A feeling of discontent amongst the Committee regarding the volume of information relating to the consultation, and the length of time Members had to go through it (acknowledging that it was within statutory legal timescales for agenda publication but not ideal). The Committee felt unable to sufficiently scrutinise the documentation in the available time. 2. 	<ol style="list-style-type: none">6. In relation to Policy Option 01: Sustainable Design and Construction, the removal of caveats such as 'this policy would be subject to viability and deliverability testing' (Committee supplement part 1, page 52) as they could be used as 'get outs' by land owners/developers later in the plan process7. Concerns around the Oxfordshire Growth Needs Assessment documents and the accuracy of the figures8. Natural growth is not referred to through the document, trajectory graphs provided are all straight lines and do not seem to take account for natural growth to decrease as well as increase.9. Within Policy Option 10 – Green Belt (Paragraph 258, Committee supplement 1 page 89), National Planning Policy Framework guidelines are frequently referred to but the messages are mixed. In some cases there seems to be a suggestion of making it easier to build on Green Belt, and in others discussion is around enhancing Green Belt.
