on our suggested policy for affordable housing?

No comments.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

No comments

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

GC No 40 Ltd

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

In general supports updated vision, particularly focus on maintaining/growing economy of District/building upon economic success of urban areas in a sustainable way to provide more diverse employment opportunities and reduce out commuting. Important that vision acknowledges importance of enhanced transport links/providing sound infrastructure/excellent education facilities to help achieve this part of Vision.

5: Do you have any observations on our objectives?

Generally supportive of Strategic Objectives/align with economic/social/environmental goals/ambitions of NPPF (2023).

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

On elements of Spatial Strategy relating to Bicester - welcomes strategy for Bicester to continue as focus for additional development reflecting ongoing growth/transformation. Notes strategy seeks to maximise benefits from having key international/national destinations and economic activity to support further business investment.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

CP12 supports movement towards achieving environmental sustainability/requiring biodiversity net gain re new development but does not consider requirement above mandatory 10% BNG justified/requires testing through viability assessment before taken forward in next stage of Local Plan Review. It may not be possible for all sites to provide BNG onsite, a policy approach to BNG should include provision for off-site contributions to mitigation, where appropriate/build flexibility into policy (see rep for ref to statutory credits, etc).

8: Should we identify further land for employment?

CP25 Require additional land allocations for employment within Plan (to accord with NPPF requirements/meet need for employment land/strategic needs of Functional Employment Market Area [FEMA]). Lichfields undertaken Employment Land Needs Assessment [ELNA] for industrial/warehousing development in District (see Appendix 2 of document in Rep) shows errors in Council's HENA (notably OAN calculation) would welcome Council's acknowledgement of error/amendment to employment land need figure. Overall employment land need figure increased by between 49 - 58 hectares, to 274-283 ha, does not appear to be any further allocations included in CP25 to meet additional need (only additional 3.3 hectares Bicester Business Park) so shortfall of employment land needed, based on Council's own evidence, is between 184.3 ha and 193.4 ha. Re para 3.119 need to take account of other permissions in place/developments completed on unallocated sites but information not in Draft therefore current employment land supply in District unknown/residual employment land requirement unclear. Does not consider Council's current approach addresses requirements of NPPF para 11b in being able to adequately deliver Local Plan Review Strategic Objectives/providing identified employment land needs of District/wider FEMA up to 2040. Will reserve judgement on this point until Council provides clearer evidence on actual forward supply of employment land. Other matters need to be considered to inform amount employment land need - see Rep for detailed On 'strategic role of Cherwell and Bicester', 'Socio Economic Profile of Cherwell', 'Current Levels of Supply and Demand for B8', 'Failure to consider wider strategic B8 needs', 'Further errors in the HENA'.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

Welcomes opportunities for positive engagement with Cherwell in relation to land interests at Land South of the A41, Bicester (see Rep for details of site/Vision Document at Appendix 1).

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Supports continued focus of employment development on key centres, particularly Bicester.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?**12: What are your views on our proposed approach towards new employment development on unallocated sites?**

Broadly supportive of inclusion of CP27 and flexibility it provides but concerned about inclusion of an "exceptional circumstances" test beyond requirement for demonstrable need not clear what other "exceptional circumstances" would need to be present. S

13: What are your views on allowing ancillary uses on employment sites?**14: What are your views on our proposed approach to rural diversification?**

Do you have any additional comments on the Plan Vision and Objectives Chapter?

Acknowledgement should be given in the wording of the Vision, and to policies and text elsewhere in the LP, to that part of the District which lies on the northern edge of Oxford to the contribution which will be made by the delivery of development there.

6: Do you have any comments on our strategy?

CP 1 – 6 Supports the aims of those draft policies which seek to meet the challenge of climate change and ensuring sustainable development. Supports the aim in CP1 point (i) of distributing growth to the most sustainable locations, which includes land on the northern edge of Oxford. Confirmation is required from the Council that the specific requirements of CP 1,2, 3, 4, 5 and 6 are deliverable and that appropriate and affordable technology is available. Further clarification of the wording of these policies is required to ensure consistency with current Government policy.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

The requirement of CP12 should be consistent with the national guidance on BNG and associated timescales for its implementation. Further explanation is required of the requirement for 20% BNG in Nature Recovery Network Core and Recovery zones, and new urban extensions. The requirement set in this Policy should take into consideration other relevant considerations such as delivery of other on-site requirements. When adopted, this Policy should also include reference made to the most-recent Biodiversity Metric. Reference should be made to Metric 4.0 or successor. CP14 Further evidence is required to accompany this Policy. The Plan should include the Natural Capital Map of Oxfordshire in order to understand the requirements of this Policy. CP24 Supports making effective and efficient use of land and the acknowledgement in the Policy that specific local circumstances is a determining factor in confirming appropriate densities of development. The inclusion of the word ‘minimum’ in relation to development densities does not comply with the NPPF and the policy wording should be amended.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Supports identifying further land for employment, which includes its location close to Oxford and being within the Oxfordshire ‘Knowledge Spine’ and the Oxford-Cambridge Arc. In addition to the commercial centres at Banbury, Bicester and Kidlington the PI

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Further consideration should be given to promoting a higher housing requirement. The portion of Oxford's unmet need is not yet confirmed. The overall housing requirement should be stated as minimum requirement and be flexible to respond to any change to the Oxford figure and the uncertainty over collaboration with the wider Oxfordshire Councils. If the Council were to plan for a higher-level economic growth than is currently identified, then consideration should be given to allocate a new mixed-use development site on land within Christ Church's ownership in close proximity to the Water Eaton Park & Ride and Oxford Parkway station. This would result in both the district-wide and Kidlington area figures being increased in size in CP 34. Subject to any further development requirements being identified by the Council in this Plan, Christ Church's proposals could include - 750 – 1,000 new homes, 15 hectares for employment uses, a linear park and strategic leisure route, area for flood mitigation and environmental enhancement (including BNG), and expansion of the proposed existing primary school if required. Previously submitted a vision document to the Oxfordshire 2050 Plan Call for Ideas consultation in relation to land at Water Eaton, to the east of the allocated PR6a site, being outside of the flood zone, but adjacent to the Water Eaton Park & Ride site and Parkway Station. Should the Plan period need to be extended beyond 2040 to ensure it covers a minimum period of 15 years post adoption, the overall housing requirement should also be increased to accommodate the annual housing requirements for those additional years.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

In support. CP38 Notes the inclusion of this draft Policy in the Plan and confirms that adopted Policy does not require the delivery of Extra Care Housing.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

If the Council were to plan for a higher level economic growth, then consideration should be given to the opportunity to allocate a new mixed-use development site on land within ChCh's ownership in close proximity to the Oxford Park & Ride and Oxford Parkway station. This would result in the housing and employment delivery targets being increased and an additional allocation being made in CP 76. The key components of ChCh's proposals are listed in the response to CP 34.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Requests that the baseline housing requirement figure is reviewed to be more in line with the Economic Led Growth Scenario of the HENA (see Rep for indepth On HENA/Economic Development Led Scenarios comparisons).

20: Do you have comments on our emerging housing distribution?

Requests that a greater indicative housing apportionment to the rural area is tested and adopted as the preferred approach and the approach to the rural area more generally re-examined to achieve a more equitable and deliverable growth strategy.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Requests that clarification is provided as to the role and function of the more sustainable rural settlements such as Adderbury and Hook Norton in accommodating future growth. Recommend that rural growth is prioritised in these areas in line with the app

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

CP52 Supported. Confirmation is required from the Council that the requirement for new schools to be built to net zero standards is deliverable and that appropriate and affordable technology is available.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Area behind the Moors is a natural green space - used by many walkers every day/to the Canal. Often waterlogged/floods regularly. Frequented by wildlife. Should not be considered as a building area.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Local green belt being built on is reducing people's access to nature/local carbon capture. Proposed stadium will encompass a large amount of green belt. Re transport may appear well connected but bus service unreliable/deteriorated significantly over the past three years.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Further housing could be planned on Bicester Road.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

The Skoda garage site would be a good place for retail development (ie supermarket - would reduce need to travel into Oxford). A new/modern health centre with better facilities/more staff could be built on Exeter Close - enhance aim for a healthier vill

Do you have any additional comments on the Kidlington Area Strategy chapter?

Theme 1 SO1: areas where inappropriate (see below). Sustainable/energy efficient homes need to be a demand rather than suggestion. Buildings that meet criteria promised but not delivered because of costs. SO.2: Re resilience against flooding - likely flooding will increase. Re fields behind the Moors waterlogged every year/flood regularly - more development will increase run off/flooding of existing homes along the Moors/Church Street more likely. Conservation area/needs special consideration. SO.3 think air quality in village deteriorated (often smell of aviation fuel). Traffic increased due to poor public transport. New bus contract unreliable/car use seems a better option. Theme 2 village centre would benefit from more/varied shops (children's clothes/fresh food rather than take aways - encourage a healthier lifestyle). Theme 3 Healthy living - urgent expansion/new provision of Primary care required.

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
Should be at least to 2040 to provide certainty for future decision making.
2: How could we improve the presentation of the Plan?
No comments
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
No comments
Do you have any additional comments on the Introduction Chapter?
No comments
4: Do you have any comments on the draft Vision?
Would be nice (given current issues about serious pollution) to include simple statement about clean water/air in addition to more sophisticated environmental goals.
5: Do you have any observations on our objectives?
Mentions improving air quality at SO 3 but no specific mention of objective for water quality.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

No comments

6: Do you have any comments on our strategy?

