In paragraph 9.18, “side” should read “site”

Agenda Item 10

Application No.: 26/01634/F

Site Name: 1 Heathcote Avenue Banbury OX16 9TP

Additional representations

Summary of additional representations received:

- Make a formal complaint regarding persistent early morning construction noise, in which they refer to construction work starting before 8am and as early as 7am. They say this happens most mornings.
- making a formal request for Cherwell District Council to issue an Article 4 Direction to remove the permitted development rights for 1 Heathcote Avenue, to address “repeated non-compliance with planning controls and consistent disregard for regulatory processes”.
- Leaving permitted development rights in place would allow further unauthorised works, limit proper planning oversight, worsen existing amenity and safety issues, reduce confidence in the planning process, and enable further intensification out of keeping with the character of Heathcote Avenue and the immediate surrounding area.
- As an alternative to the Article 4 Direction that permitted development rights be removed by condition of planning permission to preclude development under Parts 1 and 2 of the GPDO.

Officer response

In relation to the noise complaint, Officers have responded in a Planning Enforcement capacity to confirm there are no planning controls that apply to restrict the hours of operation in relation to this site and that therefore no further action can be taken from a Planning Enforcement standpoint, but that the planning officers have forwarded the residents' complaint to the Council's Environmental Protection team to investigate under noise nuisance related regulations.

In relation to the request Article 4 Direction, officers' comments as follows:

The nature and extent of the proposals as a wrap-around extension and a large dormer means that it is unlikely that any further extension could be carried out under Classes A or B of the property's permitted development rights.

The officer recommendation includes a condition relating to car parking provision, which has the effect of precluding any extension to the front elevation under Class D (porches).

The only development possible under Classes E and F is in / to the rear garden and it is not clear why permitted development schemes under these classes would be more harmful here than at other properties in the area.

It is not clear what the justification is for withdrawing PD rights for rooflights (Class C), chimneys/flues (Class G) or microwave antennae (Class H).

It is not clear what the justification is for withdrawing PD rights for exterior painting and EV charging outlets (Part 2).

Overall, officers consider the request to be unnecessary and disproportionate.

Amended recommendation

In the recommendation, Conditions 9 to 13 replicate Conditions 4 to 8 and are deleted. Also, Condition 5 should refer to drawing 00-ST-01 Rev 03. As such, the recommendation is amended to the following:

DELEGATE TO THE ASSISTANT DIRECTOR FOR PLANNING AND DEVELOPMENT TO GRANT PERMISSION, SUBJECT TO THE CONDITIONS SET OUT BELOW (AND ANY AMENDMENTS TO THOSE CONDITIONS AS DEEMED NECESSARY)
