Appendix 3 – Cherwell District Council – Latest Leadership Risk Register as at 14/10/2019

Level of risk	How the risk should be managed
High Risk (16-25)	Requires active management to manage down and maintain the exposure at an acceptable level. Escalate upwards.
Medium Risk (10 -15)	<b>Contingency Plans</b> - a robust contingency plan may suffice together with early warning mechanisms to detect any deviation from the profile.
Low Risk (1 – 9)	<b>Good Housekeeping -</b> may require some risk mitigation to reduce the likelihood if this can be done cost effectively, but good housekeeping to ensure that the impact remains low should be adequate. Re-assess frequently to ensure conditions remain the same.

The resulting vacant deputy SRO role now needs to be filled. This change in Board membership is not seen as impacting the overall Risk assessment. CEDR have approved the Year 2 Plan for Growth Deal delivery. Included in the decision was the agreement in principal to deliver the resources required by the Plan. Having the resourced plan in place will enable the residual risk to be managed downwards. However until the resources are available we consider it appropriate that the risk remains unchanged in this period. The programme is now working to the approved Year 2 Plan with the Programme Board providing appropriate governance and oversight. Whilst confidence is improving the overall low maturity level of the programme means that the Risk level remains at Amber. It is anticipated that should the current trajectory for the programme be maintained the residual risk will improve to GREEN (low risk) within the current quarter.	

## LO4 - Local Plan Risk

The latest Local Development Scheme is that approved by the Executive in December 2018. It includes the programmes for the Partial Review of the Local Plan, the Oxfordshire Plan 2050, a Local Plan Review, the Banbury Canalside Supplementary Planning Document and work on a Community Infrastructure Level (CIL).

# **Partial Review**

A Partial Review of the Local Plan, to assist Oxford with its unmet housing need, was submitted to Government for Examination on 5 March 2018. A preliminary public hearing was held on 28 September 2018. On 29 October, the Inspector advised that the Council could proceed to main hearings. Main hearings were held during the weeks commencing 4 and 11 February 2019. On 13 July 2019, the Council received the Inspector's Post-Hearing Advice Note setting out his preliminary conclusions. In principle, the Inspector is satisfied that the Plan's housing requirement and strategy are appropriate and that there are exceptional circumstances for alterations to the Green Belt. However, he has concerns about proposed development next to Woodstock and suggested that the Council prepare Main Modifications to address this. On 30 September 2019, officers informally submitted proposed modifications to the Inspector supported by associated evidence. In October the Inspector will advise whether or not he is content for the Council to proceed to a six week public consultation.

### **Oxfordshire Plan 2050**

A Growth Deal commitment. The Plan is being prepared by a central Plan team appointed through the Oxfordshire Growth Board. It must be submitted to Government for Examination by March 2020 to meet the existing terms of the Deal. The Council contributes to the plan-making process as a partner with a view to it being adopted as part of the Development Plan upon completion.

Public consultation on an Issues Paper ended on 25 March 2019. A public 'call for location ideas' ended on 12 April. The central Plan team is evidence gathering and scoping 'spatial options' for Plan development. On 24 September 2019, a report was considered by the Oxfordshire Growth Board proposing a new timetable for completion of the Plan. This allows for further stakeholder engagement in Autumn/Winter 2019/20; consultation on a formal Options Paper in June/July 2020; and consultation on a proposed Plan at the end of 2020 with the intention to submit the Plan for Examination in March 2021. Local Plan Review

Work programming and initial preparatory work commenced in Spring 2019 but has had to be put on hold while further work on the Partial Review is pursued. There is a statutory requirement to review Local Plans within five years from adoption (the adopted Local Plan having been adopted in July 2015). The Plan will need to take account of the Oxfordshire Plan 2050 and consequently there are dependencies between the two work programmes.

### **Banbury Canalside SPD**

Work has been stalled due to the need the review the work undertaken to date, particularly in the context of wider business plan objectives, and due to capacity issues within the Planning Policy team. A scope of work has been drafted.

### Community Infrastructure Levy

Not a Local Development Document but a potential means of securing funding for infrastructure to assist overall delivery (should the Council decide to implement CIL). Work on a potential charging levy was paused due to a Government review of