Strongly agrees with focus on new development at Bicester and lesser extent Banbury. Strongly agrees with strengthening the vitality/viability of Banbury Town Centre as far as possible - has much potential but suffered in recent years with changes in retail behaviour/loss of major stores.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

No comments

8: Should we identify further land for employment?

No comments

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

No comments

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Seems to be the most sustainable approach.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Agrees that sites need to be protected from short term economic pressures.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Agrees sensible to allow for some developments on suitable sites - difficult to predict demands for employment land over plan period.

13: What are your views on allowing ancillary uses on employment sites?

Agrees sensible to allow for some ancillary uses eg fast food, etc. to support larger employment areas.

14: What are your views on our proposed approach to rural diversification?

Supports the principle but need to avoid unsuitable sporadic developments in open countryside.

15: What are your views on our proposed approach to tourism development?

Supports the principle but need to avoid unsuitable sporadic developments in open countryside.

16: What are your views on our proposed approach to retail development and town centres?

Generally supports this approach.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

No comments

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

No comments

19: Do you have comments on the Housing and Economic Needs Assessment?

Agrees that Scenario 3 seems to be most realistic given uncertainties about national/local economy.

20: Do you have comments on our emerging housing distribution?

Generally supports proposed future housing distribution (has to shift focus away from Banbury - reaching environmental limits).

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Assume Hanwell village is now in Open Countryside category, given its lack of facilities?

23: What are your views on our suggested policy for affordable housing?

Strongly agrees affordable housing is high priority/need robust planning policies.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Yes, but providing other social infrastructure is important too (need Government to invest in building affordable housing rather than relying on developers/invest in building specialised housing designed for older/disabled residents).

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

No comments

26: Would you like to propose any sites for consideration as Local Green Spaces?

Hanwell PC has already done this as part of previous consultation.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

Strongly supports policies to protect heritage assets (vital part of character of Cherwell).

27: What are your views on our aspirations for the Banbury area?

Generally supports this approach.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Supports exploring the two sites mentioned and maximising housing development in/around town/local centres for elderly etc who need accessible locations (lots of standard estate houses but poor in provision of housing designed for elderly). Would assist d

29: Are there any alternative housing sites for Banbury you wish to suggest?

No comments

Do you have any additional comments on the Heyford Park Area Strategy chapter?

No comments

61: Do you have any views on our aspirations for our Rural Areas?

Strongly supports this approach.

62: Do you support our preliminary proposals for housing in our rural areas?

Comments supports these proposals

63: Are there any potential rural housing sites you wish to suggest?

No comments

64: Do you know of any potential new rural employment sites?

No comments

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Strongly agree with intelligent contingency measures to allow the Plan to have some flexibility/move forward, rather than keep going back to square one. It is vital that the Plan can be adopted ASAP.

Do you have any additional comments on the Implementing the Plan Chapter?

No comments

66: Do you have any comments on the appendices?

No comments

Do you have any comments on the supporting technical evidence?

No comments

Do you have any additional comments on the Draft Local Plan Review?

In view of time period already involved in preparing/adopting Local Plan, risk that Plan might be overtaken by events (ie change of Government) - important that Plan can be adopted as soon as possible to provide robust planning framework for future of Cherwell. Re District wide policies - note under CP18: Light pollution - also mention impact on sensitive locations/amenities (ie Hanwell Community Observatory which needs dark skies to function). Lastly, all those involved in preparation of this excellent, extremely detailed consultation draft should be thanked for their hard work.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

The fields behind the Moors, Kidlington, should under no circumstances be built on, proposed development should be withdrawn and the site designated a green space.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Fields behind the Moors - proposed development should be withdrawn as it is open countryside used for recreation by residents, is a unique setting of St Mary's Church, supports a variety of wildlife and that development would increase flood risk and traffic levels. Questions why council isn't considering potential brownfield sites (one proposed by Dorchester Living at Upper Heyford with local Parish Council support). Brownfield sites should be prioritised over green belt/ green belt sites.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

Richborough Estates

1: Do you have a view on the Plan period?

NPPF requires strategic policies which should look ahead over a minimum period of 15 years/where larger scale developments form part of strategy should be within a vision looking at least 30 years forward - assumed adoption in December 2025 a plan period

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

The Vision is expressed in terms of outcomes "by 2040" - it is considered that an extended period to at least 2042 should be adopted/reflected throughout the Plan including the Vision.

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

District wide strategy is supported however in terms of area strategies need to ensure not too rigidly framed/translated into policy. Rural Areas strategy approach too rigid - third bullet under this strategy is inappropriate. Treats villages – larger, smaller and others – as isolated entities/does not recognise relationships amongst/between villages/larger settlements (see rep for examples of small settlements being well related to well-served larger villages). Third bullet should have text added to read; “and to other locations where well related to the services offered in larger settlements.” This further emphasis should then be translated into the provisions of the relevant Plan policies.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Requirement for 10% biodiversity net gain supported, achievement of greater than 10% BNG should be encouraged where possible but should not seek more than 10% net gain if it means sacrificing other requirements. Not clear what “other requirements” might include but are likely to be important in reducing the impacts of development/meeting specific needs.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

At this stage of plan-making/in light of current evidence base Cherwell's need should be identified as Scenario 2 and should be expressed as a minimum and calculated over a longer Plan period beyond 2040. Additional sites should be allocated accordingly

20: Do you have comments on our emerging housing distribution?

Housing need to be identified/addressed by the Plan should be increased. For a number of reasons (lapses in supply, slippage for larger elements of supply, question marks around elements of new/existing supply, reliance on large sites) it is considered housing supply will fall short of need identified. Distribution favours main towns, Kidlington, Heyford Park is appropriate but further element should be added to promote rural delivery/greater than the 500 units currently identified for rural areas. The Council should engage further with consultees to understand the sites that might contribute to this.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

The inclusion within "Open Countryside" of all villages not included in other categories is inappropriate. It includes settlements which are relatively large/cannot be regarded as "Open Countryside". Distinct settlements should not be included within "O

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

A further element to the strategy provision should be made to allow for more flexibility and growth in the lower order settlements, particularly on sites that are sustainably located/benefit from access to local services/facilities. Should include the prospect of new housing at small settlements in rural areas that might be well related to well-served larger villages/main towns. Rural Areas strategy should be amended to support housing directed to other locations where well related to services offered in larger settlements. Overall housing need should increase and some increase be directed to rural areas. CP86 needs to be more flexible in this regard to allow for sustainably located development proposals to come forward in rural areas and should be expanded to include a criteria-based approach to allow housing development to come forward to contribute towards meeting need.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

Land at South Lodge, Caversfield, has previously been promoted in this regard (referred to both as LPR-A-003 and LPR-A-144). It is well related to the edge of Caversfield, and accessible to the extensive services and facilities in the northern part of Bi

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to proposed building on fields north of the Moors as it is productive agricultural land, will be detrimental to considerations of food security as well the environment as a whole. Footpaths used/loved, if developments (ie Stadium) go ahead green belt dividing Kidlington/Oxford will disappear/be more need for areas of unspoilt, open countryside, for people/wildlife.

1: Do you have a view on the Plan period?

Notes the NPPF at paragraph 22 states is acknowledged at paragraph 1.8 of the Consultation Plan although only in the context of housing supply. The need to plan for at least 15 years also applies to securing long-term economic growth in the area. The Loca

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Notes all retained polices should be contained within the Local Plan Review for clarity.

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

The Vision should refer to having met the identified need for housing and employment land by the end of the Plan period.

5: Do you have any observations on our objectives?

General support.

Do you have any additional comments on the Plan Vision and Objectives Chapter?

No.
6: Do you have any comments on our strategy?
To be in accord with the NPPF requirement to give significant weight on the need to support economic growth and productivity considering both local business needs and wider opportunities for development, the first bullet point of the Spatial Strategy for Banbury should be amended to: 'Deliver committed development and provide for additional growth that meets the needs of the community and businesses in sustainable locations'. The NPPF requires that planning policies and decisions should recognise and address the specific locational requirements of different sectors. This includes making provision for clusters or networks of knowledge and data-driven, creative or high technology industries; and for storage and distribution operations at a variety of scales and in suitably accessible locations. The specific requirements of the logistic sector should be recognised and met in the spatial strategy.
7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?
Only where it is viable and feasible, including off-site contributions.
8: Should we identify further land for employment?
Notes the consultation Plan identifies an additional 74.8 hectares of land for employment use. In addition to the 60 hectares already completed or committed. This leaves a considerable shortfall of at least 139.2 hectares against the Council's identified need. Of the additional 74.8 hectares identified only 10.5 hectares is at Banbury split over two sites. There is clearly inadequate to meet the needs of the logistic sector in the Banbury area, and therefore requires the allocation of additional sites.
9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.
Greystoke CB are promoting land east of junction 11 of the M40, Banbury. This site has been submitted to the Call for Sites and was a recent planning application. This area land was considered in the Employment Land Review (ELR) ref: LPR57. The site is on
10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?
The approach is supported, however, there is a considerable shortfall of employment land identified to meet the assessed needs.
11: What are your views on our proposed approach towards development at existing and allocated employment sites?
12: What are your views on our proposed approach towards new employment development on unallocated sites?
Generally in support.
13: What are your views on allowing ancillary uses on employment sites?
14: What are your views on our proposed approach to rural diversification?
15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Significant weight should be placed on the role of housing to support economic growth. The Council's preferred approach is 'Housing Scenario of 3' of 1,293 homes per annum which includes a proportion of unmet need from Oxford City. However, this represent

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

To be in accord with the NPPF requirement to give significant weight on the need to support economic growth and productivity taking into account both local business needs and wider opportunities for development, the first bullet point of the Spatial Strat

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

States land east of junction 11 of M0 should be allocated for employment logistics uses.

