

Cherwell District Council
Budget Planning Committee

6 October 2015

Business Rates Pooling Decision 2016-2017
--

Report of Director of Resources

This report is public

Purpose of report

To provide members of Budget Planning Committee with an update with regard to participation or otherwise in a business rates pool for 2016-2017.

1.0 Recommendations

The meeting is recommended:

- 1.1 To note this report.

2.0 Introduction

- 2.1 In 2014-2015 and 2015-2016 Cherwell District Council, West Oxfordshire District Council and Oxfordshire County Council entered into a North Oxfordshire Business Rates Pool.
- 2.2 With the right members in a business rates pool the amount of levy can be minimised and a greater amount of business rate income can be kept locally. Without a pooling arrangement in place a levy of up to 50% of the total retained business rate amount can be payable to the Government. Pooling can reduce the levy payable to 0%.
- 2.3 In previous years DCLG issued a Pooling Prospectus in the preceding summer inviting applications for pooling. At this point in time no such prospectus has been issued for 2016-17. We still, however, need to take a decision on whether or not we wish to participate in a pooling arrangement for 2016-2017

3.0 Report Details

- 3.1 The Council has been a member of the North Oxfordshire Business Rates Pool for 2014-2015 and 2015-2016 with Oxfordshire County Council and West Oxfordshire District Council. We are currently reviewing our position with regard to options for

2016-2017 and are in discussion with other authorities in Oxfordshire to determine the optimum composition of the pool.

- 3.2 Cherwell District Council and West Oxfordshire District Council are growth authorities so the amount of levy paid to the Government is minimised resulting in a greater share kept locally than would otherwise be the case.
- 3.3 We are continuing to model various combinations based on the latest figures from all Oxfordshire authorities.
- 3.4 Given the expected requirement to inform the Government by 31 October 2015 of our pooling intentions for 2016-2017 it has been recommended to Executive that the decision on whether to join an Oxfordshire Pool is delegated to the Director of Resources in consultation with the Lead Member for Financial Management. Executive are considering this recommendation at its meeting on 5 October 2015 and officers will update the Committee on Executive's decision at the meeting.

4.0 Conclusion and Reasons for Recommendations

- 4.1 Members are asked to note the detail of this report.

5.0 Consultation

Councillor Ken Atack – Lead
Member for Financial
Management

Councillor Atack is content with the
report.

6.0 Alternative Options and Reasons for Rejection

- 6.1 The following alternative options have been identified and rejected for the reasons as set out below.

Option 1: None: this report is provided for information.

7.0 Implications

Financial and Resource Implications

- 7.1 For the reasons set out in section 3 above it appears likely that the Council's financial interests will be best maximised by participating in a pooling arrangement.

Martin Henry, Director of Resources 0300 003 0102
martin.henry@cherwellandsouthnorthants.gov.uk

Legal Implications

- 7.2 Any business rates pooling arrangement would be the subject of a formal legal agreement and relevant advice would be given in order to protect the Council's interests.

Kevin Lane, Head of Law and Governance, 0300 003 0107
kevin.lane@cherwellandsouthnorthants.gov.uk

Risk Management

- 7.3 Under the Business Rates Retention Scheme Central Government provides a safety net for authorities who fail to achieve their target income baseline. The Government provides recompense to authorities to bring them up to 92.5% of their target income baseline. All billing authorities are therefore exposed to a potential maximum loss of 7.5% of their baseline funding.

As part of a pool, the safety net payments are still set at 7.5%, but because of the combination of baselines of those authorities in the pool the financial losses have to be a lot greater before safety net payments are actually triggered.
