

Appendix 3 – Leadership Risk Register as at 22/02/2022

Level of risk	How the risk should be managed
High Risk (16-25)	Requires active management to manage down and maintain the exposure at an acceptable level. Escalate upwards.
Medium Risk (10 -15)	Contingency Plans - a robust contingency plan may suffice together with early warning mechanisms to detect any deviation from the profile.
Low Risk (1 – 9)	Good Housekeeping - may require some risk mitigation to reduce the likelihood if this can be done cost effectively, but good housekeeping to ensure that the impact remains low should be adequate. Re-assess frequently to ensure conditions remain the same.

Cyber security incidents are inevitable. The only way to manage this risk is to have effective controls and mitigations in place including audit and review. The controls and any further controls will not reduce the potential impact should the risk occur e.g. if we were subject to a ransomware attack the effect on the council could be catastrophic. We do have controls in place to prevent this happening and plans to deal with and recover from such an incident should it occur. The controls in place have reduced the probability from 'probable' to 'possible', we don't believe that this is reduced further to the point of it being 'unlikely' as it is possible we could be subjected to either a cyber incident or data breach within the Council. The National Cyber Security Centre (NCSC) advise an increased risk of cyber-attack due to escalating tensions in Eastern Europe. L03 - Local Plan Risk

The latest Local Development Scheme is that approved by the Executive in September 2021. It includes the programmes for the Oxfordshire Plan 2050, a Local Plan Review, the Banbury Canalside Supplementary Planning Document and work on a Community Infrastructure Level (CIL).

Oxfordshire Plan 2050

A Growth Deal commitment. The Plan is being prepared by a central Plan team appointed through the Future Oxfordshire Partnership. The Council contributes to the plan-making process as a partner with a view to it being adopted as part of the Development Plan upon completion.

An options consultation was undertaken in Summer 2021. The timetable for the Plan (agreed by the Oxfordshire Growth Board on 24 November 2020), provides for a proposed Plan to be consulted upon in Spring 2022, the submission of the Plan for Examination in September 2022 and its adoption in 2023. The Plan covers five Local Planning Authority areas, is not under the immediate control of Cherwell officers and can be affected by wider regional influences. There is therefore continuing risk of some delay and the timetable is under review.

Local Plan Review

The timetable for the Local Plan Review in the Local Development Scheme is as follows:

- District Wide Issues Consultation (Regulation 18): July - August 2020
- District Wide Options Consultation (Regulation 18): October - November 2021
- Consultation on draft Plan (Regulation 18): June/July 2022
- Consultation on Proposed Submission Plan (Regulation 19): January - February 2023
- Submission (Regulation 22): May 2023

An issues consultation was prepared and completed in 2020. Consultation on an Options Paper was undertaken from 29 September to 10 November 2021. The timetable for completion may need to be reviewed in the light of a new Oxfordshire Plan programme.

Banbury Canalside Supplementary Planning Document

The timetable for the Banbury Canalside SPD as set out in the Local Development Scheme follows that for the review of the Local Plan. It requires:

- preparation and engagement: May 2023 (onwards)
- formal consultation: February-March 2024
- adoption: May 2024

Community Infrastructure Levy (CIL)

The timetable for CIL as set out in the Local Development Scheme is aligned to Local Plan preparation (unless national policy changes). It requires:

- evidence gathering and engagement: June-July 2022
- preparation of draft charging schedule: July-December 2022
- consultation on charging schedule January-February 2023
- potential (if approved) submission of charging schedule: May 2023