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Notes appendix 2 should include the site at land east of junction 11 of the M40, Banbury.

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

What is your name? - Name
Allan & Lisa Phipps
What is your organisation (if applicable)? - Organisation
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
Needs a process for updating sections that become outdated rather than leaving ambiguity - leads to uncertainty/exploitation/lack of trust in Plan. AMR could add more value to Plan - keeping it current/addressing major changes in district/used to seek pu
2: How could we improve the presentation of the Plan?
Presentation very technical/perception amongst residents is views aren't important - good if council did some work that shows an attempt to engage public. Would be useful if links to supplementary information was available throughout the Plan and a sear
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Would be clearer if policies in main document could have an indication whether new or retained and where replacements, a link to previous policy (adopted Local Plan has list of all policies at start of plan, easier to find what you're looking for).
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Increase public engagement with plan - take into account community/voices. Change this so community can be involved in factors that affect them/have interest in/input into shaping communities. Residents could become volunteers helping to achieve things for district.
5: Do you have any observations on our objectives?
SO3 should be more inspirational - a leading district in biodiversity enhancement. Concerned don't have an understanding of what we have - two years ago no biodiversity records, citizen science has changed that and have seen biodiversity enhancing from be

Do you have any additional comments on the Plan Vision and Objectives Chapter?

Should aspire to take holistic approach when assessing development proposals/impact on landscape components. Need some focus on geodiversity, without good geodiversity cannot achieve good biodiversity. SO9 important/more effort needed to document this.

6: Do you have any comments on our strategy?

Regarding spatial strategy - concerned re lack of public consultation for applications, particularly on non-allocated sites (see rep for example). Strategy in conflict with the revised policies, these seem weaker than before, should aim to strengthen policies. Weakening policies contradictory to what stated aims are. Disconcerting/confusing council suggesting theres a shortfall of employment land with no policy to address this. Seems relevant that council have adopted HENA method for housing targets, this has knock-on effect to employment land requirements - if used Government recommended methodology around 11000 less houses required, would have sufficient employment land. Needs to be stronger definition /protections of "settlement gaps".

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Should be seeking more than 10% biodiversity net gain without sacrificing other requirements. 10% is bare minimum, should be aiming much higher. The area East of M40 is often referred to as a natural green buffer zone along the border with Northamptonshire, we would like to see this reflected in policy.

8: Should we identify further land for employment?

If employment land need is 50 hectares short and need required equally across years of plan, then available employment land would meet needs for a considerable time (objects to going ahead at this stage and commit further land). Suggests put in place a policy that commits to a review of employment land within 5-10 years of adoption - clear policy needed to deal with any perceived shortfall in employment land. Identifying further employment land at this late stage of plan review mean considerations will have reduced scrutiny/skip processes of consultation/anxiety for communities/opportunities to exploit plan for developers. New policies weakened/will not allow planning team/committee to protect against inappropriate development. A lot of ambition focused on enhancing biodiversity, increasing woodland and green space but where will this go?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Current adopted Local plan supposed to have focus on providing diverse employment/high skilled job opportunities to reduce numbers travelling out of district. Question focus on this - majority of employment land developed is for warehousing. Employers in

11: What are your views on our proposed approach towards development at existing and allocated employment sites?**12: What are your views on our proposed approach towards new employment development on unallocated sites?**

Policies revised from SLE1 in currently adopted approach are weakened (little difference between approach to development on allocated or non-allocated sites). 3 specific concerns - policy no longer emphasises employment will be focused on allocated sites

13: What are your views on allowing ancillary uses on employment sites?**14: What are your views on our proposed approach to rural diversification?**

More needs to be done to address imbalance that it is currently more profitable for landowners to sell for development and the volume of land being held until such time that this profit can be achieved with no productive value to the district of the use in the meantime. Concerned that so much land is being held onto speculatively and not used for anything in the meantime.

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

Parking in Banbury needs to be addressed - provision of fair/free parking charges and enforcement of illegal parking.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

If this method pursued it should be written into policy for review within first two to five years of adoption of new plan, to ensure not building too many homes in relation to need. Better to have double tier approach - Government suggested methodology

20: Do you have comments on our emerging housing distribution?

No policies re empty homes - explore options to put empty homes back into use. Cherwell should not be taking on allocation of Oxford's unmet housing need - if residents still work/study in Oxford will increase commuter mileage, contrary to what trying to achieve. Oxford gets significantly more investment in infrastructure so if unmet housing need is allocated, Oxford should share their funding in same proportions. Should be clearer brownfield first policy that is also reflected in allocation to rural areas (disproportionately high if aiming to protect countryside).

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Would like to see this policy within Open Countryside worded to specifically include hamlets alongside the small villages not listed (see rep for examples).

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Supports the amended proposal to designate Banbury Lane, Nethercote as Local Green Space for reasons as laid out in the separate proposal submission. Also the green space East of M40 J11, Huscote Farm and Nethercote designated as such.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

Much of language vague/subjective/open to interpretation and needs to be tightened up. Discordance between key themes - should be provided for within Policies. Re CP1 3.5 Re OcLep strategy- needs to be more specific, how will changes be measured/against what? A hierarchy of placement to avoid loss of green belt. Re C Grade EPC - needs definition/how will it be measured. Without context meaningless. Re electric/active travel to become new norm - do not have infrastructure in place.

3.11 Important - engage public more in processes they will be more committed. CP4 re requirements for development of 1000m" or more - need sliding requirements for less than 1000m". CP11 3.58 if biodiversity encouraging features have been endorsed by the council since 2018, why are they not happening still? Need to improve records of what biodiversity have already/more about what to protect/enhance - engage more with citizen science project/ TVERC. iii a typo "...irreplaceable habits..." instead of "habitats".

CP12 - re increased focus on biodiversity will be necessary to increase officers resources in ecology and planning team. CDC has low tree cover, should be acknowledged/policy to address. Irreplaceable habitat cannot be replaced and therefore extensive efforts should be made to protect this. Re Nature Recovery Network core/recovery zones less in Banbury, needs to be addressed for connectivity. See Rep for Natural England Research Report information - good to see these principles reflected in the policies. CP14

3.72 typo, end of line 4 "and will ensure that the is taken into account" the ... is missing, what is going to be taken into account? Needs to be more engagement of public to identify areas to focus on. CP16 re quality (see Rep for references) should be able to provide real time figures for air quality. CP17: What monitoring of noise/pollution is currently carried out in district? How will we know sensitive receptor(s) without data? CP18: re light pollution, how changed over recent years/impacted by warehouses. Define what constitutes unacceptable impact. Mapping of light pollution should be made public. CP29: CEP should be representing views of residents too. CP43 Most up to date evidence on Landscape must be cited/kept up to date. CP47 Need to define walking distance /acknowledge safety/other factors relevant to definition of walking distance. CP57 Acknowledges not all heritage assets recorded but nothing in policy to redress this. CP59 Listed Building proposals should see consultations to a wider audience.

27: What are your views on our aspirations for the Banbury area?

Not confident that unchecked volume of warehouse developments will not continue. Some core policies appear contrary to ambitions for Banbury area - unclear that new plan with its weakened policies would give planning officers sufficient weight to act. No

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Green Belt use proposed is not exceptional (vague language is subjective/open to interpretation). Required housing could be accommodated without interfering with green belt by increasing density/improving design.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Regarding green buffer zones/natural areas of green space. Landscape mapping should be better documented - Stratford Upon Avon Local Plan an example of a policy that maps these green buffer areas - would like similar policy included in CDC Local Plan and see the green space East of M40 J11, Huscote Farm and Nethercote designated as such.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

No policies covering enforcement - important aspect of planning system.

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Supportive of CDC, think officers should be better supported with stronger/robust policies - important policies are sufficient to ensure developers are building our ambitions and visions for area.

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Great to see enhanced biodiversity policies but concerned focus is on enhancing/protecting with little work in area to establish what we have present to enhance/protect. The area East of M40 is often referred to as a natural green buffer zone along the border with Northamptonshire, we would like to see this reflected in policy.

8: Should we identify further land for employment?

Positive that Employment Land sites LPR57, LPR58 and LPR59 at Nethercote and Huscote Farm not being taken forward for allocation in plan. Policies that should prevent development in unsuitable locations significantly weaker than in currently adopted plan. Concern that shortfall of Employment Land is suggested, with no proposed policies for dealing with this/not clear how need has been calculated.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Development already planned will place strain on transport/infrastructure/local services/damage environment - not sustainable. Too much Green Belt taken for 4,400 homes to meet Oxford needs - these sold on open market not necessarily Kidlington.
Proposed football stadium will require roads closure two days a week/add to transport problems. Green Belt boundaries should endure beyond lifetime of local plan - 3 years ago a revision, no need for more. Objects to The Moors.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

What is your name? - Name

Nick Arthur

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Renewable energy should prioritise brownfield sites over greenfield.

8: Should we identify further land for employment?

Would be beneficial to enhance proposed policy on employment land, it's much weaker than the existing Local Plan policy.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Suggested targets for housing excessive - Government's methodology creates number lower, proposed rationale for beyond this target not compelling.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Beneficial if CDC allocated more resources to help communities identify Local Green Spaces - valuable to residents/not enough being done to create/maintain them.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Given previous statements about environment seems less than sensible to propose building on greenbelt in Kidlington.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors. Concerned re flood risk, and puddles in gardens at The Moors do not drain in heavy rain and electric was lost in heavy rain as water levels rose under floor boards. There are insufficient amenities to support new homes and road infrastructure unable to support new cars. The Moors fields are used for recreation and if built on, wildlife will be displaced.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Regarding 500 homes allocation in rural areas - smaller villages should be looked at on a case-by-case basis to ensure future development is about right properties in right places. Dorchester Living propose some homes on brownfield land at Heyford Park
Fringford Parish Council supports/CDC to assess capacity. Supports strategy statement to “protect the character, appearance, heritage and identity of our villages” but does not support an allocation of 500 houses outside built-up limit of village/negatively impact on rural character/nature of the village street scene/surrounding open countryside. See rep for On in-fill planning. Notes in Fringford Parish profile in draft Plan states two sites LPR-A-078 Land at Hall Farm and LPR-A-171 Land to the west of Fringford are “promoted” for use for housing - Fringford Parish Council would not support planning applications on either these sites and request they are removed from subsequent versions plan.

