1. INTRODUCTION

1.1. This Equality Impact Assessment (EQIA) reviews the Statement of Community Involvement (SCI). The SCI sets out who, how and when Cherwell District Council will engage as part of the planning process. This includes preparing key planning policy documents and the determination of planning applications. All local planning authorities are required under section 18(1) of the Planning and Compulsory Purchase Act 2004, to prepare and maintain a SCI.

1.2. The purpose of this EQIA is to assess what impact the temporary changes set out in the draft SCI will have on different sections of the community referred to as the 'protected characteristics' which include:

- Age
- Disability
- Gender reassignment
- Marriage and civil partnership
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation

1.3. Equality Impact Assessments systematically assess and record the actual, potential or likely impact of a service, policy or project – or a significant change in the same – on different groups of people. The consequences of policies and projects on particular groups are analysed and anticipated so that, as far as possible, any negative consequences can be eliminated or minimised and opportunities for ensuring equality can be maximised. This EQIA will be published on the Council's website with the draft SCI.

1.4. This EQIA highlights the steps that have been undertaken to evaluate the potential impact of the publicity arrangements on those in the community with protected characteristics, and what steps have been taken to address any negative impacts. The assessment follows the Council's standard methodology as outlined below:

Stage 1 involves the Initial Screening of the assessment and is intended to check whether the SCI Addendum has an adverse impact on equality groups and identify relevant actions and likely costs/resources associated with any proposed improvement. **Appendix 1** contains the initial screening of the draft SCI.

Stage 2 of the Council's EQIA requires the completion of an In Depth (Full) Assessment if the answer is yes to more than one of the Initial Screening questions.

1.5. Following the initial screening of the SCI it is concluded that an In Depth (Full) Equality Impact Assessment is not required.

Statement of Community Involvement (SCI)

AIMS, OBJECTIVES & PURPOSE OF THE POLICY OR ACTIVITY:

A Statement of Community Involvement (SCI) sets out who, how and when Cherwell District Council will engage as part of the planning process. This includes preparing key planning policy documents and the determination of planning applications.

The aim of the draft SCI is to explain how we will consult and provide information to help encourage community and stakeholder participation in the planning process. The SCI gives the public and stakeholders certainty over the type of engagement expected and the ways they can get involved. The SCI sets the framework for planning-related consultation which will enable us to demonstrate how we have met and, in some cases, exceeded statutory requirements.

We must comply with the adopted SCI in preparing relevant planning policy documents and in determining planning applications.

PLEASE LIST THE MAIN STAKEHOLDERS/BENEFICIARIES IN TERMS OF THE RECIPIENTS OF THE ACTIVITY OR THE TARGET GROUP AT WHOM THE POLICY IS AIMED:

The SCI sets out how planning applications and planning policy documents are publicised and explains how responses could be made, therefore this could have an impact on all those that live and work in the district. The main stakeholders are, therefore, the Cherwell community and those with an interest in the Cherwell District. These include residents, local businesses, stakeholders, staff, and partners.

IF THE ACTIVITY IS PROVIDED BY ANOTHER DEPARTMENT, ORGANISATION, PARTNERSHIP OR AGENCY ON BEHALF OF THE AUTHORITY, PLEASE GIVE THE NAMES OF THESE ORGANISATIONS/AGENCIES:

In addition, we will make hard copies of documents available at request, consider holding virtual meetings and utilise disability networks/organisations from the consultation database to promote information.</p> <p>The SCI could act as a barrier to people on low incomes due to digital inequality. Research confirms that low income households have lower rates of in-home internet connectivity compared with higher-income groups. People on lower incomes are also more likely to depend exclusively on non-contract smartphones and other handheld devices to access the internet in the home and therefore may not have the ability to download large documents. This is mitigated through internet availability at libraries and other locations where internet access is provided and by inspection copies of the documents being made available at Bodicote House (and libraries for planning policy documents) within the District when publicly accessible and during advertised opening hours. There is also an option to contact the Planning Department for assistance or to request information in an alternative format.</p> | |
| 9 | <p>Is the proposed policy or activity likely to have a negative effect on our relations with certain equality groups or local community? If so, please explain.</p> <p>The SCI aims to remove barriers to participation in the planning process. Where barriers to participation have been identified, the Council have put measures in place to mitigate against any negative effects.</p> | N |
| 10 | <p>There has been no consultation with equality groups about this policy or activity? Answer yes if you agree with this statement. If there has been consultation, please list the equality groups you have consulted with:</p> <p>The draft SCI was subject to a six-week period of public consultation in summer 2021. A final SCI has been prepared taking into account representations received from the public consultation before being presented to Members for approval.</p> <p>The Council's EQIA contact officer was consulted on the preparation of this EQIA.</p> <p>It is considered that all sectors of the community still have the opportunity to have their say in how their community is planned and developed, irrespective of age, sex, ability, ethnicity, background or disability as a result of the measures contained in the draft SCI.</p> | N |
| 11 | <p>Has this assessment missed opportunities to promote equality of opportunity and positive attitudes?</p> <p>No. The Council will continue to encourage the participation of all sectors of the community in the preparation of planning policy documents and consultation of planning applications.</p> <p>The SCI promotes the use of a range of engagement methods in order to reach local people, local businesses and other key organisations and stakeholders.</p> <p>In order to promote equality of opportunity for young people the Council will continue to use social media as a means of involving the community in planning policy.</p> <p>Research suggests that young people are difficult/reluctant to engage in the planning process. Social media is a popular means of interaction for young</p> | N |

These may be held in person or virtually. Overall, the aim of this is to advance equality of opportunity to respond to consultations.</p> <p>The SCI helps to foster positive attitudes by ensuring that the Council is open about how it will engage with the community in the delivery of its planning function, thus removing barriers to participation in the planning process.</p> | |