62: Do you support our preliminary proposals for housing in our rural areas?

What is your name? - Name

James Grote

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Public transport is a crucial issue for villages - especially for those with limited mobility.

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Protecting identity/character of villages is vital (ie Chesterton a small village already taken development/no capacity for more).

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Concerns re flood risk of developing land east of M40 junction 9.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Avoid use of small villages/open countryside for employment development.

13: What are your views on allowing ancillary uses on employment sites?

Makes sense.

14: What are your views on our proposed approach to rural diversification?

Agrees with approach to use existing buildings and is not detrimental.

15: What are your views on our proposed approach to tourism development?

Cannot see how Great Wolf development adheres to this approach.

16: What are your views on our proposed approach to retail development and town centres?

Good.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Area south of Chesterton not suitable for 500 homes (impact to infrastructure/roads/primary schooling). Chesterton classified as small village/separate from/not part of Bicester.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Shows Chesterton as smaller village (correct - not included as part of Bicester).

23: What are your views on our suggested policy for affordable housing?

Council must insist exceptional circumstances robustly justified.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Depends what the sacrifices are.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

Yes.

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Improving town centre/resolving transport connectivity to surrounding villages vital.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

No, not 5.7 south of Chesterton (small village/few amenities/already taken new development).

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

In general, yes.

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Requests please do not put 500 more homes on edge of Chesterton - would change nature of village. Maybe consider a smaller number? 25? Roads too busy with no footpaths/becoming dangerous for pedestrians.

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to proposed development on fields behind the Moors. Environmental impact - home to variety of wildlife/important green space for ecosystem/habitat destruction/soil erosion/loss of biodiversity. Increased traffic - construction/additional residents/safety hazards to pedestrians/children. Increase in noise/light/air and pollution. Loss of green space - recreational/leisure area - detrimental to health. Flood risk - puddles in gardens in The Moors do not drain in heavy rain/risk of flooding without fields to drain water first. Lost electric in heavy rain as water levels rose under floor boards covered wires/within an inch of coming up through floor boards. Requests thorough environmental impact assessment/engage with residents in comprehensive dialogue re development.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Housing number used is above Government standard housing assessment - think Government Standard should be used.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

The field in Hanwell village used for Hanfest and the paddock next to the castle should be new Green Spaces and protected.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

CP45 Settlement Gaps - criteria too narrow/may not prevent developers arguing that screening vegetation is sufficient to protect a settlement gap. Physical separation only part of equation/should also consider 'sense' of coalescence. Policy should be strengthened/extended.

27: What are your views on our aspirations for the Banbury area?

Agree that brownfield sites should be developed around Banbury station and canal.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

Please provide name of person or organisation you are representing. - On behalf of
Bellway Homes
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Supports reference made in Plan to the Policy PR6a (Land East of Oxford Road) allocation.
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Percentage requirement for BNG in Policy should follow Government guidance/implemented in accordance with Government timescales (currently 10%) but that does not prevent applicants going above this level. Adopted version of Policy should also refer to most up-to-date BNG Metric or successor - currently Metric 4.0. Policy should include only a 10% requirement - if it includes an 'at least 20%' BNG requirement clarification should be given (see Rep for suggested conditions).

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

CP29 supports Policy - development to be delivered under Policy PR6a of Partial Review Local Plan, an employment, skills and training plan will be agreed as part of the planning application.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

CP36 supports policy aim however policy requires clarification regarding specific elements (see rep for examples) to ensure precise mix/tenures of affordable housing provision can be determined at application stage/subject to viability/need.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

CP76 - supports inclusion in Policy of reference to Policy PR6a (Land East of Oxford Road) allocation from the adopted Local Plan Partial Review (see Rep for more details of application/ability to deliver up to 800 new homes). CP78 - questions blanket requirement in final paragraph of Policy ie "all developments in the Kidlington area will be required to contribute" should be clarified to explain requirement is "subject to meeting the tests set out in regulation 122(2) of the Community Infrastructure Levy Regulations 2010". Point (iv) should be amended to include "/A4165". Point (v) clarification is needed as to whether this point should also refer to point (d). Regarding CP79 in the first bullet point reference should also be made to "/A4165".

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

CP1, CP2, CP3 CP4, CP5 CP6 - supports draft policies objectives of tackling climate change/ensuring sustainable development. Wording of policies needs further consideration to confirm that their specific requirements are capable of being deliverable (available/affordable technology)/viable/appropriate standards of construction followed and is consistency with current Government policy. CP14 - notes Natural Capital Assessments (NCA) will be required as part of Environmental Impact Assessments to include/demonstrate wider environmental net gain - Policy wording unclear, clarification is sought as to whether NCAs will also be required for non-EIA developments. Requests clear guidance on what expectations/requirements are with regard to submitted NCAs. Confirmation required that NCAs will not be required for EIA projects at Reserved Matters stage (where granted outline planning permission prior to adoption of plan). Requests Natural Capital Map of Oxfordshire included in Local Plan to explain requirements of this Policy. CP15 supports aim of Policy - clarification required in wording to ensure delivery of GBI is capable of being delivered (ie might not be deliverable if third party land is required) policy should make clear that in certain instances requirement not be sought. Point (v) to be clarified to state that improvement of existing/proposed built and natural landscape/built environment is only required within an applicant's site. Point (vi) Policy requirement for GBI provision along movement corridors should only apply to land capable of being delivered by developers. CP21 - require explanation as to what is meant by 'direct bus access'. Reference to rapid electricity charging points not needed in this paragraph as referred to in final paragraph of this Policy. Paragraph should be reworded to include requirements for strategic developments (see rep for suggested wording). CP24 - in support, however reference to minimum density standards does not comply with wording of NPPF - reference to 'minimum' should be removed from Policy wording/acknowledgement given to densities instead taking into consideration local circumstances. CP38 - Policy wording and confirms that Policy PR6a (Land East of Oxford Road) of adopted Partial Review Local Plan does not require delivery of Extra Care Housing (ECH) - this point should be confirmation in this Local Plan. CP52 - where new schools are planned Council needs to give further consideration as to whether building them to net zero standards is deliverable/ appropriate/affordable technology available to ensure delivery. Also consider viability of new development/appropriate standards of construction are followed.

Summary comments of all questions

Instructed by Bellway Homes Limited (Bellway) to provide responses to consultation/responses relate to policies/proposals which are of particular relevance to Bellway in delivering the development of land which is allocated under Policy PR6a of the Partia

Consultation Statement

What is your name? - Name
Susan Grote
What is your organisation (if applicable)? - Organisation
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Public transport is a crucial issue for villages/especially for those with limited mobility.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Protecting identity/character of villages is vital.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Concerned about flood risk of developing the land east of M40 junction 9.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Avoid use of small villages and open countryside for employment development.

13: What are your views on allowing ancillary uses on employment sites?

Makes sense.

14: What are your views on our proposed approach to rural diversification?

Agree with approach to use existing buildings and is not detrimental.

15: What are your views on our proposed approach to tourism development?

Cannot see how the Great Wolf development adheres to this approach.

16: What are your views on our proposed approach to retail development and town centres?

Good.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Area south of Chesterton is not suitable for 500 homes. It would put strain on current infrastructure/roads/primary schooling. Chesterton is classified as a small village and is separate from and not a part of Bicester.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Shows Chesterton as a smaller village which is correct. It is not included as part of Bicester.

23: What are your views on our suggested policy for affordable housing?

Council must insist that exceptional circumstances are robustly justified.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Depends what the sacrifices are.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

Yes.

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Improving the town centre and resolving transport connectivity to surrounding villages vital.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

No - definitely not 5.7, south of Chesterton. Chesterton is a small village, with few local amenities and cannot take 500 more homes. Chesterton has already taken new development.

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

In general yes.

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Requests please do not put 500 more homes on edge of Chesterton - would change nature of the village. Maybe consider a smaller number? 25? Roads are already too busy and with no footpaths are becoming dangerous for pedestrians.

What is your name? - Name

David and Hazel Jones

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Questions statement in chap 2 introduction: 'our natural environment is more diverse'- what is this compared to?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

They believe all building should have planning permission condition tied to them about fitting solar voltaic system. Questions how the Bicester town centre can be made more green when existing facilities are limited.

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Questions the baseline for the 10% biodiversity net gain and Concern that the DEFRA metric ignores ecosystem analysis and species recognition.

8: Should we identify further land for employment?

Notes this shouldn't occur until housing pressure has been removed.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

Notes Bicester town is too small to sustain more employment.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Highlights Upper Heyford to be expanded instead.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Notes greenfield sites should be avoided.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

Need to protect identity of rural villages and avoid unplanned development in the open countryside.

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

Notes objection to South of Chesterton/ North of A41 as Chesterton is a small village which should not be expanded further.

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

Highlights the need for road improvements on the A4095.

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Notes the isolation of the proposed site for housing at Chesterton.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

Highlights the benefit of building and owning houses for rent by local farmworkers.

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Opposes to further building upstream of Wendlebury until effects of developments have ben observed and monitored for 10 years post completion.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Opposes the level and rate of development at Bicester and the lack of services to meet the growing population.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Supports aspirations, particularly maintaining Green Belt.

62: Do you support our preliminary proposals for housing in our rural areas?

Opposes development within Bletchingdon due to its location within the conservation area and notes some housing development could be allocated to smaller villages to take the pressure off of the larger villages.

63: Are there any potential rural housing sites you wish to suggest?

Notes they are considering a site for 20 dwellings- to be included in the emerging neighbourhood plan.

64: Do you know of any potential new rural employment sites?

Not in support of any rural employment sites within Bletchingdon itself.

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Notes the housing numbers are too high and evidence supporting those is flawed. States Cherwell should not be taking on Oxford City's overspill.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

States 'affordable housing' needs to be clearly defined and quantified in the plan.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors due to it being in the Green Belt.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

Opposes adjustments to the Green Belt.

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Supports a brownfield first approach to renewable energy e.g. solar energy. Supports Need Not Greed Oxon's and CPREs responses to the local plan.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Questions the housing need assessment as being inflated compared to the standard method and promotes using the standard method instead.

20: Do you have comments on our emerging housing distribution?

Not in support of the housing distribution proposed due to it not being based on the standard method calculation and opposes to allocation of 900 homes in/ adjacent to Oxford Green Belt in CP34.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors and Land South East of Woodstock.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Notes the amount of development at Begbroke science park which is on Green Belt land is unclear.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

Requests that new plan is strengthened to prevent a large scale development on Green Belt land which has occurred at Oxford Technology park.

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

Supports Kidlington Parish Council's aim to form a ring of green spaces around Kidlington.

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Supports Core policy 44 retaining Green Belt boundaries and states that Green Belt amendments are not justified.

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Notes opposition for allocation at The Moors.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Questions why Cherwell is accomodating Oxford City's unmet need. Highlights existing transport issues in the district which would be worsened with new development. States revision of Green Belt boundaries is not justified.

What is your name? - Name

Flo van Dieman van Thor

What is your organisation (if applicable)? - Organisation

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

States that more warehouse development will not provide more meaningful employment opportunities. Notes there is a lack of focus on culture in the local plan and Bicester in particular.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

Supports the proposed approach but is sceptical about this being carried out in practise.

16: What are your views on our proposed approach to retail development and town centres?

States that new developments should have substantial retail facilities to achieve a 20 minute neighbourhood.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

States that Bicester should not have more development than housing. Suggests a Green Belt around Bicester and utilising Brownfield land more.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Questions lack of small villages on the maps e.g. Wendlebury, Little Chesterton, Caversfield, Launton.

23: What are your views on our suggested policy for affordable housing?

Supportive of the policy as long as it is delivered.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

NorthWest Bicester (allocated for 7000) houses needs to be reduced to ensure a green space for residents.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Opposes NorthWest Bicester allocation due to the intrusion into Bucknell.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

No, promotes brownfield first approach.

33: Are there any alternative housing sites for Bicester you wish to suggest?

Suggests brownfield sites

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Strongly opposes the potential development on green belt land due to problems already with volume of traffic including lorries and parking. The moors already flood without further run off water from further housing.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Suggests rural areas should be protected from development and prioritise green space.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Notes the consultation was poorly communicated and publicised and believes the consultation period of 6 weeks is not long enough. Suggests the document is too large and should be made in an easy read format.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

On core policy 11 and Concern about the declining population of swifts. Promotes installing swift bricks in all new developments.

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

Please provide name of person or organisation you are representing. - On behalf of

1: Do you have a view on the Plan period?

2: How could we improve the presentation of the Plan?

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors due to the wildlife present, flood risk and the impact the development would have on local services and road pressure.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Accepts the proposed aspirations for Kidlington but promotes the area for investment.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Concern over the 450 houses proposed at SE Woodstock due to the increased pressure on the A44.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Promotes the need for Oxford City to identify alternative housing sites to meet their need.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

Believes there are enough employment sites across Kidlington already.

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

No

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

Objects to the adjustment of Green Belt boundaries due to the impact on wildlife.

48: Should land for employment use be identified at London Oxford Airport?

No

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

Highlights the importance of Sandy Lane and opposes its closure. Active travel options are not as feasible for elderly population.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

Sandy Lane should be safeguarded for vehicular traffic and the closure does not support the Kidlington area strategy.

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

Notes the local plan misrepresents the Yarnton parish boundaries. Welcomes the extension of health care services and sports facilities at the planned secondary school.

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Notes support of aspiration to support renewable energy developments sympathetically with the local environment, promoting utilising brownfield land for solar panels as opposed to greenfield. Suggests that disused sites should be explored for redevelopment

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors as it is an important green space for walking.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

Questions why there is no train station on the line between Kidlington and Begbroke which would support travel and reduce car useage.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Notes the council has overcalculated the housing need compared to the standard method, as is Oxford City's need.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Proposes The Moors and the sites promoted by Kidlington Development Watch.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors due to this being open countryside, rich in biodiversity, and due to issues of access and flooding.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

Opposes revising the Green Belt boundaries.

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Notes there is an excessive allocation of land for employment and not enough to address traffic congestion. Highlights there should be specific policies to prevent unsuitable conversion of buildings and opposes proposed release at Woodstock.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors and promotes brownfield sites over greenfield.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Somerton Parish Council
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
Yes
Please provide name of person or organisation you are representing. - On behalf of
Somerton Parish Council
1: Do you have a view on the Plan period?
The plan is correct to look into the future however does not acknowledge how society is likely to change during this time. Questions how robust the data is which underpins the plan e.g. not using the standard method.
2: How could we improve the presentation of the Plan?
Notes the plan is long, text heavy, and not inviting to read. Suggests utilising pictures and summary bulet point lists. Notes the population levels and projections are not included and this would be useful.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
Notes the Q/a format is helpful.
4: Do you have any comments on the draft Vision?
It covers all key issues.
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

Notes a need for commitment to protect villages from urban sprawl.

6: Do you have any comments on our strategy?

Cherwell should not take Oxford City's overspill until all vacant land and opportunities have been utilised there. Highlights the need for more affordable housing and that new builds should be future proofed for climate change e.g. fitting solar panels as standard. Notes that new development could create flood risk in new areas which needs to be considered.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

This should be a 20% minimum with implications stated explicitly. Promotes a brownfield/ rooftop approach to solar panels.

8: Should we identify further land for employment?

Draft policy on employment land is weaker than the existing policy- should be revisited.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Employment opportunities should be created close to where people live compared to in open countryside with poor links.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

It appears reasonable.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

There should be a compelling need for development on any unallocated sites.

13: What are your views on allowing ancillary uses on employment sites?

Should make best use of potential space and prevent building on unoccupied land.

14: What are your views on our proposed approach to rural diversification?

Appears reasonable but the consequences of additional traffic should be considered.

15: What are your views on our proposed approach to tourism development?

Whilst tourism brings opportunities it is not all welcome e.g. Great Wolf Resort due to impact on local area and surrounding villages (traffic).

16: What are your views on our proposed approach to retail development and town centres?

It is reasonable, retail development should be close to where people live to prevent car useage.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

Agreement and that unnecessary light pollution should be avoided.

19: Do you have comments on the Housing and Economic Needs Assessment?

The HENA overinflates housing needs and Oxford City should meet their own need. Notes the village of Bucknell will be lost to Bicester.

20: Do you have comments on our emerging housing distribution?

Notes this is overexagerrated and the figure of housing should be lower as it is not compatible with the other aims of the local plan. Development should be on brownfield sites.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Welcomes limiting development in rural areas and recategorisation of some villages. Questions if Kirtlington should fall under larger village.

23: What are your views on our suggested policy for affordable housing?

Concern this does not go far enough and promotes more affordable houses in rural areas.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Yes, but the sacrifices would need to be explicit and ratioanlised.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

Yes

26: Would you like to propose any sites for consideration as Local Green Spaces?

Supports the three sites at Bicester which have been proposed for allocation but there should be more.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

Concern of greenfield sites being promoted over brownfield.

27: What are your views on our aspirations for the Banbury area?

Needs to be support infrastructure for the aspirations e.g. traffic flow.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Promotes housing development in the town centre as most beneficial.

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Supportive of the aspirations as long as they accommodate local peoples needs.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

Opportunities should be explored in the existing town centre first. Opposes to greenfield site proposed at the NW and There should be a green space buffer for Bucknell.

33: Are there any alternative housing sites for Bicester you wish to suggest?

Questions the extent to which brownfield sites have been considered.

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

Transport schemes need to be affordable, reliable and available at times required as well as to support connections to rural villages.

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

Proposal for Bicester Green Belt should be reviewed and assessed. Areas of non-coalescence should be created to prevent Bicester sprawl into surrounding villages.

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

Notes promotion of disabled friendly areas.

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Support views on development but is concerned about the impact of traffic on 'open days'.

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Development in the Green Belt should be genuinely exceptional- The Moors does not fall into this category.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

The proposal to remove Green Belt land at Kidlington is unjustified and should be dropped.

48: Should land for employment use be identified at London Oxford Airport?

Yes, only if there is a convincing need and cost/benefit study undertaken.

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

It is unclear why the change to the village boundary is needed.

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

Allocation for 1235 dwellings should be changed/removed until traffic issues have been addressed. Supports brownfield first as long as the infrastructure can support and the impact on nearby villages should be considered.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

Yes but there is a need for more facilities at Heyford Park e.g. health centre, but only after transport issues are addressed.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

Not without further evidence for the need first. Notes the plan should be focused on employment not more homes at Heyford Park.

58: Do you have any comments on the potential allocation at Heyford Park?

Notes brownfield first and the 1235 proposed dwellings should be removed or reduced. Comments need for improvements to pedestrian access around Somerton, The Heyfords, Ardley and the Astons.

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

Not in support of greenfield land for development and not in support of the proposed allocation until infrastructure issues are resolved. Requests a greater focus on the plan to protect pedestrians from traffic in the villages. Questions how the S106 mone

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Rural sites should be protected as much as possible.

62: Do you support our preliminary proposals for housing in our rural areas?

This would be better received if there was not the expectation of taking Oxford City's overspill.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

Impacts on surrounding villages, rural infrastructure, way of life and safety needs to be considered for developments.

65: Do you have any comments on these measures?

Need to include local input.

Do you have any additional comments on the Implementing the Plan Chapter?

Notes implementation and effectiveness should be communicated to the public in tandem with how this is being measured.

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

The plan is bulky, but a summary of key points would be welcomed to encourage wider engagement. Notes a 6 week consultation is not long enough.

4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

What is your name? - Name
Alison Riggs
What is your organisation (if applicable)? - Organisation
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
Please provide name of person or organisation you are representing. - On behalf of
1: Do you have a view on the Plan period?
Notes the length of the plan, and the need for flexibility due to changes in the world e.g. climate change.
2: How could we improve the presentation of the Plan?
The maps should be easier to find.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Notes support of the draft vision.
5: Do you have any observations on our objectives?
The aim should be for carbon positive not net zero.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

New developments should be environmentally sustainable, makes suggestions about how to achieve this.

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Yes

8: Should we identify further land for employment?

No, but public transport to existing employment areas should be improved.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

In agreement as long as public transport is reliable for commuting.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Need for more conviction in the statements within CP4 and that buildings should be carbon positive not just net zero.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Opposes to this.

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Supports the views suggests a bridge over the railway at Sandy Lane to improve links into Yarnton.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors due to the natural impact.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

Yes

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

Areas already removed from the Green Belt should be built on but retain those not yet built on.

48: Should land for employment use be identified at London Oxford Airport?

Yes, and opposes any further expansion of the airport itself.

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

Need for a cycle path along the A4260 to link the Yarnton area better.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

Support for maintaining blue and green corridors through developments and providing access to greenspaces for people.

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

Opposes to proposed development in Shenington with Alkerton due to it previously being refused permission and its proximity to the conservation area, AONB and lack of suitable services.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Walsingham Planning

Are you submitting On behalf of another person or organisation? - Acting for another person/organisation

yes

Please provide name of person or organisation you are representing. - On behalf of

Richborough

1: Do you have a view on the Plan period?

Supports a consideration of a plan period to 2042 or further. NPPF states where there is larger scale developments policies should be set with a vision to look further ahead- 30yrs, this has not occurred.

2: How could we improve the presentation of the Plan?

There should be a list of proposed policies in the plan and it would have been helpful if the maps in the plan used the same mapping as the 205 and 2020 partial review to compare sites and boundaries between.

3: Do you have any comments on our draft proposals for retaining/saving existing policies?

Do you have any additional comments on the Introduction Chapter?

4: Do you have any comments on the draft Vision?

5: Do you have any observations on our objectives?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Do not support the draft spatial strategy as it does not recognise Heyford Park as a sustainable growing settlement within the district. Supports Heyford Park strategy and requests further detail as to how the carbon offsetting fund will operate. There should be a viability assessment of the proposals.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Notes this should not occur. There should be a balance between infrastructure requirements and this should be reflected in an infrastructure delivery plan. The proposed carbon fund is unnecessary and should be deleted.

8: Should we identify further land for employment?

Supports the proposed new employment sites and that the plan should provide housing provision alongside employment sites to reduce travel need.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Welcome the joint working with Oxford City. Notes importance of demonstrating a 5years supply, and it is unclear if this is being delivered.

20: Do you have comments on our emerging housing distribution?

Notes they largely agree with the explanation and proposal to deliver minimum of 25,860 homes by 2040 but believes this should be specified as a minimum. Notes objection to CP34 as the 25860 homes should be a minimum, there should be acknowledgement the unmet needs of Oxford City is unconfirmed, the plan period is likely to be extended after 2040 and there is an insufficient contingency to the projected provision.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Supportive of the approach, in particular Heyford Park being identified as a local service centre.

23: What are your views on our suggested policy for affordable housing?

It is unclear if a viability assessment of the anticipated impact of new policy has been undertaken. Notes more housing is needed to enable more affordable housing.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Concern about CP87 as it does not define measurable triggers to identifying alternative deliverable sites. Notes there is a lack of explanation of the process and timings proposed for review.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

Overall support for the vision.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

Agrees that Heyford Park should be identified as a local service centre.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

Promotes land South of Camp Road, Heyford Park for up to 625 homes. Supports LPR42a for 1235 dwellings.

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

Summary comments of all questions

Concerns that the housing numbers are not fit for purpose (too high); suggests a land strategy should be developed to underpin the plan and if this is not achieved a brownfield first priority should be stated for housing, employment and renewables. Opposes

Obsidian Strategic Asset Management
1: Do you have a view on the Plan period?
Notes the plan period is currently present but will need consideration as the timetable evolves to meet NPPF requirements e.g. extending.
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Support prominence given to delivery of market and affordable housing.
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

States Biodiversity Net Gain above national requirements would have implications which would need to be tested and could affect delivery of other plan objectives.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Largely supportive of focus on Bicester but notes the growth of surrounding villages should be considered.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Notes a distinction in the hierarchy should be made for larger villages which are satellites for Bicester which represent a key opportunity for sustainable growth.

23: What are your views on our suggested policy for affordable housing?

The need for affordable housing supports a housing figure above the standard method.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Notes this would be subject to viability testing.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Notes the best way to deliver sustainable green space is part of market led sites where green space can be delivered alongside local communities.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

Suggests sub-areas of Bicester e.g. Ambrosden should be explored.

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Supports inclusion of a proportion of housing growth in rural areas but suggests there should be a focus on growth in villages connected well to Bicester.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

Land north of Merton Road and off of Arccott Road, Ambrosden.

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Objects to The Moors due to the impact on wildlife and its amenity value.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

Brownfield sites at old St John's Nursing Home, Mill Street.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Recognises the plan adheres to the BNG framework but does not set out how this will be assessed, monitored for compliance with proposals.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Questions how plans for ECO village in Shipton Quarry would coexist with the proposed 300 homes at The Moors. Questions if the proposed housing at SE woodstock would integrate into Woodstick or Kidlington.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

States Thrupp requires investment to ensure its character is protected. Promotes green area in Canal Yard as a local green space.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

Notes the local transport infrastructure is poor and without investment into this, housing development would not bring the intended benefits.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

Supports transitioning to renewable energy but does not support large scale solar farms on green belt land.

52: Do you have any views on the proposed changes to the village centre?

Notes that even though Kidlington has been designated as a service centre it has lost many services and this should be encouraged.

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Notes often S106 proposals are delayed or does not occur so suggests the S106 schemes are started before or with development to ensure they occur.

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

In core policy 3 there should be more emphasis to improve carbon efficiency in the local community including support to retrofit.

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Notes they welcome reference to improving active travel routes for Bicester but notes the local plan does not outline how this will be achieved.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

Concern for NW Bicester allocation and promotes idea of adopting a Green Belt around Bicester to prevent urban sprawl.

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

Walsingham Planning
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
yes
Please provide name of person or organisation you are representing. - On behalf of
L&Q Estates Ltd
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
Should be a section listing the proposed policies in the plan and that it would have been helpful for the mapping to use the same format as the adopted 2015 plan and 2020 partial review to compare sites and boundaries.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

No, as there needs to be a balance. The carbon fund is unnecessary and should be deleted.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Notes they welcome the joint working with Oxford city to form the HEENA. It is unclear if a 5yr land supply can be delivered.

20: Do you have comments on our emerging housing distribution?

The 25,860 homes by 2040 should be a minimum figure and in particular if the plan period is extended past 2040 this should be increased. It should be stated that the unmet needs figure for Oxford City is unconfirmed and that there is not sufficient contingency in the plan.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Supports the settlement hierarchy proposed, in particular Ambrosden as a 'larger village'. Instead of revising the Green Belt, the focus should be on enabling development on the edges of larger villages to spread growth more evenly across the district.

23: What are your views on our suggested policy for affordable housing?

More housing is needed to enable a higher volume of affordable housing.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

A full viability assessment is needed of the policy requirements.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Notes that rural areas should be promoted more for development, particularly the larger villages, to support these areas. Opposition for the release of Green Belt land at Kidlington.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

Land west of Church Ley field, adjacent to Blackthorn road, Ambrosden for 55 dwellings.

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The housing delivery is in danger of not meeting the 5 year supply.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Notes overall support for the spatial strategy but believes Banbury is largely being overlooked and has more potential than 'only limited additional growth'.

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

There should be more growth directed at Banbury.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

Land at Broughton Road, Banbury.

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes to The Moors stating that there are no demonstrable exceptional circumstances for Green Belt release.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

yes
Please provide name of person or organisation you are representing. - On behalf of
Satnam Investments Ltd
1: Do you have a view on the Plan period?
The plan period should be extended to 2045.
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
The draft vision sets out housing is required in rural areas which they support, but this is contradicted later in the plan with policies to reduce rural housing numbers.
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

All suitable sites should be allocated in the plan for development.

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

This should not occur as there is no legal basis for a requirement higher than 10%.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

There is clear justification for the application of an alternative method to calculate local housing need but believes the CE baseline is not a credible representation of need so the ED scenario is best to pursue resulting in a 1526dpa housing need.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Notes support of Bletchingdon being classified as a larger village but the supportive text in core policy 35 is restrictive.

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

The aspirations for development in the rural areas is negatively phrased.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

Land at Station Road, Bletchingdon.

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

A full green belt review should be carried out to support the plan.

Summary comments of all questions

On core policy 38, specialist housing is a critical issue to be addressed through the plan and that the HENA estimation for this is underestimated- there should be land allocated for C2 uses. Notes the housing trajectory should take into account realistic

Please provide name of person or organisation you are representing. - On behalf of
Oxford Universities & Colleges Group
1: Do you have a view on the Plan period?
Supports extending plan period to at least 2042.
2: How could we improve the presentation of the Plan?
There should be more innovation of digital tools to assist involvement. Requests planning policies are listed after the contents in the draft plan with hyperlinks to each policy. Notes the plan is lengthy and could benefit in reduction of size.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Request a proposal to replace all existing policies with the new local plan.
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Supportive of the overarching three themes of the local plan and notes support of the plan vision and objectives.
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Supports the joint commissioning of the HENA but requests the 25,860 homes should be stated as a minimum figure and that the unmet needs of Oxford City should be acknowledged as unconfirmed.

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Supports this strategy.

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

1: Do you have a view on the Plan period?
The plan should be extended to 2045 to allow 15yrs post adoption and flexibility in the plan preparation period.
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Supports improving opportunities and providing access to housing to meet all needs and supports promoting growth at Banbury but this should not be limited.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

There should be a greater role for Banbury in the housing distribution due to the enhanced profile the regeneration will cause.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

yes
Please provide name of person or organisation you are representing. - On behalf of
Banbury Town Council
1: Do you have a view on the Plan period?
Support the plan period but notes there is likely to be confusion to the public by the 2050 vision document being considered almost simultaneously.
2: How could we improve the presentation of the Plan?
Clear to follow.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Appendix 1 is clear about what is to be saved. Requests explanation of the intention behind retained policy Banbury 10.
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Notes support.
5: Do you have any observations on our objectives?
Supports themes and objectives.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Wishes for Banbury strategy to include a comment recognising the need for renewal of many Banbury employment areas.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Difficult to answer generally, and should be site specific.

8: Should we identify further land for employment?

Concern over the lack of allocations at Banbury.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Supports this.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Agrees with allocations at Canalside and Higham way. Core policy 26 should promote redevelopment of existing commercial sites.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Notes desire to see core policy 27 omitted as the wording gives too much encouragement to such development to prevent speculative development.

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

The importance of tourism growth in Banbury needs to be recognised but the overall policy is supported.

16: What are your views on our proposed approach to retail development and town centres?

Supports the overall policy.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

Argue for inclusion of western side of North Bar Street, Horsefair and South bar street and that the primary shopping area should include High Street from junction with Calthorpe Street.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

Notes agreement, but class E use should be defined in the glossary.

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Supports the policy.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Nethercote is not listed so the open countryside policy would apply, which they are supportive of.

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

Supports spatial strategy outlined for Bicester and strategy to deliver improved and enhanced green infrastructure. The omission of reference to Bicester motion in the Bicester area strategy should be revisited.

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

Core policy 73 is limiting and some uses proposed in the coming planning application for restoration and use of Stratton Audley Quarry would not fall under remit of informal outdoor recreation.

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Supports core policy 75 but Stratton Audley Quarry should be incorporated as part of this policy.

Do you have any additional comments on the Bicester Area Strategy chapter?

1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Jai Sidhu
What is your organisation (if applicable)? - Organisation
Gerald Eve LLP
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
yes
Please provide name of person or organisation you are representing. - On behalf of
Merton College Oxford
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

The 4400 homes to help Oxford's housing needs should be supported with commitments to guarantee efficient resourcing resourcing through local plan partial review sites.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

Notes there is further land available e.g. landholding at Pear Tree Services which has been removed from the Green Belt.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Notes support in considering additional sites for employment use and welcomes Kidlington being considered as a local service centre, however, not enough sites are being considered and identified for employment.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

There is scope to increase density on PR6b and that this should be considered a preferable location than The Moors due to its location within the Green Belt.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

--

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

--

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

--

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

Notes objection to proposed 500 houses north of A41 next to Chesterton due to the damage this would result in for the village.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

What is your name? - Name
Rob Kinchin-Smith
What is your organisation (if applicable)? - Organisation
Banbury Civic Society
Are you submitting On behalf of another person or organisation? - Acting for another person/organisation
yes
Please provide name of person or organisation you are representing. - On behalf of
Banbury Civic Society
1: Do you have a view on the Plan period?
The start date of the plan should not pre-date completion or reg19 consultations and that the start date should be the date of formal adoption. Does not support extension of plan period past 2040.
2: How could we improve the presentation of the Plan?
Structure and presentation are good.
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Policy Banbury 6 and Banbury 15 have not delivered high end high employment uses.
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
In support of the draft vision.
5: Do you have any observations on our objectives?
Support the draft objectives but CDC is not empowered to deliver some objectives cited.
Do you have any additional comments on the Plan Vision and Objectives Chapter?

The green agenda would be enhanced by provision of a Civic Amenities site in or close to Banbury to prevent residents having to travel approximately 15 miles to Alkerton.

6: Do you have any comments on our strategy?

Largely in support of the draft spatial strategy but there is no mention of provision for performance space in Banbury which is proportionate to the size of the new community. Notes active travel is not appropriate for those not able e.g. elderly. Support the objective of reducing cross-town traffic through the town centre but this can only be achieved if alternative routes are provided. The SE link road should be committed to.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Yes in principle.

8: Should we identify further land for employment?

In the South of the district but any further allocated land should be protected for high-employment or high-tech uses not B8 warehouses.

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

Comments in support of this.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

Any further allocated land should be protected for high-employment or high-tech uses. Land at Higham Way is suited for residential development.

12: What are your views on our proposed approach towards new employment development on unallocated sites?

Not supportive, as the policy encourages employment-related development on un-allocated sites in contrary to the plan led principle.

13: What are your views on allowing ancillary uses on employment sites?

Notes support in principle.

14: What are your views on our proposed approach to rural diversification?

Notes support in principle.

15: What are your views on our proposed approach to tourism development?

Notes support in principle.

16: What are your views on our proposed approach to retail development and town centres?

Notes support in principle.

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

The primary shopping frontage area in Banbury should include all of High street to Banbury Cross.

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

Class 1 uses should be protected.

19: Do you have comments on the Housing and Economic Needs Assessment?

The methodology is flawed and statistics should consider homelessness and overcrowding. Would welcome self-build provision being encouraged.

20: Do you have comments on our emerging housing distribution?

Concerns about Banbury North of Wykham Lane.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Supportive in principle.

23: What are your views on our suggested policy for affordable housing?

The phrase should be 'social housing' to be clearer.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Market percentages are too high.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

Yes.

26: Would you like to propose any sites for consideration as Local Green Spaces?

Nethercote and Huscote historic landscape.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

Overall supportive but comments active travel will not significantly reduce the towns through traffic. Supportive of brownfield development in principle but questions the sites promoted for their suitability.

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

Concerns about Banbury North of Wykham Lane and an alternative road should be provided. Supports brownfield development but questions suitability of chosen sites.

29: Are there any alternative housing sites for Banbury you wish to suggest?

Surface car parks on Southam Road.

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Supports reducing cross town traffic through the town centre but this is only possible if alternative routes are provided, and the southeast link road should be committed to.

Do you have any additional comments on the Banbury Area Strategy chapter?

Banbury's built heritage should be promoted and that there is a need for a performance space with a greater capacity than The Mill.

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Notes strong support.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

Supports re-opening Kidlington railway station on Oxford-Banbury route.

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

Notes a site for a new Kidlington railway station.

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

A bullet point about ensuring preservation and interpretation of the sites heritage assets.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

Yes.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

Yes but not very large sheds.

58: Do you have any comments on the potential allocation at Heyford Park?

1,235 appears enough new housing and does not support the landowners brownfield first campaign to allow allocation of land for 500 further houses.

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

Notes support.

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Notes support.

62: Do you support our preliminary proposals for housing in our rural areas?

Notes support but only if over 50% of the 500 additional homes are first homes and social housing.

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Core policy 57 is sound but not comprehensive and the numbered list should be expanded. It would be useful for the policy to state that proposals that do not deliver a buildings optimum use will not normally be allowed. Core policy 58 should be strengthened to comply with NPPF and core policy 59 is too weak.

Do you have any additional comments on the Draft Local Plan Review?

Core policy 1 is not consistent with later policies which do not encourage reuse of buildings in the countryside for residential purposes. Core policy 1 is good and the other policies need editing in line with it. Questions if core policies 2 and 3 measures are planned to be conditioned, and core policy 2 is gives no benchmark to judge compliance against. Core policy 18 is unclear as if lighting is necessary it cannot be pollution. Core policy 26 does not include provision for expanding existing employment sites which it should be in support of. Core policy 30 should be reworded so the terminology 'holding' 'farms' 'business' is consistent. Core policy 31 is not clearly worded and questions if all bullet points should be addressed or just one for compliance. Core policy 35 is not clear on conversions within the built limits of villages. No justification as to why core policy 36 is a gross policy not net. Core policy 37 should not apply to self build schemes where the developer is meeting their own needs. Questions why the proposed housing numbers in policies 62 and 68 for Canalside have decreased as the housing should be maximised here. Core policy 71 references core policy 5 which does not make sense, that the Bicester area should be defined to make this easily understood. Supportive of southeast link road to the north of Wendlebury in core policy 72 to improve highway links around Bicester and alleviate pressure on the existing road network. Development policy 9 is poorly worded as it does not make clear what a rural building is.

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

The climate and natural environment objectives could be more ambitious in line with the Oxfordshire strategic vision. Will be difficult to balance strategy of providing housing for all sectors of Cherwell's communities with other parts of the strategy e.g.

1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

Support the recognition of Kidlington/ Yarnton area to deliver sustainable development and help address Oxford's unmet need. Does not consider the land adjoining Woodstock to be justified.

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

Supports the conclusion that the proposed housing requirement is above that in the standard method minimum level. Notes the proposed development in the Kidlington areas is below the identified requirement for 1139 homes.

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Supports the spatial strategy as it recognises the potential for the area to address Oxford's unmet need but notes there should be additional allocations in the area.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Opposes land north of The Moors, Kidlington and land SE of Woodstock

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

14-16 Woodstock Road, Yarnton as this is already removed from the Green Belt.

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Supports the retention of policy villages 5.
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
Local infrastructure should be sensitively scaled up to meet the demand of expanding communities.
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

Support applying 20% in areas but questions what would be sacrificed for this to occur.

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

Notes support of this policy.

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

The number of houses needed has been exaggerated and should be lower as it is not compatible with the other aims of the local plan. Questions the proposed allocation of 1235 homes south of Heyford Park and the 500 homes for rural areas, and asks for justifi

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

Welcome the re-categorisation of Fritwell as a smaller village and that Kirtlington is on the margin of being classed as a larger village due to its loss of a village shop.

23: What are your views on our suggested policy for affordable housing?

Doubt about whether the market can deliver truly affordable housing. Requests a community land trust is included in core policy 40.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Strong support for the policy but dissapointed about the low number. Additional text to be added encouraging neighbourhood plan groups to nominate LGS when able to do so.

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

--

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

--

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

--

48: Should land for employment use be identified at London Oxford Airport?

--

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

--

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

In disagreement with the proposal for future development to be located on greenfield land which is against the councils brownfield first policy.

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

Support it being allocated as a local service centre.

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

Opposes further logistics and employment uses at Heyford Park which generate HGV use until new road infrastructure can be delivered but recognises there may be opportunities for small scale employment here.

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

Supports the strategy but questions the justification for the 500 additional housing in rural areas.

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Full support for core policy 23. Core policy 24 does not mention that Heyford Prk is a brownfield site itself. Supports core policy 38 proposed provision of 60 close care villages at Heyford Park. Questions why in core policy 39 there is no mention on acc

1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

Promotes land at Bretch Hill Reservoir as an omission site for residential use.

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

Promotes Land at Grimsbury Reservoir, Banbury, Former Lagoon at Banbury Sewage Works, Banbury for employment redevelopment as omission sites.

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

Promotes Land at Buckingham Road, Bicester as an omission site for residential use.

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

In support of reviewing the Green Belt boundary here as this is necessary to meet the identified employment needs at Kidlington.

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?

52: Do you have any views on the proposed changes to the village centre?

53: Do you have any views on the areas of change identified?

54: Are there any other opportunity areas or sites that we should be including?

Do you have any additional comments on the Kidlington Area Strategy chapter?

55: Do you have any views on our aspirations for Heyford Park?

56: Do you agree with the local service role for Heyford Park proposed in Core Policy 3?

57: Do you think we should be considering employment uses alongside the potential allocation for more homes in the longer term at Heyford Park?

58: Do you have any comments on the potential allocation at Heyford Park?

59: Do you have any views on the principle of phased development at Heyford Park subject to implementation of the approved masterplan and the delivery of transport infrastructure?

60: Are there any other areas of land that you think should be safeguarded for transport schemes in the Heyford area?

Do you have any additional comments on the Heyford Park Area Strategy chapter?

61: Do you have any views on our aspirations for our Rural Areas?

62: Do you support our preliminary proposals for housing in our rural areas?

63: Are there any potential rural housing sites you wish to suggest?

64: Do you know of any potential new rural employment sites?

Do you have any additional comments on the Rural Areas Area Strategy chapter?

65: Do you have any comments on these measures?

Do you have any additional comments on the Implementing the Plan Chapter?

66: Do you have any comments on the appendices?

Do you have any comments on the supporting technical evidence?

Do you have any additional comments on the Draft Local Plan Review?

Summary comments of all questions

Core policies 1 and 9 are supported in principle but need to be strengthened to ensure water efficiency standard of 110 litres per person per day is met in practice. Core policy 53 is supported in principle but suggests that water infrastructure is such a

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

No objections to the positive aspirations in the draft Kidlington area strategy however the two outcomes must only be brought forward with involvement of landowners affected by such measures.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

No objections to the two draft allocations but hold concern regarding the potential impact development at The Moors would have on their land holding adjacent.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

yes
Please provide name of person or organisation you are representing. - On behalf of
Oxford University Development Ltd
1: Do you have a view on the Plan period?
2: How could we improve the presentation of the Plan?
3: Do you have any comments on our draft proposals for retaining/saving existing policies?
Do you have any additional comments on the Introduction Chapter?
4: Do you have any comments on the draft Vision?
In support of the key aims for the vision and many of the key objectives.
5: Do you have any observations on our objectives?
Do you have any additional comments on the Plan Vision and Objectives Chapter?

6: Do you have any comments on our strategy?

7: Should we seek more than 10% biodiversity net gain if this means sacrificing other requirements?

8: Should we identify further land for employment?

9: We would welcome information from local businesses and landowners that would like to expand or potentially relocate. It will help inform an Employment Land Review and the further consideration of employment land needs.

10: Do you have any comments on our approach of focusing employment development on strategic sites at Banbury, Bicester and Kidlington?

On core policy 25, in support of PR8 but recommends that provision is included to allow for uses reasonably related to ongoing use and expansion of Science Park to be positively considered.

11: What are your views on our proposed approach towards development at existing and allocated employment sites?

12: What are your views on our proposed approach towards new employment development on unallocated sites?

13: What are your views on allowing ancillary uses on employment sites?

14: What are your views on our proposed approach to rural diversification?

15: What are your views on our proposed approach to tourism development?

16: What are your views on our proposed approach to retail development and town centres?

17: Do you agree with the town centre and primary shopping frontage boundaries shown on the plans?

18: Do you agree that only within the primary shopping frontage area E use classes should be protected?

19: Do you have comments on the Housing and Economic Needs Assessment?

Supports the findings from the HENA as it clearly shows why the standard method is not correct for calculating housing need in the area, believes exceptional circumstances required by NPPF are justified. There is potential to deliver a greater amount of h

20: Do you have comments on our emerging housing distribution?

21: Are there any Parish Councils seeking a specific housing requirement for Neighbourhood Plans?

22: What are your views on our settlement hierarchy proposals?

23: What are your views on our suggested policy for affordable housing?

Core Policy 36 risks disconnecting the evidence from the objective and not being justified as despite the HENA recommendations it proposes a rigid tenure split in affordable housing provision; instead, this should be based on identified need and up to date evidence.

24: Would you support maximising the delivery of affordable housing, and in particular the delivery of more social rented housing, if sacrifices were made in respect of other requirements?

Core policy 37 is soundly prepared with a clear positive objective, consistent with national policy- recommends a similar approach for CP36.

25: Do you agree with our approach for assessing the suitability of sites for travelling communities?

26: Would you like to propose any sites for consideration as Local Green Spaces?

Do you have any additional comments on Our Strategy for Development in Cherwell Chapter?

27: What are your views on our aspirations for the Banbury area?

28: Do you think these sites in the Banbury area should be explored further for potential allocation for housing?

29: Are there any alternative housing sites for Banbury you wish to suggest?

30: Are there other areas of land that you think should be safeguarded for transport schemes at Banbury?

Do you have any additional comments on the Banbury Area Strategy chapter?

31: What are your views on our aspirations for the Bicester area?

32: Do you think these sites in the Bicester area should be explored further for potential allocation for housing?

33: Are there any alternative housing sites for Bicester you wish to suggest?

34: Do you agree with the employment sites we have selected at Bicester to accommodate new employment development?

35: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

36: Are there any other transport schemes that you think should be delivered at Bicester?

37: Are there any other areas of land that you think should be safeguarded for transport schemes at Bicester?

38: Is there other green and blue infrastructure you think should be delivered at Bicester?

39: Is there other green and blue infrastructure you think should be delivered at Bicester?

40: Are there any other measures we should be taking to improve Bicester town centre?

41: What are your views on our proposed approach to development proposals at Former RAF Bicester?

Do you have any additional comments on the Bicester Area Strategy chapter?

42: What are your views on our aspirations for the Kidlington area?

Welcome the 4,400 homes at Kidlington.

43: Do you think these sites in the Kidlington area should be explored further for potential allocation for housing?

Supportive of PR6b.

44: Are there any alternative housing sites for the Kidlington area you wish to suggest?

45: Do you agree with the employment sites we have selected at Kidlington to accommodate new employment development?

Welcomes allocation of PR8 Bebroke Science Park and that CP76 The area can expand by 14.7ha not stating the specific land area to do so.

46: Are there any alternative sites to accommodate housing and employment needs that you think are more suitable?

47: Should this Plan adjust Green Belt boundaries in the Langford Lane area in response to recently developed land?

48: Should land for employment use be identified at London Oxford Airport?

49: Do you have any comments on the transport schemes proposed for the Kidlington area?

50: Are there any other areas of land that you think should be safeguarded for transport schemes in the Kidlington area?

51: Do you have any comments on the green and blue infrastructure proposed for the Kidlington area?
